PLEASE READ CAREFULLY:

We can restore your damaged photographs whether it be water damage, tears, sections missing, adding and subtracting people and much more.

Photo Restoration pricing ranges from as low as \$9.99 to exceeding \$99.99 PER PHOTO depending on the amount of work and time needed.

Scanning prices ranges from \$7.50 to \$25.00 and more depending on size of your original and quantity. Scanning is mandatory to start working on your order. We must scan your photograph in order to do photo restoration.

Please mail us your photograph(s) so one of our skilled lab technicians can generate an accurate price quote for your order. We must physically see the photograph to determine how much work and time will be involved for your order. We CANNOT quote over the phone or email without your photos in hand. You will be contacted once your price quote has been generated. We DO NOT restore your original photograph(s). They will be scanned and digitally restored to make reprints from. Your original photograph(s) will be returned to you in the same condition.

Below is pricing for prints of your restored photographs(s). Follow the steps accordingly.
