We can scan large quantities of your 35mm or APS negatives and digitize them. Your negatives are scanned at a high resolution in a JPEG format. The pricing is by the negative strips. A majority of 35mm film was cut into strips of 4 or 5 frames and sleeved. APS rolls were never cut so the entire roll is counted as one strip. Single 35mm negative frames are not included in this shoebox scanning pricing. Please refer to our negative scanning form for single cut 35mm negatives frames.

1 Checkmark the type of film you are sending us below and write the quantity.

For 35mm: Quantity is by the strip For APS: Quantity is by the cartridge
