

Movie Film Transfers

Includes film cleaning and removes hair and dust for a clear picture.

If you have three or more 50-foot reels, they are spliced onto 200 or 400-foot reels, repairing any film breaks and broken splices. Each reel will be labeled, indicating which 50-foot reels have been spliced onto it. Empty reels/boxes with writing on them will be returned.

The film is processed by Digital Transfer Broadcast quality cameras, telecine projectors, and an exclusive digital enhancement process. Also, any blank scenes are edited from your transfer.

The movies are reviewed, scene by scene, and adjusted for the best possible picture using Professional Vector Scopes and Wave Form Monitors to get the best lighting and color enhancement possible.

Title Opening or Closing (i.e., "The Smith Family Memories") - Up to 3 lines of text, 24 characters or spaces per line.

Background Music - Easy listening music is provided, or you can supply your music on CD*.

A personalized custom DVD imprint will be printed on the face of the DVD with a deluxe storage case.

Movie Film Pricing

- ☼ Up to 400 feet to DVD from Regular 8mm, Super 8mm, and 16mm (Sound and Silent/Optical or Magnetic) - \$96.00.
- ☼ Each extra foot after 400 is 24¢ a foot.
- ☼ Additional DVDs - \$14.95 for the 1st copy. \$12.95 for up to 9 copies. \$10.50 for up to 20 copies or more.
- ☼ Movie film to High Definition, up to 400 feet is \$160.00. Each additional foot after 400 is .40¢ a foot.
- ☼ Optionally, add \$19.99 for an MP4 file to a USB thumb drive.

Photo Transfers

When you prepare your prints for scanning, they need to be loose, not mounted/framed, and not in any album. The photos are scanned by size and orientation (horizontal or vertical). If there is a sequence, please have them labeled and packaged in groups of 40.

- ☼ Up to 300 prints from 2x3 to 8x10 are scanned and archived as a JPG file to a USB thumb drive. - \$99.99 Each additional print after that is .25¢ each.
- ☼ Then select from one of the Video Packages - a \$70.00 Basic Video, a \$95.00 Album Video, or a Custom Dedication Video (call for pricing.)

Audio Transfers

- ☼ Transfer audio cassette, reel-to-reel audio tape, and micro cassette to audio CD. \$40.00 per 1/2 hour of audio.
- ☼ Service includes editing blank sections longer than one minute and enhancement to remove background noise as much as possible.
- ☼ For an additional \$19.99, the audio file is transferred to an MP3 file archived on a USB thumb drive.

Slide Transfers

When you prepare your slides for scanning, if you have Kodak Carousels Trays, either 80 or 140 trays, the slides must be pre-loaded to scan in the horizontal position. Otherwise, securely create stacks of 40 with loose slides and rubber bands for each stack. There is a \$25.00 fee for every 300 loose slides not prepared accordingly.

- ☼ Up to 30 slides are scanned and archived as a JPG file to a USB thumb drive from 2x2 slides, including 35mm, 126mm, or 110mm format - \$49.99 minimum. Each additional slide after 30 is \$1.00 per slide.
- ☼ Then select from one of the Video Packages - a \$70.00 Basic Video, a \$95.00 Album Video, or a Custom Dedication Video (call for pricing.)
