# Our Purpose

Thank you so much for expressing an interest in Little Blue Door, we are delighted that you would like to get to know us a bit better.

Very early on in my child care career, a close friend of mine asked me 'What is it that you love about what you do?' and I remember responding with 'I just love developing little minds and making a difference to children's lives'.

Many years on, this still holds true and has really helped me shape 'Our Why'. Any business should be able to easily and confidently articulate their 'why' but that is never more important than when loving and caring for children. So for us, it's pretty straight forward.
