Contractor of the Year Awards: Supplier of the Year, Pilot Thomas Logistics

By [VEGAS INC staff](#) ([contact](#))

Thursday, October 22, 2020 - 2 a.m.

206

Pilot Thomas Logistics, formerly Haycock Petroleum, has been part Nevada's development for the past 58 years. Currently serving 31 states, Nevada remains the home base of where it all began.

Pilot Thomas Logistics provides fuel (diesel, dyed, gas and racing fuel), lubricants (commercial and industrial oils), propane, fuel cards and on-site fueling and services. Over the years, the company has provided premium petroleum products and services to every construction company in the state of Nevada. Pilot Thomas Logistics is certified as a Chevron 1st Source Elite Marketer, a distinction only a small percentage of marketers receive.

The company prides itself on providing exceptional customer service, as seen in the relationships it has built over the years. "There have been many times Pilot has been asked to deliver product on an urgent basis and to date, it has never missed a deadline or had any issues with deliveries to the site, which is about 90 miles from Las Vegas," said Aaron Barrie, senior material planning and control specialist with Nevada National Security Site. "Regardless of what we have asked for or what challenges we have thrown their way, they have always stepped up to the plate and we consider them a highly essential business partner."
