Ultra Stack and Hang Bins

PERFORMANCE FEATURES:

- Available in 19 sizes
- Standard colors: Blue, Green, Ivory, Red, Yellow, Black and Clear
Pink color is available in select sizes
(additional colors available on request, subject to up charge and minimum runs)
- Bins are made from heavy-duty, virgin, high density FDA approved polypropylene
- Large label slot provide easy label insertion and parts identification
- Extra wide stacking ledge assures stability for high stacking
- Reinforced design adds strength and prevents spreading
- Will not rust or corrode, unaffected by weak acids and alkalis, and are waterproof
- Autoclavable up to 250°F
- Interchangeable with other manufactured brands of bins

- 1 Full width hanger supports bin when hanging from louvered panels or rails
- 2 Reinforced rib design adds strength and prevents spreading
- 3 Extra-wide stacking ledge for secure stacking
- 4 Large front label slot allows larger bar code scanning and content identification
- 5 Anti-slide stop prevents stacked bins from shifting forward
- 6 Optional dividers increase storage options
- 7 Optional windows maximize storage capacity, prevent spillage and protect parts from dust and dirt

HEAVY-DUTY LIFETIME USE

Bin Dimensions Guide
L (length) W (width)
H (height) X (inside length)

Organize your inventory with these strong bins, manufactured of FDA approved materials. Front, back and side grips for easy handling. Built-in rear hanger allows bins to hang from louvered panels or rails. Optional clear injection molded crystal styrene window front increases bin capacity and provides quick view of bin contents. Dividers maximize flexibility and keep contents organized. Wide stacking ledge and anti-slide lock keep stacked bins steady and prevent forward shifting. Water, rust, and corrosion proof. Easily cleaned with soap and water and impervious to most chemicals. Large molded front label slots for ID labels. Autoclavable up to 250°F and resistant to extreme cold. Guaranteed not to break or crack under normal load conditions. Available in 8 colors. See pg. 22 to order Clear Bins.

9 SIZES AVAILABLE

Exclusive! Mesh Stack and Hang Bins

New patented Wire Mesh Bins are an industry exclusive. Our innovative mesh design offers a nickel-chrome finish and a 3/8" x 3/8" grid pattern allowing complete visibility of the bin's contents. This unique mesh pattern provides a dust and dirt free storage environment. Ultra strong design allows for superior hang capacity perfect for industrial parts storage or anything where hang capacities are vital. Available in 9 popular sizes, Quantum's Mesh Bins feature a rear hanger that allows them to hang from any louvered wall panel or rail system and optional side hanger which allows bin to stack one on top of the other. The open hopper design allows for easy picking while allowing visual access to stored contents. Two optional label holders are available for all Mesh Bins. **Finish:** Chrome

Ultra Hanging Louvered Panels

Quantum Ultra bins will hang on louvered panels in a wide range of configurations designed to meet all application needs. Use the system best suited to your needs with your choice of Ultra Bins. Systems are formed from heavy-duty 16 gauge cold rolled steel and have a Gray or Oyster White powder coat finish which ensures years of heavy-duty use. Louvered panels may be mounted on any suitable wall surface. Fasten securely to assure adequate load bearing.

Clear-View HULK 24" Containers

Organize and store your large and bulky items with these strong injection molded tri-clear polypropylene, stackable containers. These extra large stacking containers offer a generous 2 feet in length to store your larger items. Heavy-duty front, back and side grips allow for easy handling. Clear window fronts & dividers available on **pg. 36**. Wide stacking ledge and anti-slide lock keep stacked bins steady and prevent forward shifting. Waterproof bins resist rust and corrosion. Bins are autoclavable up to 250°F and are resistant to extreme cold.

Available in: ● Clear

Conductive Ultra Stack Bins and Dividers

Protect your electronic components from typical electromagnetic interference (EMI), electrostatic or induced fields with these conductive polypropylene bins. The conductive material provides a barrier which these fields cannot penetrate and prevents the build-up of electrostatic charge. Bins are permanently conductive and are unaffected by washing with normal cleaners. Molded from a carbon filled copolymer polypropylene material with a electrostatic decay rate at less than 0.1 second that meets conductivity standards as tested with ASTM-D257 methods. Its surface resistivity is less than 10^5 Ohms-per square. Easy access to stored items with hopper front bin and label holder provides fast identification. Reinforced side walls and wide ledge allow high stacking on benches or shelving. Be sure all units are properly grounded according to your use. Color is Black.

LARGEST CONDUCTIVE SELECTION AVAILABLE ANYWHERE

CUSTOMIZE YOUR OWN UNIT

1. Select the hanging unit of your choice.
2. Use the chart above and choose the bin that best fits your need.
3. Go to the chart at the bottom of this page and determine how many bins fit on the unit you selected.
4. Place your order for both unit and bins.
