WITH OUR REVSHARE SMARTLINKS & DIRECT LINKS YOU HAVE A CHANCE TO RUN UNIQUE MARKETS!

Revshare was the first business model we started over 10 years ago for all our
products. Right from the very beginning it was a top performing and well-known
business model with all our products.

Today we are having **all products on Revshare** (communities, mainstream and
casual dating). For communities we are having exclusively **white labels**
for Revshare traffic, which will be beneficial for the DACH market.

Top performing traffic is matching one of the best performing cam products within
DACH. Dating is running in **more than 50 countries** and **generating international
traffic**. And, of course, DACH.

Why Revshare? On the long run high quality traffic is essential for a lifetime
and is having **very high lead values** which will be seen in high conversions. We are
developing continuously the products. Due to the pandemic, the community
products had **record breaking months**, even all dating products hit all expectations.

We also offer **unique geos exclusively on RevShare** for our dating products,
like Russia, Ukraine, Brazil, Argentina, Mexico, Japan, Hong Kong and Nigeria.

Let us know when you are ready to make lifetime money with the best performing
products. We are here to support you!
