OUR NAME

Around the time Boy With a Ball was deciding upon a name, we met a young boy carrying around a red kickball. He clung to it as a security object without ever playing with it. Our team saw the boy as a metaphor for the way that so many young people around the world have their lives in their hands without having any understanding of their God-given potential. Our work is to walk with youth into seeing their dreams come true and their lives lived to their full potential.

OUR VISION

To see young people, on every socioeconomic level, in every city and country across the world be reached and developed as faith-filled leaders within their own communities.

A world map with a teal background. Seven locations are marked with colored dots and labeled in white capital letters. Three locations in North America (San Antonio, Atlanta, Boston) are marked with dark blue dots. Two locations in Central America (Costa Rica, Nicaragua) are marked with orange dots. Two locations in Africa (Nigeria, Kenya) are marked with yellow dots.

WHERE WE WORK

7 Teams | 5 Countries | 2 Continents

“

It is here in Enugu,
Nigeria where life change is
taking place. It is here where
a team of passionate people
driven by a force much more
than their own have found
the reason that their heart
beats day to day. It is here
(here being barbershops or
street corners or classrooms
downtown) that Boy With a
Ball finds heart and shines
light because it is here (here
being wherever our feet may
go) that we are called
to work.

BOY WITH A BALL
reaching youth - building leaders

We believe 2017 will be remembered for its change. Between shifting local Atlanta work to Gwinnett County, developing Boy With a Ball Regional Support Organizations, and stabilizing new ways Boy With a Ball serves local churches, in 2017, the Lord refocused our work and led us through transformation that will catalyze the next stages of Boy With a Ball.
