Why Belgotex Sport?

Belgotex Sport is Africa's leading sports surfaces specialist, committed to manufacturing, distributing, construction, installation and the development of innovative sports systems. Our world-class systems are designed to elevate sport, empowering South African athletes to train and compete on surfaces recognised and approved by the world's leading sporting bodies.

- **Proven performance – extensively tested and certified systems**
- **Turnkey solution – design, construction, manufacture, installation and maintenance**
- **Extensive project portfolio in both professional and amateur sport**
- **Dedicated to environmentally friendly systems**
- **In house expertise on installation**

Alongside each world-class sport system, our specialised construction company offers a full turnkey service, providing R&D, topographical surveys, design, installation, performance testing and maintenance.

We'll even take care of your lighting, fencing, irrigation, paving and other ancillary items. Plus, we train your ground staff and then work with them to ensure the quality and longevity of your turf.

FIFA and RWC Approved

Belgotex Sport has partnered with GreenFields, a FIFA and World Rugby Preferred Producer that meets the stringent, professional standards that ensure football and rugby turf systems adhere to quality, performance and safety standards.

- Number of local pitches installed: 108
- Number of international pitches installed: 1464

GreenFields

- Most FIFA certified fields worldwide
- Preferred supplier for FIFA
- Over 3,000 fields installed

Football

The beautiful game is the world's most popular sport, and so it's crucial that Belgotex Sport drives innovation in football turf systems by offering playing surfaces for players to perform at their peak.

GreenFields Slide Max Pro 60

Perfect for High-Use Pitches That Require High Performance Play

Football is the most popular sport in the world. From grassroots to the professional leagues, artificial football pitches are becoming more popular given their year-round playability. Belgotex Sport's artificial turf systems are manufactured to meet FIFA specification and enhance player experience, offering a turnkey solution from the civils to the accessories essential to the functionality of the pitch.

GreenFields Slidemax fibre is designed in a ribbed diamond shape to provide an advanced, ultra-durable turf with exceptional playing characteristics and a natural visual appeal. The product is extremely resilient, offering an extended life for high-trac pitches. GreenFields Slide Max caters to all skill levels and is ideal for amateur and semi-professional clubs that require a high-quality playing surface. Consistently outperforming on the Lisport test machine, it sets the market standard in durability.

Key Benefits & Performance

Belgotex Sport's innovative systems have been tested extensively to meet all necessary regulations and have been proven to maximise playing characteristics.

- Ultra-Durable (high-intensity diamond fibres)
- Natural Look (duotone fibres)
- Resilient (high-density and high-elasticity fibres)
- Reduced Infill Splash
- High Comfort and Safety (diamond shaped yarns)
- Low Maintenance

Rugby

Growing in popularity around the world, Belgotex Sport's international turf partner has worked with international rugby clubs to develop and install high-quality artificial sports turfs.

GreenFields Slide Max Pro 60

Perfect for High-Use Pitches That Require High Performance Play

With rugby's growing popularity and more games being played on artificial turf, GreenFields has developed an innovative system for the rugby market. Our full turnkey service manufactures, constructs and installs pitches that are endorsed by World Rugby, with low maintenance costs helping them to become the preferred surface.

GreenFields Slide Max fibres are designed in a ribbed diamond shape to provide an advanced, ultra-durable turf with exceptional playing characteristics and a natural visual appeal. The product is extremely resilient, providing an extended life for high-traffic pitches.

Ideal for amateur and semi-professional clubs that require a professional, high-quality playing surface, GreenFields Slide Max consistently outperforms on the Lisport test machine and sets the market standard in durability.
