— The Indoor System

Why Belgotex Sport?

Belgotex Sport is Africa's leading sports surfaces specialist, committed to manufacturing, distributing, construction, installation and the development of innovative sports systems. Our world-class systems are designed to elevate sport, empowering South African athletes to train and compete on surfaces recognised and approved by the world's leading sporting bodies.

- **Proven performance – extensively tested and certified systems**
- **Turnkey solution – design, construction, manufacture, installation and maintenance**
- **Extensive project portfolio in both professional and amateur sport**
- **Dedicated to environmentally friendly systems**
- **In house expertise on installation**

Our indoor flooring systems meet the stringent European and American standards for sports floors. We offer an impressive range of high-quality options to suit your budget and sporting needs.

Our flooring systems are easy to maintain and can be resurfaced quickly and economically. The systems are perfect for indoor cricket, hockey, netball, football, volleyball, badminton, and basketball at all levels of amateur and professional play.

Bergo Multi-Sport

Belgotex Sport’s click system offers a high performance solution that’s versatile with the ability to be reinstalled wherever else you may need it. Considering factors such as maintenance, installation, durability, environmental impact, appearance and how it may cater to various sports – the system can be installed and reinstalled in most areas with the level of friction providing stop and-go characteristics best suited for a variety of sports.

An ideal solution for special events, shows and exhibitions – especially where a surface needs to be installed and removed again – this resilient product can be used indoors or outdoors, in all weather conditions, all year round. The unique construction provides adequate bounce and underfoot friction, with the perforated pattern allowing for excellent drainage. Widely used in various tournaments in South Africa and recommended by several sports federations.

Key Benefits & Performance

Belgotex Sport’s innovative systems have been tested extensively to meet all necessary regulations and have been proven to maximise playing characteristics.

- Withstands all climates and environments
- For indoor and outdoor use
- Easy to install and remove
- Requires minimal maintenance
- Correct bounce over the complete court
- Extremely durable
- Subfloor stays ventilated
- All-weather court dries quickly after rain
- Sound absorbing characteristics
- Ideal on worn asphalt or cracked concrete
