

GENERAL CATALOG

2019

Welcome to Pacific Arc

Greetings from Richmond, Texas!

We are pleased to present our new catalog for the 2019 season and hope its new layout and presentation help your business efforts. As you can see, our product offering has grown substantially: new items are spread throughout these pages which include everything from templates, lead holders, mechanical pencils and board covers to vine charcoal, semi-soft pastels, permanent pigmented fine line drawing pens, graphite drawing pencils and solid bamboo easels. That is not all that is changing; we have taken on a new and improved look which will make its way through our packaging over the upcoming year! Be sure to visit our new website, www.pacificarc.us, where you can find all current literature and promotional materials.

For over 35 years, Pacific Arc has striven to bring to market quality products from all over the world at exceptionally competitive prices; these efforts continue. In the near future, watch for additional templates, writing tools, merchandising displays, and most important of all, value you can offer your customers.

Thank you for your patronage over the years; your business is genuinely appreciated. Please feel free to contact us with your input; your opinions, ideas and critiques are always welcome and valued.

Best regards,

The Pacific Arc Team

The logo for Pacific Arc features a stylized, multi-colored arc above the words "pacific arc" in a lowercase, sans-serif font.

HARDWARE

Easels - Solid Bamboo

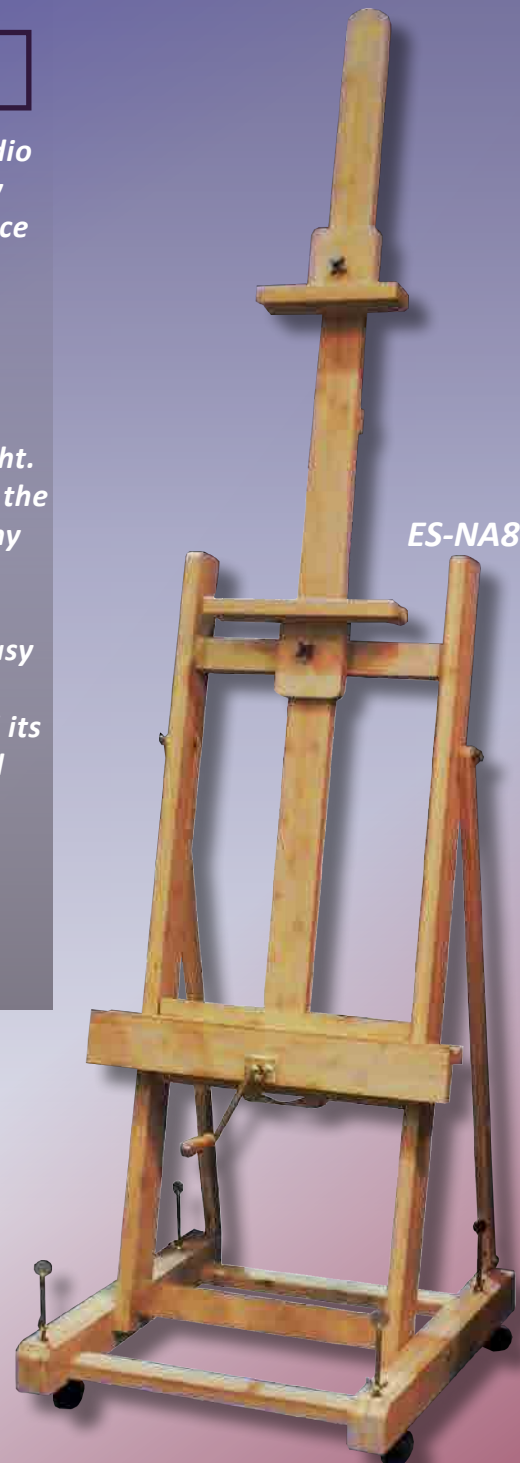

NAVIDAD *studio*

NAVIDAD is the second in a series of full-sized studio easels crafted entirely from bamboo, a completely renewable and highly regenerative natural resource that is practical, durable, strong, responsible, and naturally beautiful.

Featuring a traditional H-style design, NAVIDAD adds a screw crank adjustment for effortless and accurate adjustment of canvas height. With a third center tray, NAVIDAD accommodates the support of any sized canvas up to 89" at almost any height.

Locking casters and four stabilizers ensure both easy relocation and solid support. Sturdy and stunning, the natural bamboo finish glows with a beauty all its own, making NAVIDAD a welcome, thoughtful and useful addition to any artist's studio.

Packages individually with minimal assembly required (no tools needed).

Easels - Solid Bamboo

studio

PECOS

ES-PE46

New to the line, PECOS (left) offers all the eco-friendly and naturally beautiful benefits of solid bamboo construction in a format ideal for watercolor and pastel artists. Adjustable to virtually any angle, PECOS can be used completely horizontal to accommodate watercolor techniques. The solid bottom provides easily accessible storage for frequently used items.

Accommodates canvas up to 46".

Packaged individually with minimal assembly required.

No tools required.

Simple, affordable and practical, ANGELINA (right) offers artists the beauty and strength of solid bamboo at an extremely affordable price. Featuring a traditional lyre design, ANGELINA easily adjusts both canvas angle and height, accommodating canvas up to 50". Sturdy and stunning, the natural bamboo finish glows with a beauty all its own, and makes ANGELINA a welcome, thoughtful and useful addition to any artist's studio.

ES-SJ66

SAN JACINTO

studio

SAN JACINTO (left) is a traditional single mast full-sized studio easel, crafted entirely from bamboo, a completely renewable and highly regenerative natural resource that is practical, durable, strong, responsible and naturally beautiful.

Featuring a traditional single mast design, SAN JACINTO easily adjusts both canvas angle and height, accommodating canvas up to 66". Sturdy and stunning, the natural bamboo finish glows with a beauty all its own making SAN JACINTO a welcome, thoughtful and useful addition to any artist's studio.

Packaged individually with minimal assembly required (no tools needed).

table top

LEON

Small in size but not stature, LEON (right) combines traditional practicality with eco-friendly beauty. Constructed of solid bamboo, a completely renewable and highly regenerative natural resource that is practical, durable, responsible and naturally beautiful, LEON offers artists with limited space the beauty and functionality of a traditional H-style easel. Accommodates canvas up to 21".

Packaged individually and knocked down: assembly required (basic tools needed).

ET-LE21

Easels - Solid Bamboo

field NUECES

Traditional style and practicality meet eco-friendly materials: NUECES (right) marries the best of both worlds.

Constructed of solid bamboo, a completely renewable and highly regenerative natural resource that is practical, durable, strong, responsible and naturally beautiful

NUECES is styled in the tradition of the renowned French box easel and is the plein air artists dream.

Accommodates canvas up to 34", folds completely into a travel-sized box, complete with leather carry handle.

EF-NU34

EF-FR33H

The NEW 'Frio' solid bamboo easel (left) includes all the benefits of bamboo - stronger than oak, fully finished for a smooth finish that is impervious to the solvents used in artist paints and physically beautiful - but in this half-size traditional French box easel for even easier transport.

Light weight, includes pull-out tool/storage drawer, foldable palette and carry strap. Holds canvas up to 33".

field FRIO

Easels - Solid Bamboo

EF-LL41

field

LLANO

With LLANO (left) you can -and should- take it with you.

Accommodating canvas up to 41", LLANO is easy to set up, quick to take down, and at only four pounds, comfortable to carry.

Sturdy and stunning, the natural bamboo finish glows with a beauty all its own, and makes LLANO a welcome and useful tool for all traveling artists.

Packaged individually with minimal assembly required (no tools are needed).

studio

CONCHO

NEW 'Concho' solid bamboo easel (right) includes all the benefits of bamboo - stronger than oak, fully finished for a smooth finish that is impervious to the solvents used in artist paints, and physically beautiful - now available in the traditional 'horse' studio style. Features pull-out tool/storage drawer, wheels for easy transport, and heavily round seat edges to ensure comfort.

Holds canvas up to 30".

Sold and packed individually.

ES-CO30

Easels - Solid Bamboo

ES-SA76

mobile studio SABINE

NEW 'Sabine' solid bamboo easel includes all the benefits of bamboo - stronger than oak, fully finished for a smooth finish that is impervious to the solvents used in artist paints, and physically beautiful - now available in this mobile easel.

Easily adjusts to any angle from completely horizontal to 90 degrees - accommodating all mediums including watercolor, pastels, oils, acrylics, etc. Folds completely flat and includes wheels for easy transport. Holds canvas up to 76".

Sold and packed individually.

STB-series Portable Drawing Board w/ Parallel Bar

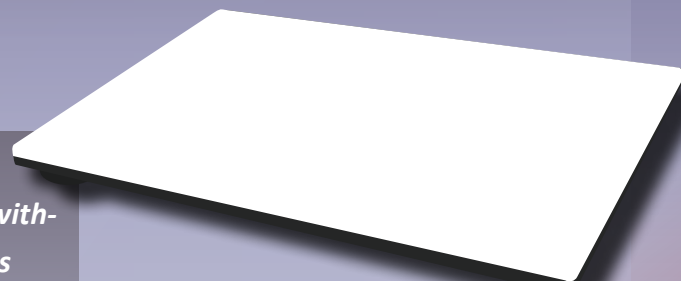

The STB-series features a quality parallel bar mounted to a 5/8" solid core drawing board with a smooth melamine surface. Folding legs and a comfort handle are mounted on the back, allowing for easy transport and use on any level surface. Completely assembled, the STB-series is ready to use right out of the box.

STP-series Portable Drawing Board

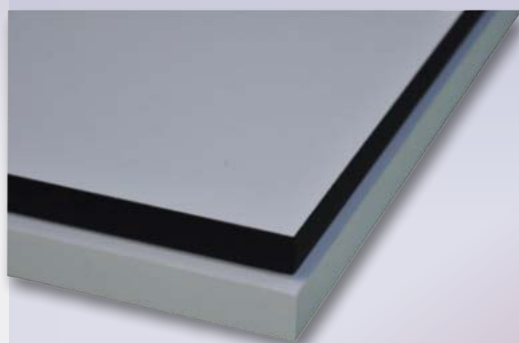

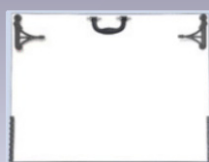

The STP-series has all the features of the STB-series without the parallel bar: full comfort handle, fold-out legs and rubber grips to allow close proximity when placed at the very edge of any flat surface.

Completely assembled, the STP-series is ready to use right out of the box.

DB-series Drawing Board

Solid core drawing boards feature a smooth melamine surface with black band edge. Ideal for all sketching, drawing, art, craft, and professional drafting and engineering applications.

Sketch Boards & Straps

Heavy Duty Field Sketch Boards

Features full 5mm thick masonite boards to ensure a solid work surface when sketching in the field. Clips feature our unique extra heavy springs to hold pads securely in place. Holes in the corners allow the use of our industry exclusive carrying/support strap which allows artists to use both hands while drawing.

HARDWARE

Vinyl Board Cover

Ivory & Green

Makes any work surface impervious to damage!

Vinyl board cover is a thick 5-ply self-healing flexible vinyl material that can be easily trimmed with any sharp knife and mounted to any surface using double-stick tape.

Vinyl Board Cover is self-healing and reversible, giving you twice the working life: simply flip it if need dictates.

Reversible ivory and green. Available in pre-cut sheets, and in 10.5 yard rolls.

Professional - Topaz - TG-series

TG-Series Topaz Triangles

Created from thick pure acrylic: the edges will not break down or feather like inferior polystyrene triangles, making them an even greater value. Subtle topaz tint for easy locating on any surface. Finger lifts in cut-out make for easy gripping. Inking edge.

2 - PA-4003	0.3mm pencil, fits 4mm shaft

Equal Spacing & Pantographs

item PA-1200:12"

Equal Spacing Dividers
are constructed from highest quality stainless steel for years of trouble-free service. Used in form design, model development, textile design, etc., the 11 points create ten equal spaces. Carrying case is included.

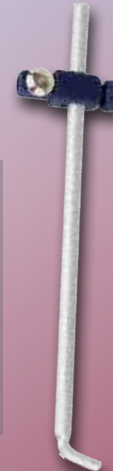

item PA-0600: 6"

Pantograph from Pacific Arc
is constructed from strong, lightweight aluminum and allows for easy reproduction of any drawing to scale or enlarged or reduced up to a factor of 8. Adaptor allows the use of almost any writing tool to be used with the pantograph. 20.75" overall.

Extension Bar

Extension Bar:
fits all Pacific Arc full sized compasses with break leg.

EX-600:
6" for circles up to 12" in diameter.

TEMPLATES

Templates and Lettering Guides

Pacific Arc templates are essential tools made to exacting specifications: all cut-outs are clean and free of imperfections, allowing for the production of perfect circles and ellipses every time. An exceptional value. Blister carded.

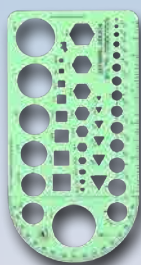

Ames Lettering Guide

Useful, versatile and inexpensive, the Ames Lettering Guide is simple to operate and provides:

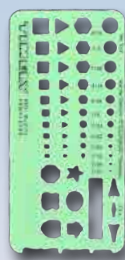

- three different systems of letters most widely used by draftsmen
- drawing the two slope lines - a means of drawing guide lines for letters from 1/16" to 1.5" in height
- for cross-sectioning, drawing brick, siding shingles, etc.

SHARPENING

Pointers & Sharpeners

1110:

Hand Held Rotary Lead Pointer
Goes with you: compact unit features steel cutting blades, lead taper guides on top along with a cleaning pad. Includes extra cleaning pads.

SDP-10:

Sandpaper Pointer Pad
Gets any 2mm lead or drawing pencil to the sharpest point possible. Allows for custom tapers, shapes and points. 12 sandpaper sheets per paddle, 12 paddles per bundle.

315.003:

Miniature Lead Pointers
Small, light and efficient: puts a point on any 2mm lead with ease. Sold in bags of 12

ARTIST RENDERING

Jumbo Water Soluble - Graphite

Jumbo Water Soluble Graphite Sticks are uniquely versatile: use them dry for sketching and drawing both fine and broad strokes, or use them with water and brush for truly dense and matte watercolor effects similar to sumi-e.

Each stick is 4.75" long and 7/16" in diameter and can be used unwrapped for large gestural work. Available in 2B, 4B, 6B, 8B, 10B, and 12B in open stock (3 sticks per box) and in 3-piece sets.

Open Stock (3 sticks per box) Sets (plastic clamshell)

Pastels - Semi-Soft - 7mm x 7mm x 65m

One of the oldest mediums, Semi-Soft pastels are extremely popular in art classes and with artists who love working in traditional sepias, greys, blacks, and whites. Semi-Soft Pastels from Pacific Arc combine unique softness with firm edges to allow a wide range of application to support almost every artist's technique. Made to the highest standards and tested at every level of production, Semi-Soft pastels from Pacific Arc are highly pigmented sticks that are consistently soft and free from imperfections.

Cutting Mat - Heavy Duty - Reversible/Translucent

Cutting Mats from Pacific Arc feature premium self-healing surfaces designed for years of service. Constructed from true 3-ply vinyl, they are graduated for convenience and increased usefulness.

Reversible Black/Green Cutting Mats give you two sides to use, thus effectively doubling the life of the mat.

Translucent Cutting Mats offer artists a non-obtrusive look and affords the placement of documents under the surface for visual reference. Also, they are ideal on light boxes and glass top tables, allowing the introduction of back lighting to your work.

CUSTOM KITS

Available at no extra charge, Pacific Arc offers custom kits assembled to your specifications. Simply fax or email us your supply list and we will send you a quote. If you would like, we can also forward a no-charge sample kit for your approval. All kits are packed in your choice of a clear vinyl zip case or mesh-reinforced zipper case.

(See pg 48 for case options)
