FORMULA RACE PROMOTIONS TECHNICAL BULLETIN 24-01

Use of Flagtronics in-car flag display

January 28, 2024

FRP will be joining Parella Motorsports Holdings (PMH) for all of our 7 events during the 2024 season.

5 of these events will be alongside TransAm or F3/F4 Americas, where the the **Flagtronics** in car flag display system will be used.

<https://flagtronics.com>

FRP encourages the use of Flagtronics, but it will not be mandatory for the 2024 season for FRP entries until further development and availability by Flagtronics of their modular display more suitable for Formula Car installation.
