

# Family Solutions

**Christ Community**  
HEALTH SERVICES

*Providing families with solutions during  
challenging times.*

[www.christcommunityhealth.org](http://www.christcommunityhealth.org)

Family Solutions is a family-based model of care and a division of the Behavioral Health department of Christ Community Health Services.

Family Solutions is available to all Christ Community Health Center and School-Based Health Center patients. Family Solutions is staffed with Licensed Therapists and Psychologists, that offer families a judgment-free zone to navigate the many challenges they may face or may be facing with their children and within the family.

Parents and children will have access to individual counseling, family counseling, and support groups to assist in managing everything from developmental challenges, and trauma to mental health conditions.

For more information,  
contact **Brittany Hart**, Family Care Facilitator,  
at 901-701-2871 or **[Brittany.hart@christchs.org](mailto:Brittany.hart@christchs.org)**
