TO WHOM IT MAY CONCERN

Nanova Pte Ltd, registered in Singapore , has been struck off in 2022 and **Nanova Co Ltd** , registered in Myanmar, is currently providing after-sales service of **scientific and medical equipment** for the customers to keep their instruments in running condition especially for academic and humanitarian purposes since Covid crisis.

Nanova-industrial division is no longer engaged in industrial projects in all areas including **military departments** by gradually scaling down its operation soon after 2015 election and instead ,we start focusing mainly on environmental and personal safety products as demanded by the situation due to Covid pandemic.

Furthermore, **Dr Thiha Nyunt** , leader and main shareholder of **Nanova group** , is currently leading the group to long-term businesses such as development of **organic agriculture** for farm-to-plate safety and security of food supply-chain to families living in Yangon and also provision of **primary healthcare** services to general population for early diagnosis and management of diseases to save lives through its chain of healthscreening and cancer centres.

Dr Thiha Nyunt
