

KX NEO DISSOLVABLE FRAC PLUG

The KX Neo Dissolvable Frac Plug is a high performance 10k pressure rated dissolvable frac or bridge plug.

The KX Neo Dissolvable Frac Plug offers operators the ability to save on their completion costs by reducing the time needed to get the wellbore stimulated and then onto production.

The KX Neo Plug can be easily configured to run as a drop ball frac plug, a caged ball frac plug, or bridge plug.

The KX Neo Plug establishes the industry standard in dissolvable elastomeric technology and provides superior sealing capability during pack off and during stimulation. The body and seal of the plug is completely dissolvable and eliminates the need for milling or drilling of the plug at a later date.

FEATURES

- ⇒ Fracturing
- ⇒ Isolation
- ⇒ Stimulation

STANDARD OFFERING

- ⇒ 10,000psi Pressure Rated
- ⇒ KCL Dissolvable Plug

OPTIONS

- ⇒ Caged Ball
- ⇒ Drop Ball
- ⇒ Bridge Plug
- ⇒ Protective Coatings

Patent Pending
