Aslon[®] Ladder mat

The Aslon Ladder Mat is designed so that when used correctly it minimises the risk of your ladder sliding away. The Aslon Ladder Mat is available in widths of 500, 1000 and 1300 mm.

A blend of high grade rubbers, polymers and catalysts creates the optimum amount of grip. The open structure gives a greater contact surface with the substrate, which guarantees an excellent anti-slip coefficient. The Aslon Ladder Mat has been tested by TNO according to NEN2484.

By manufacturing the Aslon Ladder mat under high pressure and temperatures, we create a product that has a long service life and is able to withstand a high point load. The Aslon Ladder mat is made from an extremely hard-wearing rubber with SBR 70 Shore. The product is 100% recyclable.

Specifications:

Colours:
black

Sizes:
500 x 200 mm
1000 x 250 mm
1300 x 310 mm

Benefits:

- ✓ prevents your ladder from sliding away
- ✓ prevents your ladder from sinking into grass or soil
