The de Koning Family

HOLLANDER & DE KONING

DUTCH STYLE MUSSELS

Bottom-cultivated in the pristine waters of Bar Harbor, Maine, Hollander & de Koning mussels have a fuller and richer flavor than rope-grown and pole-grown mussels. The de Koning family has been growing Dutch style mussels for six generations since 1776. Every mussel is washed, graded for size, de-bearded, and purged of any sand. Enjoy the superior flavor and experience of eating Hollander & de Koning mussels.
