

Dumitru Zamfir

Prior to founding his consulting practice, one that audits and inspects cruise lines hotel and technical operations, food and beverage facilities, and provides HACCP training for customers, Dumitru served as Corporate Sanitation Officer and advisor with Apollo – BSSL and Celestyal Cruises. In that position, he was responsible for maintaining food safety policy, managing public health performances, and implementing public health training; implementing outbreaks control and response protocols, including food borne illness outbreaks investigations with shoreside excursions.

Dumitru's achievements include consulting on international standards that impact cruise companies such as the EUHG, EU SHIPSAN and U.S.P.H.S. Vessel Sanitation Program. He is a certified food safety manager and trainer, and a member of the Charter Institute of Environmental Health, Fellow of Royal Society of Public Health, and Associate of the Faculty of Public Health. He has worked extensively in environmental and public health sciences as an enforcement/compliance officer and consultant specializing in shipboard procedures and protocols. His competency is based on experience in implementing Environmental Health and Food Safety Risk Management Systems and scrutinizing legislative systems in Europe.

Dumitru has specific experience in auditing and training hotel operations and leisure facilities involving: *Certificate of NSF Recognition (Authorization nr 2192 by the Centre for Public Health Education to teach the NSF Health Guard Food Manager Training Course US)*, *Intermediate Food Safety & Hygiene Training CIEH (UK)*, *Advance Food Safety & Hygiene Training CIHE (UK)*, *Certified Trainer for Level 2 Award in Food Safety (UK)*, *Certified Trainer Level 3 Award in Supervising Food Safety in Catering CIEH (UK)*, *Train the Trainer Certificate CIHE (UK) Authorization Nr 24434*, *Registered trainer for delivery of Advance Food Safety & Hygiene (L4) Training with Highfield*, *RSPH Level Two Certificate in Pest Control (Accreditation 100/1631/4 UK)* and *ISO 9001 2008 Lead Auditor Certificate Germanischer Lloyd*.

In addition to his environmental health specialties, Dumitru is multi-skilled in public health education and development, including the implementation of quality-based Risk Management Systems. Dumitru is currently based in Spain undertaking training of Compliance Officers up to senior management program level.
