

Net-Zero GHG emissions Roadmap

The Matcha Initiative						Yearly Action Plans Year xxx Monthly Follow-up																	
# Target (What ?)		Key performance indicator (KPI)	Initial level	Target 2030	Target 2050	#	Actions Plan (How ?)	Key process indicator (KPI)	Target	Sponsor (board)	Pilot (action leader)	Contributors	Timeline 1	2	3	4	5	6 7	8	9	10	11	12
I Mesure & Report Company carbon footprint						1.1	Annual reporting	, ,															
						1.2	Measurement Improvement																
						1.3	Third party certification																
2 Reduce GHG emissions	Energy reduction & efficiency					2.1																	
						2.2																	
	Transport & mobility					2.3																	
	,					24																	
	TTO District					2.5																	
	IT & Digital																						
						2.6																	
	Products and services Design					2.7																	
						2.8																	
	Water & Waste management					2.9																	
						2.10																	
	Supply chain requirement					2.11																	
						2.12																	
3 Carbon Offset	Renewables energy certificate					3.1																	
	Carbon credits					3.2																	
4 Developp climate change awareness in company and support	Awareness & Training					4.1																	
	Carbon governance					4.2																	
	Green financing and subsidies					4.3																	
	Internal Carbon pricing					4.4
