

CEO, CLIMATEFORCE

Recent Experience

2017 – Leadership

Barney skied 1000km over 60 days to the South Pole, hauling a sled with supplies and shelter. Surviving off innovative technologies including a NASA-designed solar ice melter, biofuels made from waste products, and solar-powered batteries.

2018–2022– Business

Diverse employee engagement with public and private sectors. Presented live to 4,000+ students in over 6 countries. Employee engagement programs. Keynotes at WEF, UNGA, and Forbes.

2023 and Beyond – Impact

Currently based in Far North Queensland, Australia, Barney is building a venture to restore 527 acres of the world's oldest rainforest Daintree. Through planting 360,000+ native trees. He co-creates with a growing team of 8 on the farm, 4 board members, and 100's of volunteers.

Barney Swan

Summary

Through a regenerative portfolio, Barney accelerates natural capital, science education, and ClimateTech opportunities. Founder of Australian charity ClimateForce, he currently leads off-grid Research and Development projects around biodiversity, innovations and agriculture solutions. Barney has managed complex expedition programs in 8 countries, including the Arctic, Tanzania, South Atlantic and Patagonia. He is highly adaptive within corporate, institutional and remote environments thriving alongside diverse cultures.

Brand Collaboration

REVIEWS

"As the testing ground for many of history's greatest leaders, it was very fitting to have met Barney in Antarctica and to see first-hand his passion towards sustainability."

Sam Edmonds

Intrepid Antarctic Operations

"He unites people behind the cause and drives impact through diligent project management, accessible solutions and effective project management."

Daniel D'hotman

McKinsey Consultant

"Barney is an exceptional young leader who is committed to making a scalable positive difference to the world around him."

Paras Loomba,
Founder, GHE

"He presents with extreme exuberance, it makes you feel his sense of purpose and passion."

Tom Weirich

CohnReznick Capital
