#### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of New Opportunities Charter School Los Angeles, California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the New Opportunities Charter School (the "Charter"), which comprise the statement of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended; and the related notes to the financial statements.

#### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Charter's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Charter as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Emphasis of Matter - Change in Accounting Principle**

As discussed in Note 1, the Charter began the implementation of the provisions of Financial Accounting Standards Board Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities as of fiscal year 2018-19. The requirements of ASU 2016-14 have been retrospectively applied to all periods presented. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of New Opportunities Charter School taken as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

# Other Reporting Required by Government Auditing Standards

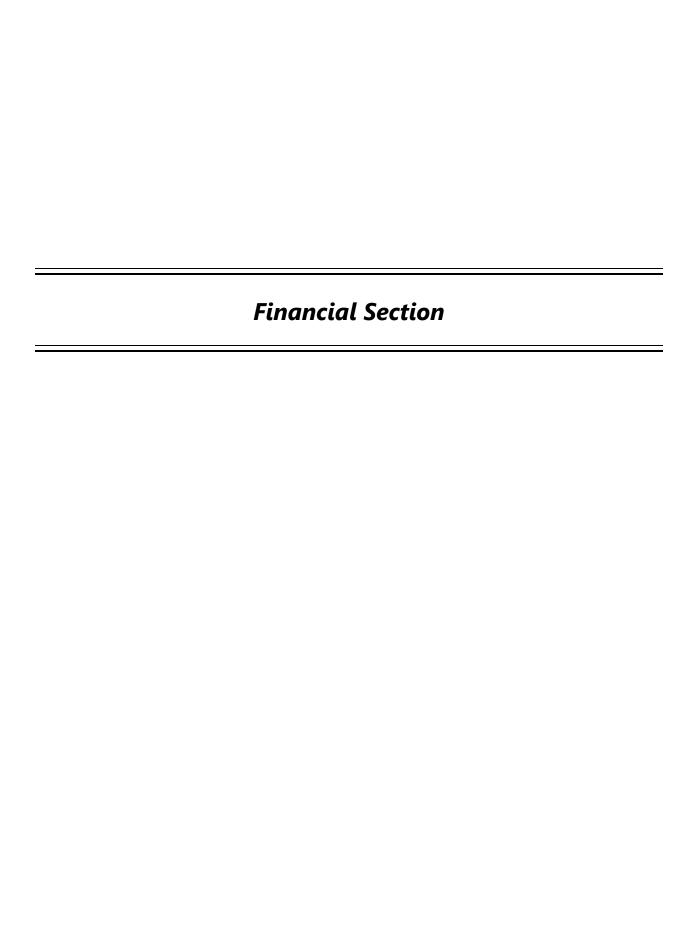

WOL, Certiful Pellic Accountants

In accordance with Government Auditing Standards, we have also issued our report dated December 4, 2019, on our consideration of the Charter's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Charter's internal control over financial reporting and compliance.

#### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

## **New Accounting Pronouncement**

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for Profit Entities whereby significant changes were proposed in seven areas: net asset classes, liquidity and availability of resources, classification and disclosure of underwater endowment funds, expense reporting, statement of cash flows, investment return, and release of restrictions on capital assets. The amendments in ASU No. 2016-14 are effective for annual financial statements issued for fiscal years beginning after December 15, 2017. The Charter began the implementation of the provisions of Financial Accounting Standards Board Accounting Standards Update (ASU) 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities as of fiscal year 2018-19.

The new standard changes the following aspects of the Charter's financial statements:

- The temporarily restricted and permanently restricted net asset classes have been predominantly combined into a single net asset class called net assets with donor restrictions.
- The unrestricted net asset class has been transferred into net assets without donor restrictions.
- Investment earnings and related expenses have been combined into a single net activity line item called net investment return.
- The financial statements include a new disclosure about liquidity and availability of resources (Note 3).

## Reporting Entity

New Opportunities Charter School (the "Charter") was formed as a nonprofit public benefit corporation on June 17, 2013 for the purpose of operating as a California public school located in Los Angeles County. The Charter was approved by the State Board of Education on July 1, 2013 as California Charter No. 1557. During the year ended June 30, 2018, the Charter served grades 9-12. Funding sources primarily consist of local control funding formula (LCFF) state apportionments, in lieu of property tax revenues, and grants and donations from the public.

## **Basis of Accounting**

The Charter's policy is to prepare its financial statements on the accrual basis of accounting; consequently, revenues are recognized when earned rather than when cash is received and certain expenses and purchases of assets are recognized when the obligation is incurred rather than when cash is disbursed.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

#### **Financial Statement Presentation**

The Charter is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Unrestricted net assets include all resources available for use by the Board of Directors and management's discretion in carrying out the activities of the Charter in accordance with its Bylaws. Temporarily or permanently restricted net assets are only expendable for the purposes specified by the donor or through the passage of time. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets. Permanently restricted net assets are generally required to be held by the Charter in perpetuity while the earnings on those assets are available for use by the Charter to support operations. Donors can place restrictions on the earnings from permanently restricted contributions at the time the contributions are made or pledged. Fund accounting is not used in the Charter's financial statement presentation.

#### **Functional Expenses**

The costs of providing services have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Certain costs and expenses have been allocated between program and supporting services based on management's estimates.

#### **Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

## Cash and Cash Equivalents

The Charter considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents.

## **Deferred Revenue**

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by the Charter prior to the incurrence of expenses. In subsequent periods, when both revenue recognition criteria are met, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

#### In Lieu of Property Taxes Revenue

Secured property taxes attach as an enforceable lien on property as of March 1. Taxes are payable in two installments on December 10 and April 10. Unsecured property taxes are payable in one installment on or before August 31. The County bills and collects the taxes for the authorizing agency. In lieu of distributing funds out of property tax proceeds, the authorizing agency makes monthly payments to the Charter. Revenues are recognized by the Charter when earned.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

#### **Contributions**

Contributions that are restricted by the donor are reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the revenue is recognized. All other donor restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the existence or nature of any donor restrictions.

Non-cash contributions of goods, materials, and facilities are recorded at fair value at the date of contribution. Contributed services are recorded at fair value at the date of contribution if they are used to create or enhance a non-financial asset or require specialized skills, are provided by someone possessing those skills, and would have to be purchased by the Charter if not donated.

#### **Income Taxes**

New Opportunities Charter School is a 170(b)(1)(A)(ii) publicly supported nonprofit Charter that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as a public charity. The Charter is exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. As a school, the Charter is not required to register with the California Attorney General as a charity.

The Charter's management believes all of its significant tax positions would be upheld under examination; therefore, no provision for income tax has been recorded. The Charter's information and/or tax returns are subject to examination by the regulatory authorities for up to four years from the date of filing.

#### Fair Value Measurements

The Fair Value Measurements Topic of the FASB Accounting Standards Codification establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

#### **NOTE 2 – CASH AND CASH EQUIVALENTS**

Cash and cash equivalents as of June 30, 2019, consist of the following:

Cash in banks	\$ 3,007,469
Total cash and cash equivalents	\$ 3,007,469

Cash and cash equivalents as of June 30, 2018, consist of the following:

Cash in banks	\$ 3,411,607
Total cash and cash equivalents	\$ 3,411,607

#### **Cash in County Treasury**

The Charter is a voluntary participant in an external investment pool. The fair value of the Charter's investment in the pool is reported in the financial statements at amounts based upon the Charter's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer.

#### Cash in County Treasury, continued

Except for investments by trustees of debt proceeds, the authority to invest Charter funds deposited with the county treasury is delegated to the County Treasurer and Tax Collector. Additional information about the investment policy of the County Treasurer and Tax Collector may be obtained from its website. The table below identifies examples of the investment types permitted in the California Government Code:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage of	Investment in
Investment Type	Maturity	Portfolio	One Issuer
Local Agency bonds, Notes, Warrants	5 years	None	None

County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

#### NOTE 2 - CASH AND CASH EQUIVALENTS, continued

#### Cash in Banks - Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, an organization's deposits may not be returned to it. The Charter has adopted a cash management policy that addresses investment options as well as actions to be taken in the event that deposits exceed FDIC insurance limits. The FDIC insures 100% of non-interest bearing accounts and up to \$250,000 per depositor on interest bearing accounts per insured bank. The California Government Code also requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2019 and 2018, the Charter's bank balances were exposed to custodial credit risk as there were deposits over \$250,000, the amount exceeding \$250,000 was collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the Charter.

#### **NOTE 3 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS**

The following reflects the Charter's financial assets as of the statement of financial position date, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the statement of financial position date. Amounts not available include amounts set aside for program services that could be drawn upon if the Board approves that action.

Other Federal Receivables	57,282
Other local receivables	 33,892
Total Accounts Receivable	\$ 393,886

#### **NOTE 5 – RELATED PARTY TRANSACTIONS**

# **Authorizing Agency**

New Opportunities Charter School is authorized to operate as a charter school through Centinela Valley Union High School District (the "authorizing agency"). On March 5, 2013, the Board of Directors of Centinela Valley Union High School District approved a charter renewal for the Charter for a 5 year term beginning July 1, 2013 and expiring on June 30, 2018. On November 14, 2017, the Board of Directors of Centinela Valley Union High School District approved a charter renewal for the Charter for a second 5 year term beginning on July 1, 2018 and expiring on June 30, 2023.

On August 21, 2014, the Board of Directors of the Charter approved a charter management agreement with EdTec Inc. to provide administrative function services to the Charter.

On November 14, 2017, the Board of Directors of Centinela Valley Union High School District approved a charter renewal for the Charter for a second 5 year term beginning on July 1, 2018 and expiring on June 30, 2023.

## **NOTE 6 – EMPLOYEE RETIREMENT PLANS**

Qualified employees are covered under multiple-employer defined benefit pension plan maintained by agencies of the State of California. Certificated employees are members of the California State Teachers' Retirement System (CalSTRS) and non-certificated employees are covered by an alternative plan.

## California State Teachers' Retirement System (CalSTRS)

#### Plan Description

New Opportunities Charter School contributes to the California State Teachers' Retirement System (CalSTRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalSTRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by state statutes, as legislatively amended, within the State Teachers' Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7667 Folsom Boulevard; Sacramento, California 95826.

## **Funding Policy**

Active plan CalSTRS 2% at 60 and 2% at 62 members are required to contribute 10.25% and 9.205% of their salary for fiscal year 2019 and 2018, respectively, and the Charter is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teachers' Retirement Board. The required employer contribution rates for fiscal years 2019 and 2018 were 16.28% and 14.43% of annual payroll, respectively. The contribution requirements of the plan members are established by state statute. Contributions to the plan from the Charter were \$320,677 and \$261,095 for the years ended June 30, 2019 and 2018, respectively.

#### On-Behalf Payments

The State of California makes direct on-behalf payments for retirement benefits to CalSTRS on behalf of all school agencies in California. The amount of on-behalf payments made for the Charter is estimated and recorded as \$350,235 and \$130,318 at June 30, 2019 and 2018, respectively.

#### Alternative Plan

As established by federal law, all public sector employees who are not members of their employer's existing retirement plan (CalSTRS) must be covered by social security or an alternative plan. The Charter uses social security as their alternative plan.

# **NOTE 7 – DONATED MATERIALS AND SERVICES**

During the year, many parents, administrators and other individuals donated significant amounts of time and services to the Charter in an effort to advance the Charter's programs and objectives. These services have not been recorded in the Charter's financial statements because they do not meet the criteria required by generally accepted accounting principles.

# NEW OPPORTUNITIES CHARTER SCHOOL Notes to Financial Statements June 30, 2019

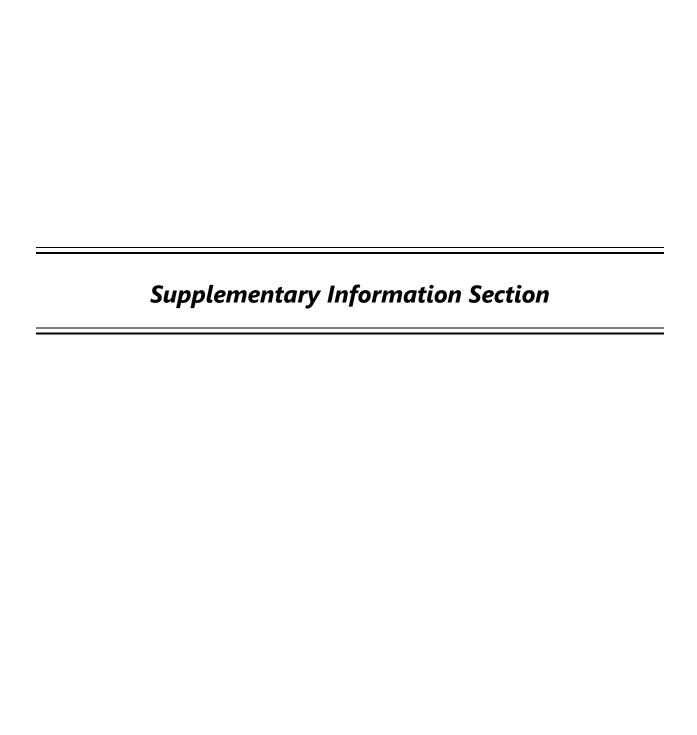

#### **NOTE 8 – COMMITMENTS AND CONTINGENCIES**

**Governmental Funds** 

The Charter has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursements would not be material.

## **NOTE 9 – SUBSEQUENT EVENTS**

The Charter evaluated subsequent events from June 30, 2019 through December 4, 2019, the date the financial statements were issued. The District concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements.

# NEW OPPORTUNITIES CHARTER SCHOOL Charter Organizational Structure June 30, 2019

New Opportunities Charter School, located in Los Angeles County, was formed as a nonprofit public benefit corporation on June 17, 2013 and approved by the State Board of Education on July 1, 2013. The Charter was authorized to operate as a charter school through Centinela Valley Union High School District. Classes began in 2013 for grades 9 to 12. The Charter's charter number is 1557.

# NEW OPPORTUNITIES CHARTER SCHOOL Reconciliation of Financial Report – Alternative Form with Audited Financial Statements For the Fiscal Year Ended June 30, 2019

There was no adjustment to the financial report – alternative form which required reconciliation to the audited financial statements at June 30, 2019.

## **Charter Organizational Structure**

This schedule provides information about the Charter's authorizing agency, grades served, and members of the governing body, and administration.

## Schedule of Average Daily Attendance

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the charter school. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels and in different programs. This schedule includes total ADA and ADA generated through classroom-based instruction by grade span.

#### Schedule of Instructional Time

This schedule presents information on the amount of instructional time offered by the Charter.

## Reconciliation of Financial Report - Alternative Form with Audited Financial Statements

This schedule provides the information necessary to reconcile fund balance reported on the Financial Report – Alternative Form to net assets on the audited financial statements.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### Independent Auditor's Report

To the Board of Directors of New Opportunities Charter School Los Angeles, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of New Opportunities Charter School (the "Charter") as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Charter's basic financial statements and have issued our report thereon dated December 4, 2019.

## **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Charter's internal control over financial reporting ("internal control") to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Charter's internal control. Accordingly, we do not express an opinion on the effectiveness of the Charter's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Charter's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Charter's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Charter's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 4, 2019

#### **Independent Auditor's Report**

To the Board of Directors of New Opportunities Charter School Los Angeles, California

## **Report on State Compliance**

We have audited New Opportunities Charter School's (the "Charter's") compliance with the types of compliance requirements described in the 2018-19 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, section 19810, that could have a direct and material effect on each of the Charter's state programs for the fiscal year ended June 30, 2019, as identified below.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

## **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Charter's state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the 2018-19 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, prescribed in Title 5, California Code of Regulations, section 19810. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below occurred. An audit includes examining, on a test basis, evidence about the Charter's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of the Charter's compliance with those requirements.

## **Opinion on State Compliance**

In our opinion, New Opportunities Charter School complied, in all material respects, with the types of compliance requirements referred to above that are applicable to the state programs noted in the table below for the year ended June 30, 2019.

#### **Procedures Performed**

In connection with the audit referred to above, we selected and tested transactions and records to determine the Charter's compliance with the state laws and regulations applicable to the following items:

Description	Procedures Performed
California Clean Energy Jobs Act	No, see below
After/Before School Education and Safety Program	No, see below
Proper Expenditure of Education Protection Account Funds	Yes
Unduplicated Local Control Funding Formula Pupil Counts	Yes
Local Control and Accountability Plan	Yes
Independent Study - Course Based	Yes
Attendance	Yes
Mode of Instruction	Yes
Nonclassroom-Based Instruction/Independent Study	Yes
Determination of Funding for Nonclassroom-Based Instruction	No, see below
Annual Instructional Minutes-Classroom Based	Yes
Charter School Facility Grant Program	Yes

The Charter did not receive or spend any California Clean Energy Jobs Act funds during the current year, therefore, we did not perform any procedures related to the California Clean Energy Jobs Act.

The Charter did not participate in the After School Education and Safety (ASES) Program during the current year, therefore, we did not perform any procedures related to the ASES Program.

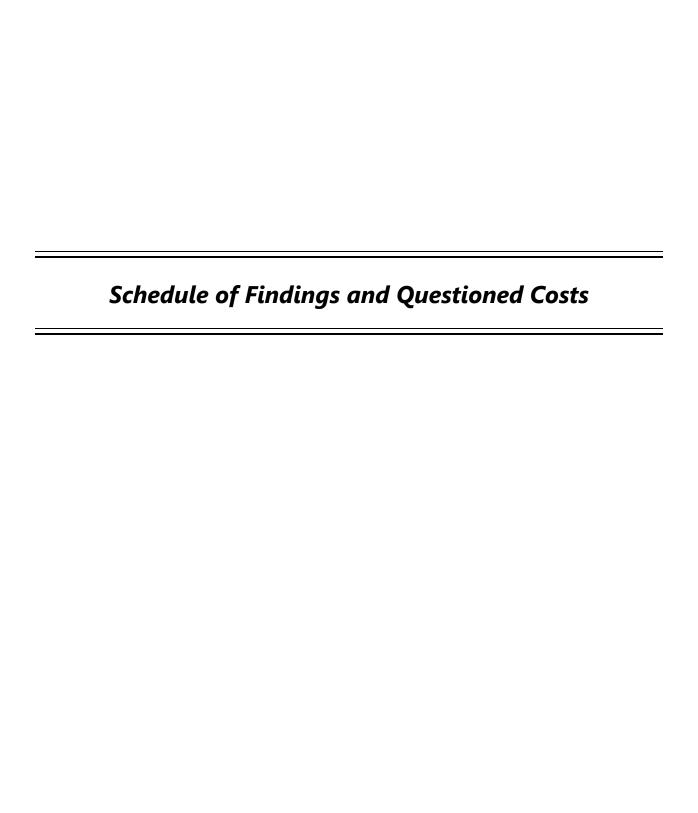

The Charter did not generate ADA related to Nonclassroom – Based Instruction at the threshold percentage of total ADA required for testing during the current year, therefore, we did not perform any procedures related to the Determination of Funding for Nonclassroom – Based Instruction.
