

Stepping Up Sanitation

While we have always prided ourselves on presenting a pristine environment for all of our guests, in an effort to reduce the spread of COVID-19 we are now implementing a more stringent & robust list of sanitation practices for all of our golf patrons.

DAILY GOLF SAFETY MEASURES

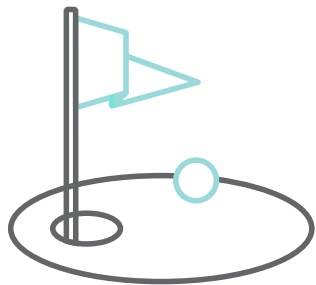

All golf carts are thoroughly sanitized between guests with special attention to all touch points

All range balls are cleaned with soap and water after every use

Golf Shop and Golf Grill are cleaned and sanitized hourly. Beverage carts are cleaned daily and touch points sanitized hourly

No-touch flag sticks remain in holes at all times with device inside the hole for touchless golf ball retrieval

Golf staff members are required to wear face masks while inside the building at all times

Masks required when sharing a golf cart with another player who does not live in the same household

ADDITIONAL EFFORTS FOR TOURNAMENTS & GROUP OUTINGS

- For all tournaments, golf carts will be spaced out to promote social distancing.
- Banquet tables will be spaced 8 feet apart. Buffets will be staff supervised & serving utensils will be sanitized continually.
- Face masks can be supplied and are highly recommended for large group golf events.
- Optional Split Tee Start - Groups start every 10 minutes off #1 tee and #10 tee. Accommodates up to 26 teams (104 players).
- Optional Single Tee Start - For smaller groups of 40-60 that would typically have run a shotgun format. Groups start every 10 minutes off #1 tee only.
