A MESSAGE FROM THE PUBLISHER

We have one focus: to publish, preserve, and perpetuate the authentic mystical classics of Joel S. Goldsmith. Since 1993, we have been the publisher of record for most of Goldsmith's printed books. We are honored to have the exclusive, worldwide digital publishing rights to the entire library of Goldsmith books, allowing us to better serve all who seek a way to higher consciousness.

Purchasing titles published by Acropolis Books ensures that you will receive the clear and unaltered message of *The Infinite Way* that Joel S. Goldsmith brought through to be shared with the world.

This catalog represents the entirety of the Goldsmith library to date. For those who are comfortable reading online, we offer a monthly subscription to our Virtual Book Library where all of Goldsmith's books are available to read at your leisure at www.joelgoldsmithbooks.com.

In Oneness,
Acropolis Books

The Joel S. Goldsmith Books Foundation holds publishing rights granted by the Estate of Joel S. Goldsmith. Published under the imprint of Acropolis Books, this catalog represents the complete library of titles from Joel S. Goldsmith. These titles are available for purchase from The Infinite Way Office, located online at www.JoelGoldsmith.com.

You may order these books in print online, by phone, or in person. E-books are available online from Amazon and Apple Books.

A Message for the Ages

ISBN: 978-1-889051-64-2

PAGES: 248

\$16.95

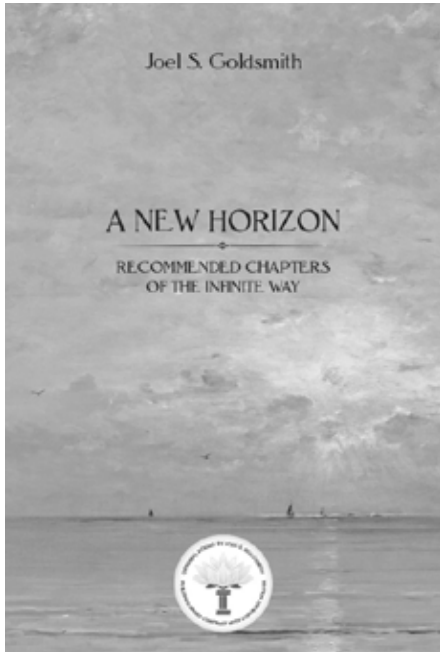

Appropriately titled *A Message for the Ages*, this book reviews the spiritual principles of the timeless message of The Infinite Way. Goldsmith begins by asking, “What kind of a God do you have?” and then leads the reader to the teaching of the Infinite Way on the nature of God as the very Soul of man. He maintains that until we understand the importance of knowing God aright, there is little use of attempting to learn anything further. To understand the nature of God, Goldsmith says, we must

know Omniscience, Omnipotence, and Omnipresence. Without the full understanding of their meaning, we can never approach God, and we need the experience of God to reunite us with our Source so that we may be fulfilled from within of the Spirit.

But knowing the nature of God is not enough, says the author. We must also know the nature of error, or so-called “evil,” as well as the nature of the illumined consciousness, and the nature of spiritual power. These principles are the Infinite Way “Pearls” revealed in this book. Goldsmith also provides substantial direction for the student who wants to raise his consciousness of these principles above mere intellectual understanding and actively live them. The thought-provoking chapter “Infinite Way Protective Work,” is especially helpful in explaining how we can put Infinite Way principles into practice and maintain harmony in our lives.

Six of the chapters in *A Message for the Ages* include a special section on teaching the Infinite Way message, excerpted from the class recordings of Joel Goldsmith. These selections address topics such as the requirements for being a teacher, how to teach the principles, and the relationship between a teacher and a student. Further, in the chapter “Guidelines for Spiritual Unfoldment through the Infinite Way” Goldsmith clearly lays out guidelines for conducting an Infinite Way tape group activity and provides detailed guidance for how to study the Infinite Way message, which truly is a “message for the ages.”

[Note: *A Message for the Ages* is the collection of the 1975 Infinite Way Letters.]

A New Horizon

ISBN: 978-0-87491-007-0

PAGES: 144

\$16.95

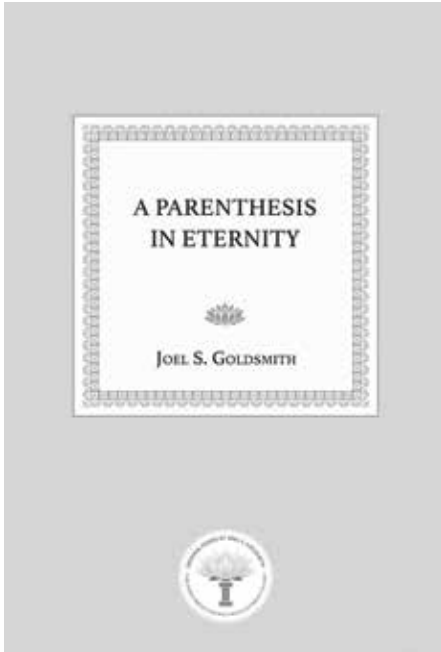

Out of his complete body of lectures, class work, and books compiled over twenty years, Goldsmith recommended just nine chapters that should be “known by every student as well as he knows his own name.” These chapters, he said, could lift one from third-dimensional consciousness to fourth-dimensional Consciousness.

Each chapter in this book addresses a particular aspect of our spiritual development. Working with all nine chapters, we emerge with a new understanding and awaken to the fact that our world reflects what resides in our consciousness. As fourth-dimensional Consciousness emerges, we come to know and realize The Infinite Way of being.

These nine recommended chapters are:

1. *The Infinite Way*, Chapter 11, “The New Horizon”
2. *The Heart of Mysticism, Volume Five*, Chapter 5, “Break the Fetters that Bind You”
3. *The Heart of Mysticism, Volume Two*, Chapter 3, “Protection”
4. *The Contemplative Life*, Chapter 8, “Contemplation Develops the Beholder”
5. *The Art of Spiritual Healing*, Chapter 11, “The Relationship of Oneness”
6. *Practicing the Presence*, “Introduction”
7. *Practicing the Presence*, Chapter 5, “Love Thy Neighbor”
8. *Living the Infinite Way*, Chapter 4, “God is One”
9. *Realization of Oneness*, Chapter 4, “No And!”

Tape recording references and Bible references are included at the end of the book.

A Parenthesis in Eternity

ISBN: 978-1-939542-65-6

PAGES: 472

\$24.95

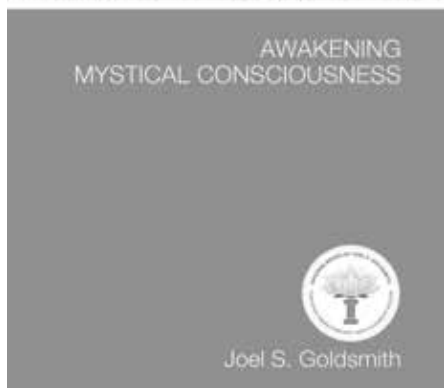

In describing *A Parenthesis in Eternity*, Goldsmith said, “In many classes I have touched upon mysticism to prepare our students for the unfoldment of the real meaning and function of the Infinite Way. Now, in the book, *A Parenthesis in Eternity*, my entire inner life is disclosed: my reason for living and my mission. The autobiography of my personal life would be boring: uneventful school days, routine business experience, and then out of the blue sky, a spiritual experience. This book

is my spiritual life as many of you have seen it from the outside, but here explained from the inside.”

A Parenthesis in Eternity is a compelling, comprehensive presentation of the mystical journey that Goldsmith experienced. In Part 1, he lays out the principles that form the basis of mysticism, explaining that at its core is the truth that there is an inner, divine spiritual Self, a manifestation of God, which is our true identity. In Part 2, Goldsmith explains that as humans, we live in a “parenthesis” of the seeming boundaries of birth and death, as well as in mental and material limitation. The purpose of the spiritual path, he says is to wipe out this parenthesis and bring us to the mystical experience of conscious union with God. With deep knowledge born of experience, Goldsmith describes the path we must travel to attain that goal, fully explaining the three stages, or “degrees” of spiritual unfoldment.

In Part 3, Goldsmith elaborates on the nature and quality of the mystical life, emphasizing that this fourth dimensional consciousness is practical, for it is the secret of a harmonious, abundant life, free from fear and discord.

All spiritual seekers will find *A Parenthesis in Eternity* to be an engaging, enlightening gift from one of the leading spiritual teachers of the 20th century.

Awakening Mystical Consciousness

ISBN: 978-1-889051-84-0

PAGES: 208

\$16.95

Hidden behind the personal self is the real Self, that which Paul called “The Christ,” or our spiritual identity. To awaken mystical consciousness is to come to that point where we can spiritually apprehend this truth about ourselves and about each other and live by it.

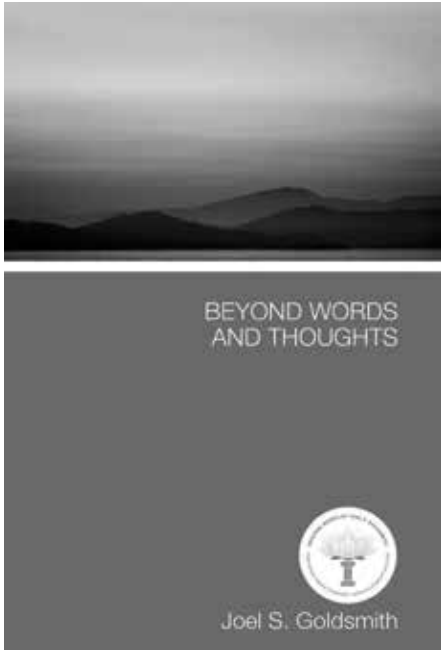

In *Awakening Mystical Consciousness*, Goldsmith explains the spiritual principles and practices that will help us to awaken. He instructs the reader in how to use contemplation, meditation, and inner communion to

attain the realization of the true Self. With care and in detail, he addresses the nature of God as omnipresence, omnipotence, and omniscience; the nature of spiritual power; our real identity; the nature of concepts; and the barriers that obstruct the way to realization. But Goldsmith clearly emphasizes that these statements of truth are not truth. They only help us get into the center of Being, where we can be receptive to the inner voice.

A mainstay of this book is erasing the false concept that man is separated from God, and that there is a God “out there” that can take away our sins, diseases, lacks and limitations. “Through this work,” says Goldsmith, “you are going to awaken out of the dream that there can be any separation. It wakes you up, and then you look around and realize you are in heaven. You have been there all the time, dreaming you were in hell.”

Goldsmith explains that awakening to mystical consciousness bears great fruitage. Through our realization of oneness, we regain our original dominion over our bodies and our lives. We can also demonstrate the healing consciousness, that consciousness that knows there is nothing to be healed, but only Truth to be revealed. “The goal,” he says, “is the attainment of this Spirit of God” – mystical consciousness. “That is the entire goal of the spiritual life.”

[Note: *Awakening Mystical Consciousness* is the collection of the 1970 Infinite Way Letters.]

Beyond Words and Thoughts

ISBN: 978-1-889051-36-9

PAGES: 224

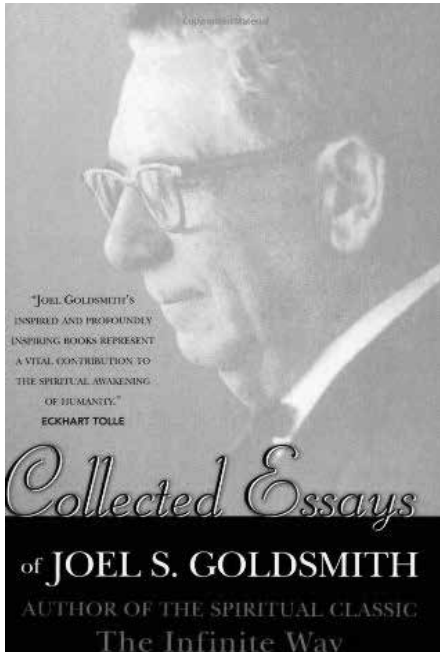

\$16.95

B*eyond Words and Thoughts* is based on classes that Joel Goldsmith gave after he had received the call from within to lift students out of the metaphysical level of consciousness into the mystical. In the book, he explains that in the metaphysical state of awareness, we use the mind to demonstrate health, wealth, and other material things, or try to use God to overcome evil. But when we attain the mystical consciousness, he says, we relax in the Presence of an inner Grace and let It function. We live

without words or thoughts, above material law.

Beyond Words and Thoughts sets forth the way that leads to this transition to the mystical consciousness. It shows the seeker how to leave the maze and confusion of words and thoughts and enter into the mystical Silence from which all that is proceeds. In that stillness and Silence, we can hear “the still small voice” and discover the deepest secrets of life. There the earth of problems melts, and the light of Spirit dawns. This is a book for those who want that one great Experience, which externalizes as a fulfilled life.

[Note: *Beyond Words and Thoughts* is the collection of the 1965 Infinite Way Letters.]

Collected Essays

ISBN: 978-0-875168-49-4

PAGES: 209

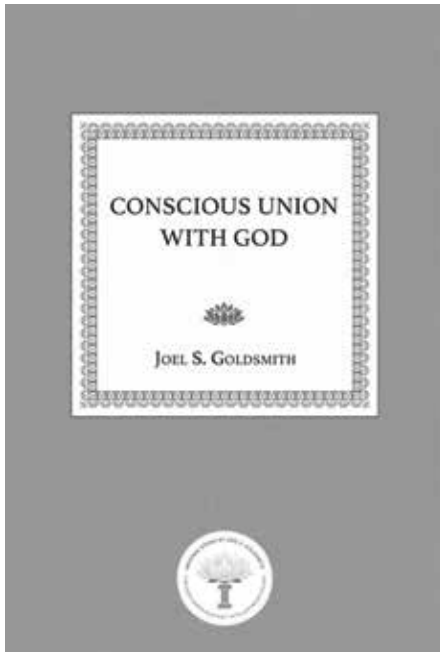

\$16.95

More than thirty books have been compiled from Joel S. Goldsmith's tape-recorded lectures and class work, feeding a worldwide student body which continues to practice and preserve his work. His writings cover a variety of topics that reveal the same core belief – from within you will find Grace. *Collected Essays of Joel S. Goldsmith* is an anthology of his smaller works and booklets that weave the Infinite Way philosophy into a variety of topics while giving the reader a diverse

sampling of his spiritual wisdom.

This book includes the following pamphlet titles:

- *Supply*
- *Metaphysical Healing*
- *Meditation & Prayer*
- *Business & Salesmanship*
- *Ye Are the Light*
- *The Real Teacher & The Seven Steps*
- *Truth*
- *The Secret of the 23rd Psalm*
- *Love & Gratitude*
- *I Am the Vine*
- *The Deep Silence of My Peace*
- *The Fourth Dimension of Life*
- *Contemplative Meditation with Scripture*
- *The Easter of Our Lives*
- *A Lesson to Sam.*

Conscious Union with God

ISBN: 978-1-889051-49-9

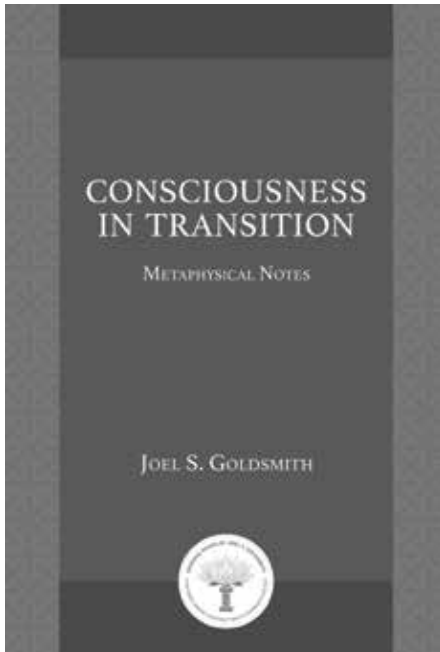

PAGES: 236

\$16.95

The theme of *Conscious Union with God* is: “My conscious union with God constitutes my oneness with all spiritual being and idea.” When we reach the place in meditation where we become consciously one with our inner Being, we are automatically one with the entire spiritual universe _ the universe of the past, the present, and the future. In developing this theme, Goldsmith reveals that when we have a realization of this principle, whatever is essential to individual unfoldment

and fulfillment will appear in the form necessary to meet the need of the moment. Living from this state of consciousness eliminates the ceaseless struggling and striving that characterizes today’s society, and brings harmony, joy, peace and fulfillment to our lives.

Conscious Union with God presents key points of the Infinite Way teaching about subjects such as states and stages of consciousness, meditation, seeking answers within, opening consciousness to Truth, mysticism, and the function of the mind. With clarity and deep insight, Goldsmith brings the reader to the awareness that the purpose of conscious union with God “is the unfoldment and revelation of spiritual Being, the harmonious and eternal manifestation of God.”

Consciousness in Transition

ISBN: 978-1-889051-24-6

PAGES: 312

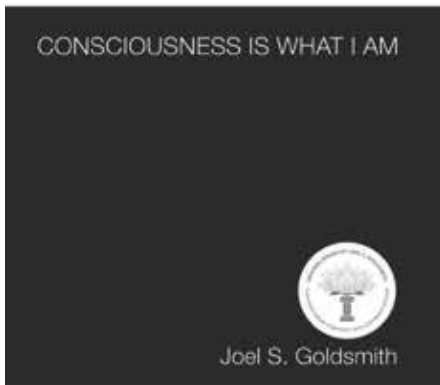

\$18.95

Soon after the publication of *The Infinite Way* in 1947, Joel Goldsmith gave a series of lectures in San Francisco. These classes set the foundation for what was to become Goldsmith's worldwide teaching ministry. They laid out a framework of spiritual principles with such integrity and purity that students of sufficient intent and motivation who worked with them could experience illumination. These lectures were recorded on a wire recorder and transcribed for students. Later they were put into a book

called *Metaphysical Notes*, which has now become *Consciousness in Transition*.

The book effectively allows the reader to sit in on Joel's early class work, which covered the practice of meditation, healing and treatment, prayer, the nature of God, and the nature of error. It introduces the reader to the path of spiritual growth necessary for ultimately attaining conscious union with God. In *Consciousness in Transition*, Goldsmith gives the reader specific instruction on living, moving, and having one's being in spiritual consciousness and teaches universal principles that have been passed down through the ages by saints and sages of all spiritual traditions.

Consciousness in Transition is the second in a four-volume series of lectures that includes *Rising in Consciousness*, *Consciousness in Transition*, *Consciousness Transformed* and *The Foundation of Mysticism*. All four books present some of Joel Goldsmith's lecture series. *Rising in Consciousness* and *Consciousness in Transition* illuminate his early class work, *Consciousness Transformed* records the last years of his work, and *The Foundation of Mysticism* is devoted exclusively to reintroducing the healing principles of the Infinite Way. Together the series presents a holistic overview of a living message.

Consciousness Is What I Am

ISBN: 978-1-889051-83-3

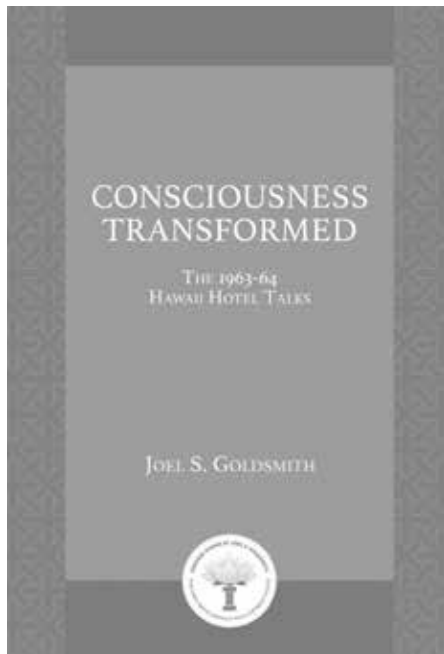

PAGES: 164

\$16.95

There is much contemporary interest in the subject of consciousness, and *Consciousness Is What I Am* addresses the most important and least understood aspects of consciousness – what it is and how it can be opened to Truth. Beginning with the principles of the nature of God and the nature of man, Goldsmith ushers the reader progressively deeper into the secrets of consciousness, revealing how we can attain the highest states of consciousness through meditation and practice.

The book points out the landmarks that suggest advancing consciousness as well as the possible pitfalls for the seeker. Once the seeker experiences the universal Christ-Consciousness, Goldsmith says, he will find fulfillment, peace, rest, refreshment, and joy, and be free of the shadows and illusions of the material world. *Consciousness Is What I Am* shows the reader that the real man is not the physical body, but the consciousness that governs it. In other words, Consciousness is what I am.

[Note: *Consciousness Is What I Am* is the collection of the 1969 Infinite Way Letters.]

Consciousness Transformed

ISBN: 978-1-889051-23-9

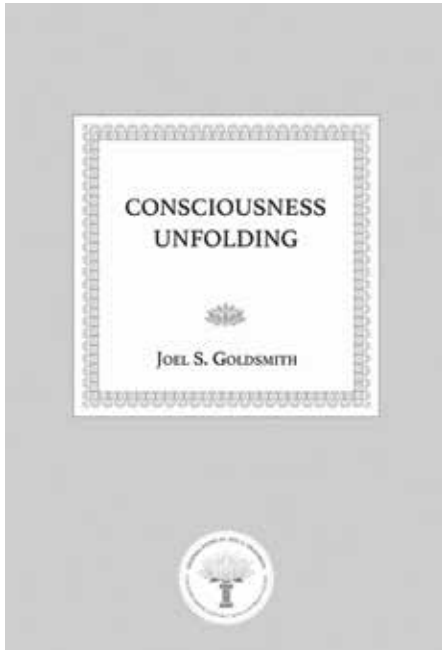

PAGES: 600

\$28.95

In 1963, Goldsmith said, “This year the word came to me to take our students from metaphysics to mysticism ... and this mission was immediately undertaken.” To fulfill the mission, Goldsmith gave 62 “Hotel Talks” in Hawaii during 1963 and 1964, which are collected in *Consciousness Transformed*. This is a 600-page book that contains the deepest of Joel’s teachings. The talks were not tape recorded and are presented in this volume from transcripts. They are considered by many to express

mysticism at its highest level. At one point Goldsmith himself said, “During the last two to three weeks ... it became clear that we are entering the consciousness that does not need words or thoughts. We can sit down to meditate and realize: The Kingdom of God is ... closer than breathing, nearer than hands and feet....”

Consciousness Transformed is the third book in a four-volume series of lectures that includes *Rising in Consciousness*, *Consciousness in Transition*, *Consciousness Transformed* and *The Foundation of Mysticism*. All four books present some of Joel Goldsmith’s lecture series. *Rising in Consciousness* and *Consciousness in Transition* illuminate his early class work, *Consciousness Transformed* records the last years of his work, and *The Foundation of Mysticism* is devoted exclusively to reintroducing the healing principles of The Infinite Way. Together the series presents a holistic overview of a living message.

Consciousness Unfolding

ISBN: 978-1-889051-39-0

PAGES: 248

\$16.95

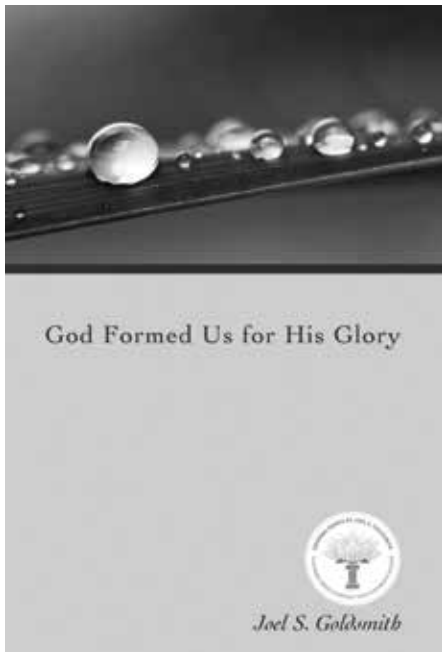

In *Consciousness Unfolding*, Joel Goldsmith takes the reader deep into the principles of The Infinite Way. He writes: “The subject matter of this book is the unfolding of consciousness. Our premise is that God, divine Consciousness, is unfolding, revealing, disclosing, and manifesting Itself as your individual being and as mine.”

Since God is my own consciousness, Goldsmith says, “all good flows out from my consciousness every moment of the day or night. Where I am, that Consciousness is;

where that Consciousness is, I am. Therefore, right at this moment, all of the good I need, and all that I shall ever need, is flowing out from the center _ right where I am.” It unfolds from within.

Consciousness Unfolding helps the reader not only comprehend the magnitude of that mysterious truth, but also fully grasp that it is a present possibility for any sincere seeker to experience it. Goldsmith provides the foundation of mystical wisdom required for understanding and explains how meditation and contemplation of scriptural truth help one come to this deep realization. He explains that when you are convinced that God is truly unfolding, revealing, and disclosing Itself as your individual being, you can trust that every issue of life _ health, wealth, home, business, profession and relationships _ will flow forth harmoniously. “Become convinced of your identity as life eternal,” he says, “and disease and death will fall away of their own nothingness. You will find that the body is being constantly renewed. Instead of being a piece of matter wearing out, it is consciousness, continuously unfolding and disclosing itself. This realization reveals the immortality of the body.”

In light of the revelations in *Consciousness Unfolding*, Goldsmith counsels the seeker: “Let your efforts not be to change the outer picture. Rather, direct your efforts toward realizing truth, love, life, as the very nature of your being.” Then you can relax and let this Presence within unfold Itself in all of its infinite beauty and perfection. For those who want to follow this promising spiritual path, *Consciousness Unfolding* will be a treasure.

God Formed Us for His Glory

ISBN: 978-1-889051-67-3

PAGES: 256

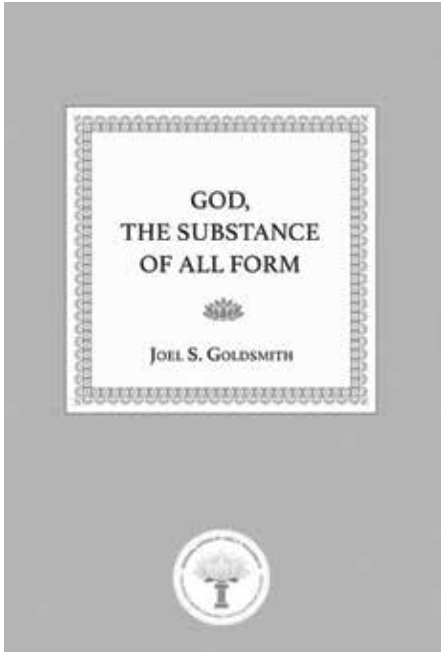

\$16.95

God *Formed Us for His Glory* is a beautiful portrayal of our true identity. Goldsmith asks “Do we know our true identity? Do we know who we are, for therein lies the secret. Are we human beings? Are we sinners? Are we mortal? Is that our identity or is that a mistaken concept of ourselves which we must outgrow, outlive, and outlearn?”

Goldsmith says that realizing our true identity and rightful heritage will set us free to live joyous and fulfilling lives, and he reveals ways to uncover and express the beauty and splendor that is our true Being. The main way to release this true “I” within us, Goldsmith says, is through meditation. “The experience of meditation ultimately becomes an individual one. You, yourself have to come to a place within you where a release comes, where there is an awareness of an inner contact. Then there are signs following: harmony, healing and all good.” This is grace, but without that contact with our true Self, grace cannot flow to us.

“Have you ever stopped to realize that God formed us for His Glory?” Goldsmith asks. “You would think we made ourselves, the way we worry about ourselves. God formed us for His purpose and His plan.” *God Formed Us for His Glory* brings the spiritual seeker home to that truth.

[Note: *God Formed Us for His Glory* is the collection of the 1978 Infinite Way Letters.]

God, the Substance of All Form

ISBN: 978-1-889051-30-7

PAGES: 144

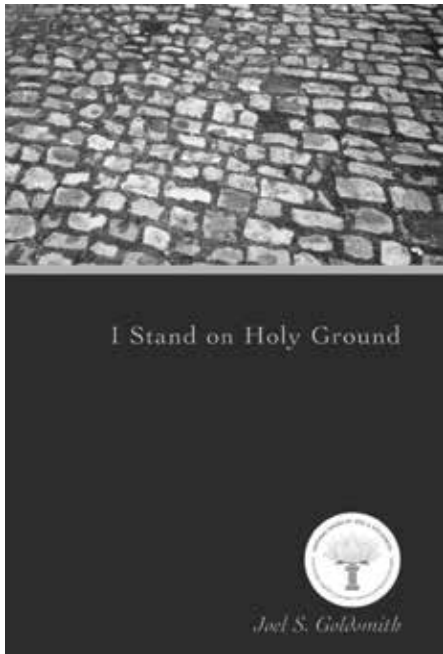

\$16.95

In *God, the Substance of All Form*, Goldsmith establishes the mystical truth that God is the reality, the divine consciousness of our being, and that the purpose of the spiritual life is to bring us to the fullness of that realization. He teaches that we can come to this realization through meditation, in which we can gain a conscious awareness of the presence and power of God. The very object of a spiritual path, the author explains, is to experience the truth that “I and my Father are one.”

Goldsmith clearly explains that power, substance and life are never in any effect, but always in that which produces the effect. He goes on to show that this Consciousness, this Spirit that we truly are, is the substance of all spiritual form, and takes us deeply into that truth:

“We have said that God is the substance of all form, that God is the reality of all form, the substance and reality of all effect. Are we then to understand God as the substance of the body, trees, flowers, sun, moon, stars, and all that we cognize with the material senses? No, this is a spiritual universe. It is true that God is the substance of all form: God is the substance of your very body and of all creation; but remember, when I see you, that is, when I see your body or when I see the trees or flowers, I am not seeing God’s creation – I am not seeing the spiritual universe – I am seeing only a finite material concept of it. This means that the only universe there is, is the real universe, and the only body there is, is the real body, but what I am seeing is my concept of them. Therefore, the only unreality about them is in my false concept of them.”

With the finely honed skill of a master teacher, Goldsmith elaborates on this challenging principle, using it to explain how spiritual healing work is done, and emphasizing that a healing consciousness is one that is consciously aware of the perfection that already exists, despite any appearance. He answers age-old questions about death, the nature of the material world, and the relationship between consciousness and experience. He reveals how our conscious awareness of these truths can ensure a life of harmony, peace, abundance, and wholeness. Once we have attained the consciousness of the truth of our identity, he says, we need take no thought for things. We can relax and rely on God, individual consciousness, the substance of all form.

I Stand on Holy Ground

ISBN: 978-188905-165-9

PAGES: 244

\$16.95

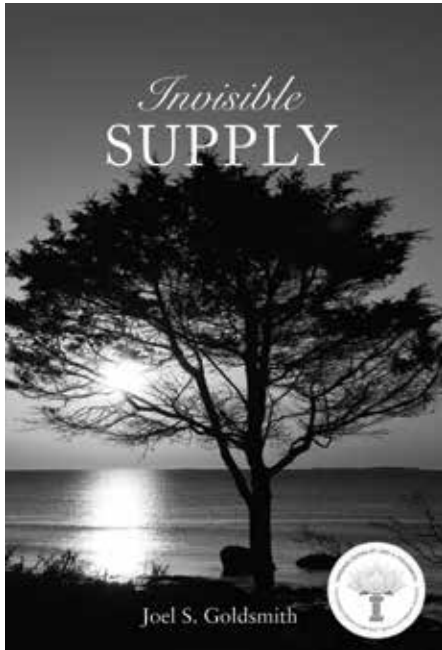

Throughout his entire teaching ministry, Joel Goldsmith taught the spiritual principle that God is expressed as individual consciousness, “as your consciousness and mine.” Often he used the scriptural quote: “The place where thou standest is holy ground” to emphasize this principle. As Goldsmith says in *I Stand on Holy Ground*, “There is but one God, and that God is within you. He is with you if you mount up to heaven; He is with you if you make your bed in hell; He is with you if

you walk through the valley of the shadow of death. God will function in your experience in the moment of your recognition of Him.”

In *I Stand on Holy Ground*, Goldsmith brings the reader to a profound understanding of how to live a spiritual, contemplative life, consciously aware of the presence of God within and constantly recognizing the key mystical truth: “I and the Father are one.” He shows the practicality of abiding in this truth, as when he says: “Where the threat of danger lurks, you will find your security by carrying with you the realization that the place where you stand is holy ground and that no danger of any kind can come near your dwelling place, which is your consciousness.” Yet Goldsmith is careful to point out that it is not because God is omnipresent that you are safe, but “because of your conscious realization, recognition, and acknowledgment of God’s presence.”

I Stand on Holy Ground presents The Infinite Way principles through the lens of recognizing the truth of our identity. It is a supremely valuable collection of lessons in vintage Goldsmith style.

[Note: *I Stand on Holy Ground* is the collection of the 1976 Infinite Way Letters.]

Invisible Supply

ISBN: 978-1-939542-70-0

PAGES: 160

\$16.95

I*nvisible Supply* offers the reader a new perspective on the subject of supply. Goldsmith tells us that while we typically believe that money constitutes our supply and that it comes through material means, this is not so. “The Infinite Way principle of supply,” Goldsmith says, “is that in our oneness with God, we already have all that the Father has because ‘I and the Father are one and all that the Father has is mine.’ If we individually are experiencing a lack, it is not because of any actual lack. It is because of

our inability to make contact with our supply ... The principle of supply is the realization that we already have, even though appearances may not testify to that.”

In *Invisible Supply*, Goldsmith outlines the principles that can not only bring about growth of spiritual consciousness and inner peace, but also provide for material needs. In Goldsmith’s words, “Supply is infinite and it is omnipresent wherever you may be. Like Moses, we can realize that we do not have to live on yesterday’s manna, nor do we have to gather today’s manna for tomorrow. The supply is infinite.” This realization manifests in our experience as the fulfillment of every need.

Goldsmith guides the reader to see that to realize the infinite nature of supply, we must develop spiritual consciousness, which means coming to the experience of one’s true Self. He emphasizes the important role of meditation and practicing the principles in bringing us to the place where we can rely on the Infinite Invisible for all things. *Invisible Supply* explains the principles of infinite supply in detail not found in any other book.

Leave Your Nets

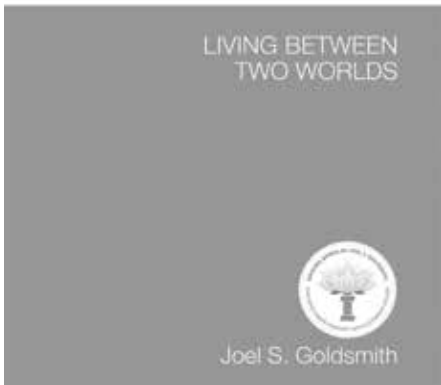

ISBN: 978-1-889051-29-1

PAGES: 168

\$16.95

Jesus said, “Leave your nets and follow me.” Joel Goldsmith’s *Leave Your Nets* is a similar call to set forth on that great adventure, the journey of the Spirit. This book in no way suggests that we leave our occupations, our families, or other obligations. Rather, Goldsmith sets forth the premise that unless and until we leave our dependency on the material consciousness of things and develop spiritual consciousness, we will be bound to the limitations of human existence.

Leave Your Nets shows the reader how to live and work here and now with a constant sense of peace and with greater creativity and efficiency. Goldsmith explains the way to awaken from the passive, hypnotic sleep of the material world to a new, fulfilling and enlightened spiritual world, in which all beings are at one with God and at inner peace with themselves. This book has tremendous value for those who want to accept the call to awaken and become a light unto the world and a ‘fisher of men.’

Living Between Two Worlds

ISBN: 978-1-889051-81-9

PAGES: 152

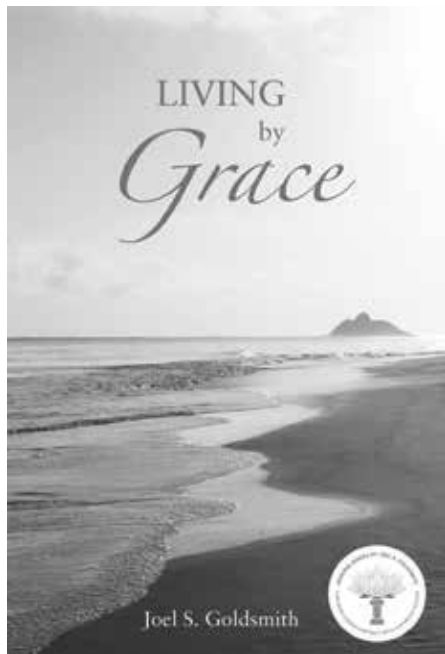

\$16.95

For twelve years Joel Goldsmith had been searching for the way to live a truly spiritual life without retreating from the world, often feeling on the verge of discovery, but always finding it quietly elusive. The quest continued, and one morning, as he awakened on the island of Maui, the secret revealed itself in a flood of gradual unfoldments. The result of this spiritual discovery is *Living Between Two Worlds*.

This book shows us how to live a more fulfilling and spiritual life at home and at work, without neglecting daily responsibilities. It portrays a way of life that leads us from the world of material sense in which we give power to persons, things, and conditions, to the world of spiritual awareness, where we realize God as the only power and experience the peace and contentment of the inner kingdom.

Goldsmith found that the key is understanding the kingdom of God which, as he writes, “does not deal with something separate and apart from living. The kingdom of God concerns itself with our daily life. It is not meant to take us out of the world, but rather to leave us in the world, separate and apart from its negative aspects.” But how is this to be done in the world of our everyday experience – a world of conflict, illness, petty concerns, and greed? What attitude should we take toward the world of materiality that surrounds and envelops us? Answers to these vital questions are given in *Living Between Two Worlds*. This is a book for those who would learn to walk the narrow path which leads to the experience of the Christ within and makes us heirs to the kingdom of God.

[Note: *Living Between Two Worlds* is the collection of the 1967 Infinite Way Letters.]

Living by Grace

ISBN: 978-1-939542-71-7

PAGES: 160

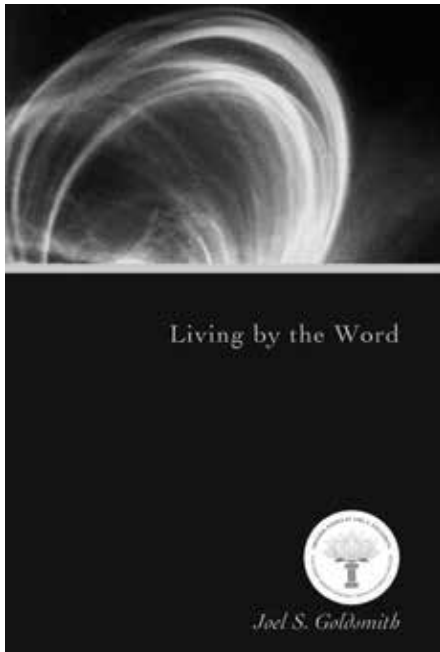

\$16.95

Joel Goldsmith taught that we all have a mission in life and that the purpose to living a spiritual life is to prepare us to do healing work in the world. That mission, Goldsmith believed, is the same for all of us – to heal the world from disease, sin, corruption, poverty, exploitation of natural resources, pollution, crime, and war. We are guided on this life path only by personal revelation – what Goldsmith called “The Infinite Way.”

“Those of you who have witnessed or experienced spiritual healing realize that it was brought about by the realization of the Spirit; of an individual whom we may call practitioner, teacher, leader, or minister,” writes Goldsmith. “The healing, the performing, the saving processes do not take place until that Spirit is brought to light in and through the consciousness of an individual.”

Living by Grace is a masterful collection of Goldsmith’s deepest teachings on how to live The Infinite Way and be a healing influence. It includes an overview of the path to spiritual consciousness from the neophyte to the final stages. Never before published in one volume, these essays consistently display the wisdom of Goldsmith’s insights into the hidden power within us. As he reminds us, “That which I am seeking, I am.”

[Note: *Living by Grace* is the collection of the 1984 Infinite Way Letters.]

Living by the Word

ISBN: 978-1-889051-60-4

PAGES: 256

\$16.95

Jesus said, “It is written that man does not live by bread alone, but by every word that proceedeth out of the mouth of God,” and he told us to “abide in the word and let the word abide in you.” What is this “word” and what does it mean to “abide” in it? This is the key question that Joel Goldsmith answers in *Living by the Word*.

Throughout the book, Goldsmith considers specific Scriptural passages and takes the reader far beyond their literal sense to unveil their inner spiritual meaning. He gives thorough and practical instruction about how to work with Bible passages to discern their depth and live by them. “When we study and search the scriptures,” Goldsmith says, “we are fed as never before; we are guided, directed, and protected as never before; but always in direct proportion as we make these passages of scripture our daily bread.”

Throughout all the Infinite Way writings, Goldsmith asserts that all discord in life is the result of man’s sense of separation from God, and that coming into the realization that “I and the Father are one” is the liberating influence. In *Living by the Word*, he shows the reader how Scripture can play an important role in that journey back to our true Self. As he says, “The way to oneness, to conscious union with God, is through the word of God. It is the word of God maintained in consciousness, lived with, dwelt upon, and abided in that ultimately restores that conscious union.” By working with inspirational Bible passages and applying them in our daily experience, our mind begins to lose its spiritual ignorance and becomes illumined, and the outer experience of life becomes harmonious.

Goldsmith explains that the spiritual promises in Scripture apply to us only when we are in our spiritual oneness with God and receive them as impartations from within. In a word of encouragement to engage in the valuable practice of Scriptural study, Goldsmith says, “The Bible and the truths of the Bible will not do anything for you in a book ... These Bible texts begin to work for you only after you have moved them out of the books into your consciousness, dwelt on them, pondered them ... and let them take root and grow.” *Living by the Word* shows the reader how to do just that.

[Note: *Living by the Word* is the collection of the 1971 Infinite Way Letters.]

Living Now

ISBN: 978-1-889051-51-2

PAGES: 244

\$16.95

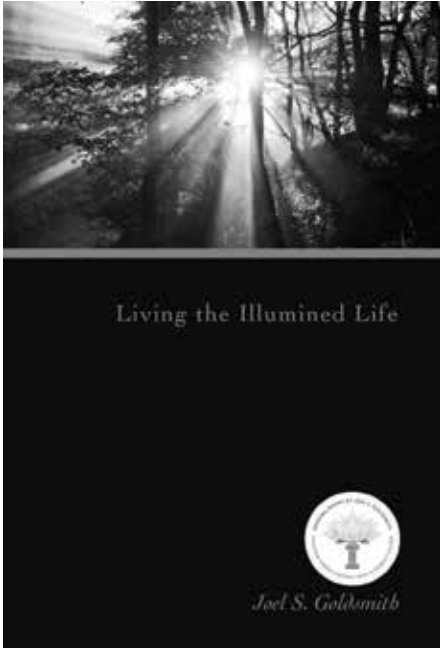

“God has no way of operating except now, as a continuing now,” says Joel Goldsmith in *Living Now*. This book is a stirring call to forsake the past, free oneself from the chains of faith and hope in the future, and live in the Beingness of now.

Goldsmith presents the truth revealed to him that at this very moment, we possess all that will unfold as our experience for all the days to come. It is embodied and embraced within our consciousness, and day by day it will unfold and appear as necessary in our human experience. “Every new minute is a continuation of this present minute,” says the author, “and what we put into this minute is what is going to be a continuing experience for us throughout eternity. All that is embraced in our consciousness now will continue to unfold unto eternity because there is no future time.”

In *Living Now*, Goldsmith asks us to imagine what life could be like if we truly grasped the meaning of these challenging revelations. If we can come to the realization of our oneness with God, he says, then God’s grace is my sufficiency in all things, and there is a sufficiency with which to meet my every moment’s need. “Just as I receive only enough air in my lungs for this second’s breath, and then a second from now I receive enough air for that second,” Joel writes, “so every second of my life I receive from the Father within sufficient Grace unto that moment and unto the fulfillment of every requirement of every moment.”

But how do we come to that realization? By practicing and practicing and practicing, Goldsmith says, and by holding to this truth until gradually our whole consciousness changes. We ponder, meditate, and cogitate upon Reality, and we commune with our inner or spiritual Self. Then through receptivity, we become responsive to impartations from the Infinite. Ever the practical teacher, Goldsmith also identifies the barriers to this spiritual attainment – desire, fear, problems of health or supply, personal egotism, erroneous entrenched beliefs, to name a few – and shows us how to dissolve them. Eventually, he reassures us, we can begin a new pattern of living in this moment, of living each second at a time, knowing that in this second God’s grace is at work.

[Note: *Living Now* is the collection of the 1963 Infinite Way Letters.]

Living the Illumined Life

ISBN: 978-1-889051-61-1

PAGES: 252

\$16.95

“There are two ways of life open to a person here on earth,” says Joel Goldsmith in *Living the Illumined Life*. “There is the human way, the way of the unilluminated, and there is the spiritual way, the way of the illuminated.”

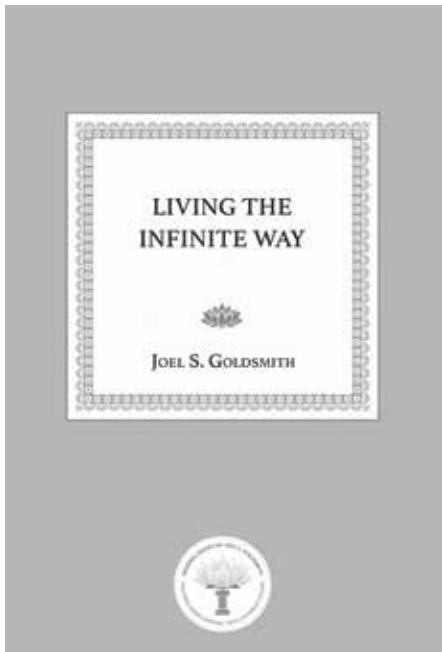

What is the difference? The unilluminated individual is living by and through his own powers, wisdom, and strength, Goldsmith explains. It is a life of toil, effort, and worry, often limited in education, limited in experience, limited in background, or limited in finances. The

illuminated individual is living in conscious awareness of an indwelling Presence, Being, Power. He has realized that he is not living his life alone: “I live, yet not I; this spirit of the Lord God which is upon me is living my life.” This is a life of infinite capacity and complete freedom.

Goldsmith boldly asks the reader: “Do you believe that the spirit of God dwells in you? Do you believe there is an indwelling Christ in you? Do you believe that you are the temple of God? Do you believe that you can do all things through Christ that dwells in you?” If you cannot answer in the affirmative, he says, you are still the unilluminated. But, he encourages, you are the one who can change that.

For those who are inspired to make the transition and live life as one of the illuminated, *Living the Illumined Life* clearly lays out the principles and practices that can purify consciousness and lift the sincere seeker to the awareness of the Presence and Power within. Then as illumination comes, he can walk free and unfettered, without fear, by Grace.

[Note: *Living the Illumined Life* is the collection of the 1972 Infinite Way Letters.]

Living the Infinite Way

ISBN: 978-1-889051-79-6

PAGES: 120

\$16.95

L*iving the Infinite Way* is one of the four foundational books of the Infinite Way teachings. Joel Goldsmith recommended that new students begin with this book, together with *Practicing the Presence*. In *Living the Infinite Way*, Goldsmith awakens the reader to the possibility that the presence of God is within every individual, and that one can live by that Presence and enjoy a more harmonious, loving, and abundant life.

The book focuses largely on the nature of God, for as Goldsmith says, “The writings of The Infinite Way contain hundreds of truths, but actually there is only one truth that we must know. This one truth is the nature of God. Take this one thought into meditation: What is God? What is the nature of God? What is the character of God? What are the qualities of God? What is the true God—not the God we were taught to worship as children, or that we ignorantly worship? Try to empty the already too full vessels, because they cannot be filled with the new wine. Even if you are seventy, empty your old misconceptions and be willing to begin all over with the admission that you do not know God or you would be showing forth more of God’s grace. Forget all that you have thought or been taught about God and start afresh with this question, ‘What is God?’”

Goldsmith answers these questions about the nature of God with “the letter of truth,” explaining that when one does not know the correct letter of truth, it is difficult to acquire the consciousness that leads to the God experience. But, he emphasizes, we must do more than know the letter of truth intellectually. We must consciously realize these truths, and it is the practice of meditation that will lift us to that realization. Goldsmith goes on to give the reader basic instruction in how to meditate and enter the secret sanctuary of inner quiet, where we become aware of the presence of God. “Meditation,” he says, “is the way by which we attain the kingdom of God, and then life is lived by Grace. The ultimate of meditation is a state of complete silence within.”

Living the Infinite Way thoughtfully ushers the reader along the first steps in the Infinite Way message, and helps the reader arrive at the truth that “That which I am seeking, I already am.”

Man Was Not Born to Cry

ISBN: 978-1-889051-32-1

PAGES: 218

\$16.95

“**T**he purpose of man is to show forth the nature of God,” says Joel Goldsmith in *Man Was Not Born to Cry*. “Man is the great glory of God. Man was not meant to cry, and all his tears are shed only because of a sense of limitation. Man was not born to cry!” With that provocative statement, Goldsmith takes the reader on a journey that reveals the way to rise out of this sense of limitation. “You know you have a body and you know you have a mind, but you have not come to know the You that

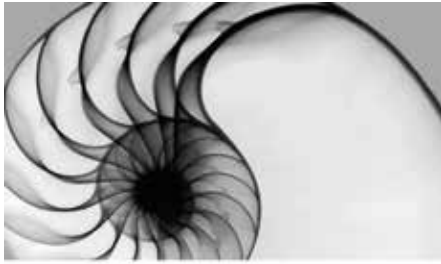

has the body and the mind. This is the You that is the adventure of life, and the adventure of life is the awakening of this You.”

As if giving private instruction to the reader, Goldsmith lays out the spiritual principles and practices that lead to liberation. He begins with the fundamental truth that God constitutes individual being, and explains that living in the conscious awareness of this truth can move us out of the personal sense of life that is the root of our problems into the spiritual consciousness where we live in glorious freedom under grace. Building on that foundation, Goldsmith details the other major principles of the Infinite Way. Emphasizing the role of prayer, he reminds us that prayer is not asking or pleading with God, but a resting in silence and a listening for the “still, small voice.” All along the way, he helps the reader empty out old theories, concepts, and beliefs and make way for the “new wine” of Spirit.

Never one to give students an unrealistic view of what it takes to have such a profound spiritual realization, Goldsmith emphasizes that this transformation in consciousness requires commitment, dedication, and continual practice of the principles. “When we come to the place of praying without ceasing, abiding in the Word and letting the Word abide in us, dwelling in the secret place of the most High, living and moving and having our being in the consciousness of truth,” he says, “then we can look forward to harmony.”

With its clear revelation of the beautiful possibilities available to the sincere student as well as its practical instruction on the means of attainment, *Man Was Not Born to Cry* will prove a treasured volume that inspires and encourages the spiritual seeker.

[Note: *Man Was Not Born to Cry* is the collection of the 1962 Infinite Way Letters.]

Our Spiritual Resources

ISBN: 978-1-889051-77-2

PAGES: 212

\$16.95

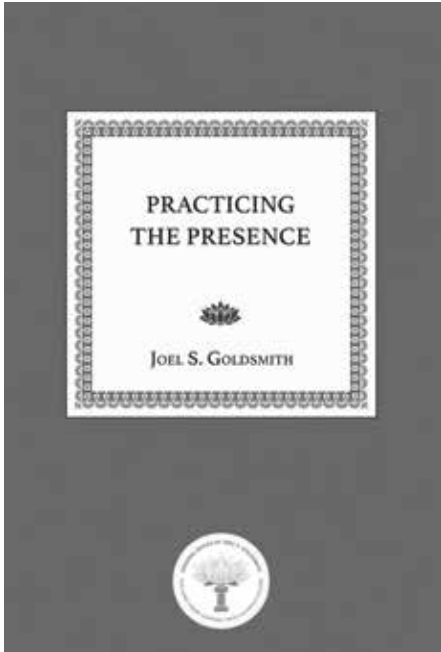

Many people find it difficult to attain a balance between living by meditation and Grace and living effectively in the world, feeling that they have to choose between them. *Our Spiritual Resources* makes it clear that we do not have to retire from the world, for our daily responsibilities themselves can spur us on to spiritual unfoldment. In fact, says Goldsmith, meeting everyday problems and responsibilities through the practice of spiritual principles is a more effective way of attaining

a realized consciousness of oneness than withdrawing from the world. Problems and situations become opportunities for us to practice applying spiritual principles and to access our spiritual resources.

In *Our Spiritual Resources*, Goldsmith blends deep spiritual wisdom with a realistic understanding of the practicalities of daily living, making it a textbook for living in the world without being of it. He shows the reader how living in harmony with the eternal principles of spiritual living and spiritual healing can transform every aspect of life – physical, financial, social, governmental and spiritual. “The truth of the matter,” says Goldsmith, “is that there is nothing more practical, progressive, or prosperous than a life lived in accordance with the Spirit.” In fact, he reveals, “the substance of everything necessary to your experience is already within your own being and ready to unfold naturally as it becomes necessary to you, because the completeness and perfection of your life is already established within you as essence or substance, and it appears outwardly as form. Your part is to learn to sit in your quiet moments of meditation, realizing this completeness, and understanding that the only barrier to the expression of perfection is the belief in two powers. Relax in the awareness that within you is the fulfillment of life, and with this recognition the flow begins.”

Our Spiritual Resources is a light-filled guide to the treasure of spiritual resources available to us and a guide to accessing them through praying correctly, understanding the true nature of mind and body, living by meditation, bringing God into daily experience, and much more.

[Note: *Our Spiritual Resources* is the collection of the 1960 Infinite Way Letters.]

Practicing the Presence

ISBN: 978-0-87491-000-1

PAGES: 160

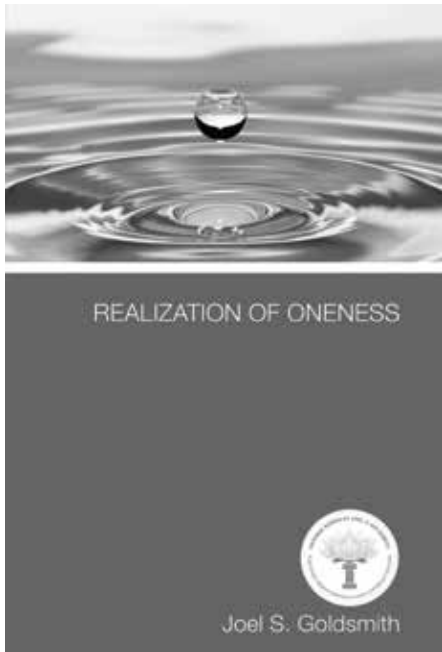

\$16.95

P*racticing the Presence* is one of the four foundational books among Joel Goldsmith's Infinite Way writings. Goldsmith recommended that new students begin with this book, together with *Living the Infinite Way*. *Practicing the Presence* is a celebrated guide to the awareness of the divine and transcendental in our daily lives. Goldsmith writes that it was during one of his periods of contemplation that the words came to him, "Thou wilt keep him in perfect peace, whose mind is

stayed on thee." This surprised him, because at that time he was little acquainted with the Bible and only occasionally went to church. But through the study of Scripture and the practice of its teachings, Goldsmith realized that a Presence was with him, counseling, sustaining, and leading him into greater spiritual awareness. Following that realization, he traveled throughout the world, teaching others to know this Presence.

Goldsmith says, "Every person who has known dissatisfaction, incompleteness, and frustration will someday learn that there is only one missing link in this entire chain of harmonious living. That is the practice of the presence of God – consciously, daily and hourly, abiding in some great spiritual truth of scripture, and it makes no difference which scripture: Christian, Hebrew, Hindu, Buddhist, Taoist, or Moslem." If we begin with practicing the presence of God, it leads to an inner stillness that makes it possible to meditate. Goldsmith sets forth for the reader how to practice the presence from the moment we awaken to the moment we retire for sleep.

To Goldsmith, harmonious living is all a matter of consciousness. When we have the right consciousness, we do not want things, but we express the very things which formerly we sought. So, instead of a change of circumstances, what the seeker needs is a change of consciousness. *Practicing the Presence* helps the seeker make that change by opening consciousness to the life by grace. In clear and direct language, Goldsmith shows that by constantly and consciously practicing the presence of God in every experience of our daily life, the struggles of existence pass and harmony is established in every department of our lives. "Seek neither health, nor wealth, nor fame, nor fortune," the author writes. "Seek first the realization of this inner kingdom and be a beholder as these outer things are added."

Realization of Oneness

ISBN: 978-1-889051-78-9

PAGES: 236

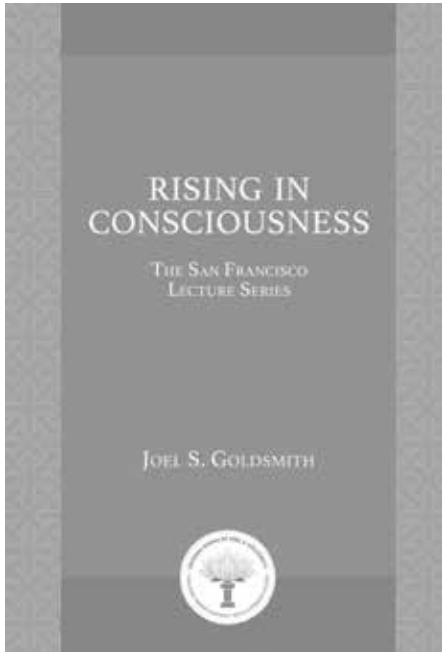

\$16.95

Ever since Jesus declared, “I and the Father are one,” the spiritual idea of oneness has been a theme favored by every teacher of mystical wisdom. *Realization of Oneness* clearly presents specific principles to help the seeker remove every barrier to the experience of oneness and unlock the door to a life of fulfillment.

Key to the realization of oneness is the Infinite Way principle set forth in the chapter “No And.” Here Goldsmith explains that we are dealing only with two things. One is the truth of God manifesting Itself, expressing infinite harmonies. The other is the appearance, suggestion, or claim of a selfhood and universe apart from God, which manifests as error in many forms – sin, disease, death, lack and limitation of all kinds. By seeing through the appearance, Goldsmith says, harmony is revealed. As we get still, quiet the senses, and let spiritual awareness reveal the truth of Being, we come to a state where we can rest in Oneness. We can experience the Christ Consciousness that allows us to see rightly and to realize the unlimited, infinite magnificence of the true identity of every individual.

Since the realization of oneness is essential to the practice of spiritual healing, *Realization of Oneness* also serves as a definitive and practical work on spiritual healing. Goldsmith clearly lays out the principles of spiritual healing and shows how they can be applied in every area of human experience.

[Note: *Realization of Oneness* is the collection of the 1964 Infinite Way Letters.]

Rising in Consciousness

ISBN: 978-1-889051-56-7

PAGES: 312

\$18.95

R*ising in Consciousness* is the first in a four-volume series of lectures that includes *Rising in Consciousness*, *Consciousness in Transition*, *Consciousness Transformed* and *The Foundation of Mysticism*. All four books present some of Joel Goldsmith's lecture series. *Rising in Consciousness* and *Consciousness in Transition* illuminate his early class work, *Consciousness Transformed* records the last years of his work, and *The Foundation of Mysticism* is devoted

exclusively to reintroducing the healing principles of the Infinite Way. Together the series presents a holistic overview of a living message.

In *Rising in Consciousness*, readers can study the formative work of one of the great mystics of the 20th century in the 18 talks he gave in San Francisco at the beginning of his teaching ministry. The book presents truth as Goldsmith did – in clear, practical, and real terms. The reader can virtually sit in on an actual class experience, where the motivation and yearnings of the seekers who were present elicited the message that Joel brought through in each lesson. “Don’t look up to me, the lecturer on the platform,” he would say. “Use what I tell you, take a hold of these principles that are emerging in this living lesson. Listen, hear me, absorb and practice these principles. Then you will discover that source within you. Always within you.”

In these talks, Goldsmith works from the framework of principles that he called the nature of God, the nature of prayer, and the nature of error. “If you understand these principles,” he maintained, “you have it all.” As the foreword to the book says, “In these times of external uncertainty, there is no greater gift of love and peace for humanity than the message found within these pages.”

Seek Ye First

ISBN: 978-1-889051-62-8

PAGES: 244

\$16.95

Most truth students know the Bible passage “Take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? for your heavenly Father knoweth that ye have need of all these things. But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you.” Yet although many believe they sincerely seek the kingdom of God, they do not experience the added things. Why? Joel Goldsmith’s book *Seek Ye First* illumines the inner, true

meaning of that familiar Bible passage in unique way that will elicit a resounding “A-ha!” in those who have struggled to understand it.

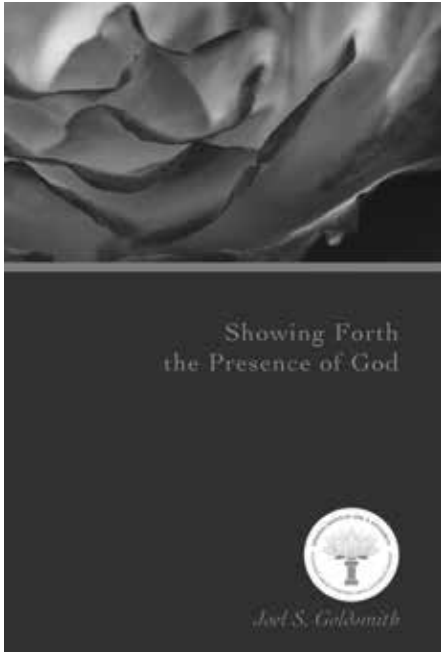

Goldsmith says that we do not experience the fruitage of the biblical promise because we hold onto erroneous concepts of God and prayer. We pray to God for things or we try to attain them through mental work. Before we can experience the grace of the “added things,” he says, we must first correct our concepts. Goldsmith proceeds to re-educate the reader on the nature of God and the nature of prayer as he masterfully goes through the spiritual principles and practices revealed in *The Infinite Way*.

The author asserts, “God’s grace can reach us only as we are attuned to the kingdom of God within.” Emphasizing that meditation is the way to come into this spiritual attunement, he reveals the secret: we must not go into meditation for anything. We must not go to God for health, wealth, companionship, or a home. We must have no material motive because this is the almost insurmountable barrier to God-realization. We must seek only illumination, the experience of the Christ within. “Only when you can stop taking thought for your life, stop praying to a Santa-Claus-God with promises to be good if only He will deliver, will you attain.”

While this may seem very abstract at first, Goldsmith reminds us that what takes place in our inner world governs our outer world. After we have found that inner Grace and made our inner contact, we awake and find that all things have been added unto us, for the illumined mind is the substance of fulfillment at every level of our existence – even the most practical.

Those who want to explore the depths of Goldsmith’s mystical teaching will find *Seek Ye First* a trustworthy guide brimming with a wealth of wisdom from his inspired classes.

[Note: *Seek Ye First* is the collection of the 1973 *Infinite Way* Letters.]

Showing Forth the Presence of God

ISBN: 978-1-889051-69-7

PAGES: 262

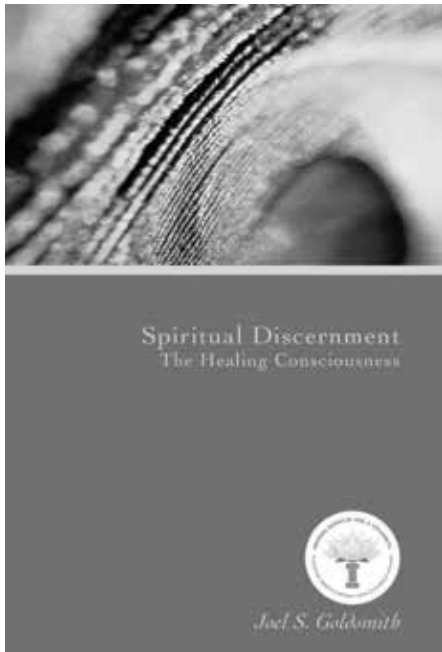

\$16.95

The theme and focus of *Showing Forth the Presence of God* is at the heart of the message of The Infinite Way: that within each of us dwells a living and immediate Presence, the Spirit of God, which is “closer than breathing and nearer than hands and feet.” Chapter by chapter, the author unfolds insightful, practical instruction on how to discover this Presence within and let it show forth. He illustrates with great care how this awareness will generate a new vitality and freedom in our day-to-day

affairs. “It is the nature of God that we be free. It is the nature of God that we be whole,” Goldsmith exclaims, and then goes on to emphasize who “we” are. “The son of God is more than a man who lived two thousand years ago; the son of God is the Spirit of God that dwelt in the man Jesus, and that dwells in every man. Therefore, the son of God is present in you and me.”

Discovering that Son of God within us and knowing what it means to express that in our daily life is the message of this book. Recognizing the truth that we are sons of God, we come to realize that the universe is not outside of us, but is embodied within our consciousness. “There is no selfhood apart from God,” Goldsmith explains, “nor is there a creation apart from God. What we call a material creation is not a material creation: it is a material sense of creation...everything in this universe answers, responds, and is subject to the divine Consciousness which is God.” *Showing Forth the Presence of God* will help the spiritual seeker understand the momentous implications of that truth.

[Note: *Showing Forth the Presence of God* is the collection of the 1980 Infinite Way Letters.]

Spiritual Discernment

ISBN: 978-1-889051-63-5

PAGES: 252

\$16.95

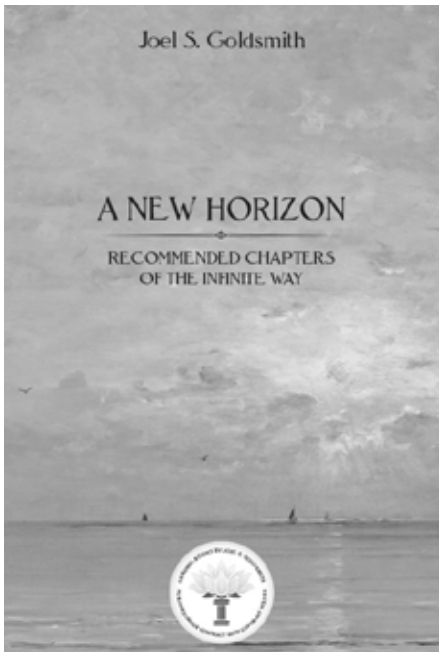

In this captivating book, Joel Goldsmith addresses a difficult problem encountered by many spiritual seekers. “You go from one truth to another and, if you are at all like most persons, you will someday say to yourself, ‘Well, I know all the truth that is to be known, but it doesn’t seem to do much for me.’” The reason for that, says Goldsmith, is that “so far it has been only an intellectual acceptance of the truth: it has not been the spiritual discernment of

it. It has not been an inner conviction; it has not come with spiritual power to make itself alive.”

Spiritual Discernment is a gift to any truth student who wants to go beyond intellectual understanding. Here Goldsmith is at his best, guiding the reader in how to develop the spiritual discernment that carries with it spiritual power. “We build the capacity of spiritual discernment,” he says, “as we agree that God’s universe is wholly good and wholly spiritual. With our eyes we cannot believe this, nor with our ears. Our mind will never convince us of this, because our mind is seeing, hearing, tasting, touching, and smelling too much of evil. Therefore, we must be still; we must attain quietness and peace and the ability to live in that attitude so that instead of indulging our likes and dislikes, instead of judging by appearances, we let the spiritual faculty within us discern the nature of that which is appearing to us and being revealed to us.”

Spiritual discernment is a capacity that we all have, but which lies buried deep and dormant within us due to the deadening human legacy of centuries of material experience. *Spiritual Discernment* goes a long way in helping the dedicated seeker liberate his capacity for spiritual discernment and bring it into its fullness. “As the inner faculty of discernment is developed,” Goldsmith asserts, “we begin to see spiritually, hear spiritually, and know spiritually, and in proportion as we develop the power of spiritual discernment, is everyone who comes within range of our consciousness blessed.”

[Note: *Spiritual Discernment* is the collection of the 1974 Infinite Way Letters.]

Spiritual Interpretation of Scripture

ISBN: 978-0-87491-003-2

PAGES: 160

\$16.95

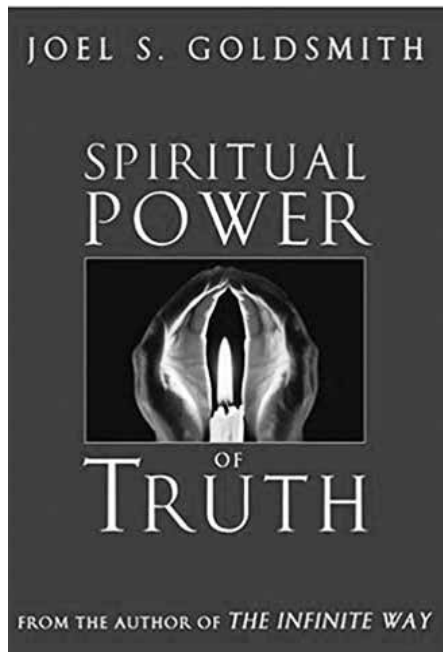

The Scriptures of the world seem to tell of two powers because they have been taken literally instead of interpreted in the light of spiritual inspiration. This has brought about a belief of separation between God and man, and this sense of duality is the root of all discord. So says Joel Goldsmith in *Spiritual Interpretation of Scripture*. But, he says encouragingly, when we interpret Scripture spiritually, the deepest lessons of the Bible by which we may live are revealed to us. Foremost among these lessons is that God is

the only reality of our being, and our conscious realization of our oneness with God will make the promises in Scripture real in our experience.

Goldsmith intrigues the reader with the idea that the Bible is not a book outside of ourselves or a series of events that took place thousands of years ago. He says, "Scripture is the unfolding of characters and movements or happenings that are taking place within you – right this minute. Every biblical experience can be found in your consciousness at some time or other." We embody within ourselves every Bible of the world, every philosophy, character and story, Goldsmith says, and when spiritually interpreted, these can be understood as states and stages of our spiritual development and unfoldment.

Working with Bible stories such as Creation, the Exodus, the Ten Commandments, Ruth and Naomi, and Joseph and his brothers, Goldsmith shows the reader how these really tell of our own experiences on the spiritual path, and he reveals the lessons they hold. Addressing the coming of the Messiah, a monumental theme in Scripture, Goldsmith says, "The Old Testament contains many prophecies of the coming of spiritual man, Messiah, Savior. The belief is that these prophecies referred to the coming of one particular spiritual man ... but the advent of the Christ is the coming of perfection in you and me."

Throughout *Spiritual Interpretation of Scripture*, Goldsmith offers fresh new meaning to many Bible passages and stories and demonstrates that the principles found in the Bible are echoed in many other Scriptures of the world. "These statements in the Bible," he says, "which really are laws, must become a very part of our being. They must be realized, not merely declared or stated; they must become the very fabric of our being, then we can experience the outward result."

Spiritual Power of Truth

ISBN: 978-0-875167-13-8

PAGES: 282

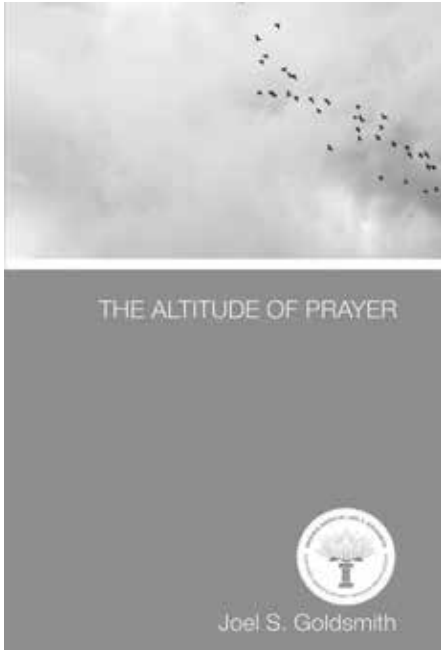

\$15.95

Jesus said, “Ye shall know the Truth and the Truth shall make you free.” What is this Truth that we must know? What is the freedom that it gives? These are some of the questions answered by Joel Goldsmith in *Spiritual Power of Truth*. The fact that Truth is true is of no avail to us, Goldsmith tells us. “That is why you’ve got to know the Truth. You have to know it consciously and you have to know it constantly. The responsibility is upon your shoulders.”

He explains, “The teachings of the world have not gone beyond seeking Truth through the mind, through books, and through teachings, and until you realize that you never are going to find the Truth in this way, you have not even begun your spiritual journey. The Truth, this secret behind the universe, it is not to be known with the mind or through the mind.” How, then, are we to know the Truth? Goldsmith makes it clear that ‘knowing the truth’ does not mean intellectually understanding statements of truth or repeatedly affirming them. Rather, knowing the truth is a deep realization in consciousness that comes through meditation and living the spiritual principles. Only when we have that realization can we experience the spiritual power of Truth. At the core of this realization, he explains, is always the truth that “I and the Father are one.”

In *Spiritual Power of Truth*, Goldsmith guides the reader through the terrain of spiritual wisdom on the subject of Truth, including the relationship of Truth and spiritual healing; the meaning of spiritual power and how it has been misinterpreted; the meaning of illusion; and how our knowing the truth can benefit others. Throughout the book, Goldsmith anchors his teaching in the spiritual truths that constitute the message of the Infinite Way: the nature of God, man, prayer, and error. Finally, ever determined that students will not simply take his word as truth but make it their own, he reminds the reader: “There is no way on earth that you are ever going to know that you have learned a lesson of Truth unless you demonstrate it, you prove it to be so.”

[Note: *Spiritual Power of Truth* is the collection of the 1989-90 Infinite Way Letters.]

The Altitude of Prayer

ISBN: 978-1-939542-61-8

PAGES: 172

\$16.95

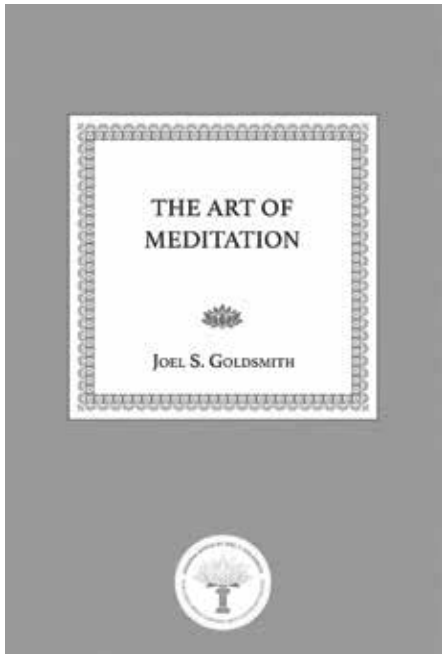

In *The Altitude of Prayer*, Joel Goldsmith gives the reader a new and fresh understanding of prayer and how to practice it. Contrary to popular belief, Goldsmith says, prayer is not our speaking to God. Rather it is God speaking to us. He explains that prayer does not require words or thoughts; it calls for stillness and silence. Prayer is an attitude, an altitude, and an atmosphere, he says. It is a state of consciousness, a commending of our souls, our destinies, our very selves into the hands of God.

True prayer opens a new dimension in our lives as we receive impartations from our true Self, the full and complete expression of God within. We avoid the disharmonies and discords of human life and climb to the highest altitudes of Spirit, where we see an expanded horizon of life's grandeur and possibilities. Our contact with this infinite Source within brings forth and maintains harmony, beauty, peace, wholeness and completeness, and we live by Grace.

With an incomparable blend of spiritual vision and practical advice, Goldsmith explains how we can attain the heights of prayer and the joy of union with our Source. Step by step, he lays out how to prepare for prayer through humility, benevolence, and forgiveness, and by emptying out all material desires and old ideas of prayer. We must also know, he says, that God is the only law and the only power, so that in prayer we do not seek God as a power over some evil. When we fulfill these conditions and make ourselves receptive, we create a vacuum into which the divine Presence can flow and function as our life. As he affirms, "Eventually the day comes when you can say, 'I am not living my own life. I am living, yes, but I am not striving or struggling: Christ is living my life.' Then you are praying the prayer that enables you to be in the inner sanctuary within yourself and there tabernacle with God."

Taking the reader through a typical day, Goldsmith shows how to live a life of prayer by beginning and ending the day in recognition of the Presence within, and throughout the day, remaining in an inner stillness and listening attitude even as we go about our daily routine. This is "keeping the mind stayed on God," and "praying without ceasing." *The Altitude of Prayer* is Goldsmith's most significant work on the subject of prayer, and will be a great inspiration to anyone who wants to deepen their awareness and appreciation of prayer.

[Note: *The Altitude of Prayer* is the collection of the 1968 Infinite Way Letters.]

The Art of Meditation

ISBN: 978-1-939542-67-0

PAGES: 184

\$16.95

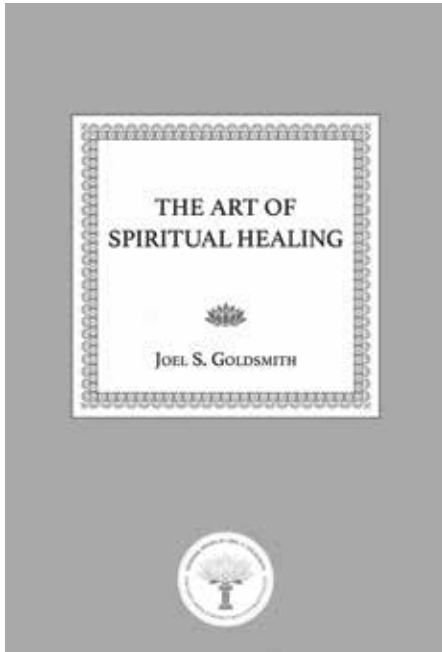

Many books have been written about inward prayer, or meditation, but Joel Goldsmith's classic, *The Art of Meditation*, presents meditation not as a theory, but as a joyous and rewarding experience. The book begins with these words: "Most men and women are convinced that there is a divine Power of some sort operating in human affairs, but they are not sure what it is, nor do they know how to bring this divine Presence and Power into daily experience." In *The Art of Meditation*, Goldsmith shows the reader the way, and it is through meditation.

Goldsmith says that on the whole, the world has no knowledge of God as the living Power and Presence with Whom we are one. If it did, its anguish, wars, sin, and death would vanish. But, he says, individuals can learn the nature of God and how to contact God. He writes: "Christ buried in the tomb of the mind will not come forth and do works, but Christ risen in our consciousness, Christ raised from the tomb through meditation and communion – that is the miracle worker of the ages." *The Art of Meditation* explains how this inner Presence, also called "the Christ," can be realized and can operate in daily life.

While many people pray for the purpose of getting something, Goldsmith explains that we should enter meditation without ulterior motive: "Any meditation that has within itself a single trace of a desire to get something from God or to acquire something through God is no longer meditation." He presents meditation as a turning within and listening. At some moment in that quietude, when human thought is stilled and the noise of human living is hushed, the God-experience comes in.

The Art of Meditation gives the reader careful instructions about how to undertake the beautiful spiritual practice of daily meditation. Goldsmith says that the purpose of this book is "to help students practice the art of meditation by which the Word takes root, so that they come into an actual awareness, an actual consciousness of living in the Spirit." The object is to reach the state of consciousness revealed by Paul: "I live yet not I, Christ liveth my life." Then God appears as the wholeness, the abundance, the harmony, the peace, and the joy of our experience.

One of the best known volumes of Goldsmith's work, *The Art of Meditation* is one of the four foundational books in the Infinite Way teachings.

The Art of Spiritual Healing

ISBN: 978-1-939542-68-7

PAGES: 216

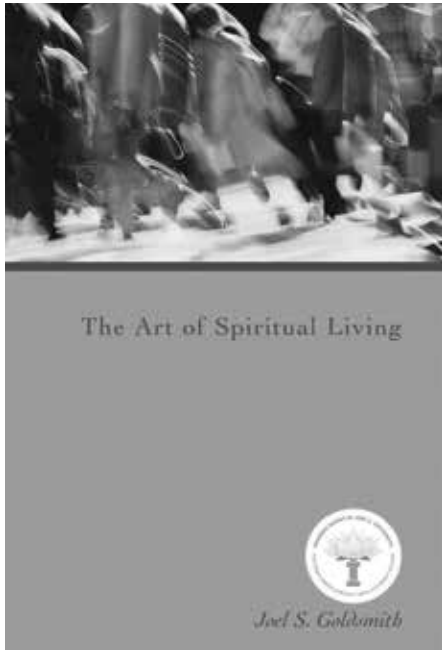

\$16.95

T*he Art of Spiritual Healing* is based on Joel Goldsmith's many years of experience in practicing spiritual healing. In a decided departure from other books on the subject, Goldsmith reveals the spiritual principles that are the foundation for spiritual healing. He alternates instruction with meditation to demonstrate his conviction that since physical health is a manifestation of consciousness, physical well-being is a natural result of attaining the consciousness of oneness with God.

Complete in scope and non-denominational in approach, *The Art of Spiritual Healing* is a simple, straightforward explanation of what to many is a mysterious and complex subject. The book is presented in four parts: "The Principles," "The Role of Treatment," "The Practice," and "Without Words or Thoughts."

Goldsmith believes that the world needs people who, through devotion to God, are so filled with the Spirit that they can be the instruments through which healings take place. He says, "There is not a person reading this book, who should not be ready to accept the responsibility of beginning to heal now. It is not your spirituality or mine that will heal anybody; it is not your understanding or mine that is going to heal. It is God's understanding to which we make ourselves receptive by becoming still."

Together with *The Art of Meditation*, *Living the Infinite Way*, and *Practicing the Presence*, this is a foundational book of the Infinite Way message.

The Art of Spiritual Living

ISBN: 978-1-889051-66-6

PAGES: 248

\$16.95

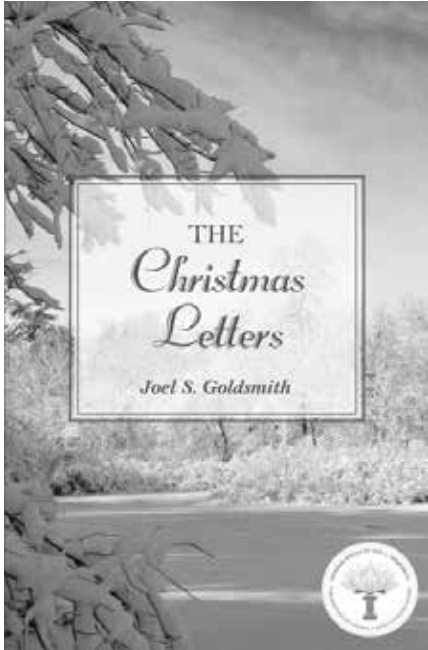

Joel Goldsmith has written many books about the principles that constitute the message of the Infinite Way. In *The Art of Spiritual Living*, he focuses on how we can bring those principles into every phase of life – health, supply, business, home, relationships – and experience their transforming influence. “Being able to live the spiritual life,” he says, is dependent upon your knowing, first of all, that God is your selfhood and the selfhood of everyone you meet, and then knowing that

the Father within you knows your need. You must know that it is His good pleasure to give you the kingdom, and you can rest and relax in that assurance. When you have that assurance, you are really living the spiritual life.”

With each lesson in spiritual living, Goldsmith drills down into the deeper meaning, as when he says, “The basis of all spiritual living is that I and the Father are one. But if we leave out any individual anywhere, we are losing our demonstration. We cannot say, ‘I and my Father are one,’ and then omit anyone else. It may be difficult at first to look around the world and as we recall a few names and faces, say with disbelief, ‘What? You, too, are one with God?’ No, judging by appearances; but in truth I and the Father are one is a universal truth.”

The Art of Spiritual Living lays out a clear choice between living humanly and living spiritually. Goldsmith gives the reader extensive instruction on how to live spiritually, from rising in the morning to retiring at night by anchoring oneself in the spiritual principles and practices of the Infinite Way message. Using interesting and sometimes amusing stories from his own experience, he illustrates the practicality of spiritual living and shows how it can shape every aspect of life and bring peace, harmony, and freedom. “All scripture is agreed that you must abide in Me and let Me abide in you. You must live, and move, and have your being in God, and you must let God abide in you.” This is the art of spiritual living.

[Note: *The Art of Spiritual Living* is the collection of the 1977 Infinite Way Letters.]

The Christmas Letters

ISBN: 978-1-939542-60-1

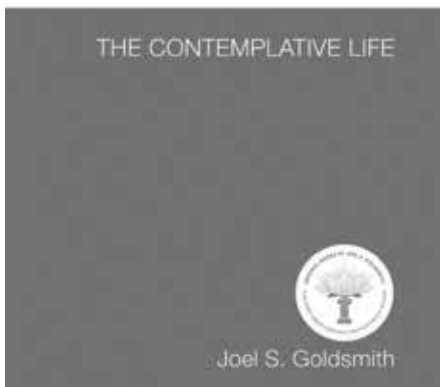

PAGES: 204

\$16.95

T*he Christmas Letters* is a collection of inspiring words from Joel S. Goldsmith that shine a new spiritual light on the inner joy of the Christmas season. It is a compilation of the December Infinite Way Monthly Letters that the author sent out over the many years of his ministry to his students around the world. Each chapter celebrates an aspect of the universal Christ message of “Christ in us.”

The material in the book may feel familiar to many and brand new to others, but what is clear is its purpose to illuminate for the reader the ever-growing richness of his or her own awakening consciousness with its ever-widening depths of spiritual discernment. *The Christmas Letters* touches all aspects of the spiritual journey from sense to Soul, highlighting the profound truth that Christmas is not one day in the year, but is the living reality hidden within each and every soul on earth.

The author writes, “*To understand Christmas Day, then, let us understand clearly that God has planted the seed of Himself in each of us, the seed that springs forth as the fully developed son of God whose mission it is that our lives may be fulfilled, that we may show forth the glory of God which the Master revealed.*”

The Contemplative Life

ISBN: 978-1-889051-44-4

PAGES: 232

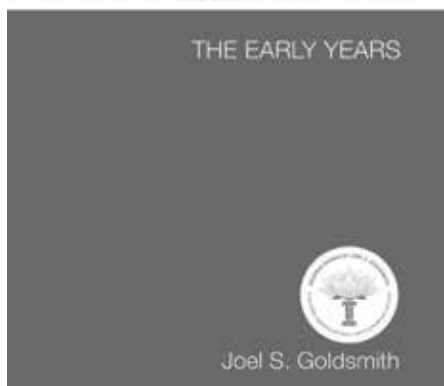

\$16.95

T*he Contemplative Life* is a guide for those who are seeking a way to be “in the world but not of it.” In this book, Goldsmith explains how to bridge the gap between the compelling activities of daily living and the absolute silence of our inner Being, where we are one with God. He brings fresh insight to the practice of contemplation and meditation and explains how to make the mind an instrument for the free flowing of the Spirit.

In *The Contemplative Life*, Goldsmith explains the life of contemplation and its mystical outcome: spiritual unfoldment and spiritual oneness. He explains how to become aware of the presence of God within and how we can come into the fullness of the scriptural promise that when we take no thought and seek God first, all things will be added unto us. In revealing how the practice of contemplation leads to actual inner experience of truth, Goldsmith covers topics such as conscious awareness, daily preparation for spiritual living, contemplative meditation, the secret of supply, and being a beholder of God’s grace.

After *The Contemplative Life* was published, Joel said that it became his “Infinite Way Bible,” and said that Chapter 8 in the book, “Contemplation Develops the Beholder” is one of the most important chapters in all of the Infinite Way writings.

[Note: *The Contemplative Life* is the collection of the 1961 Infinite Way Letters.]

The Early Years

ISBN: 978-1-889051-34-5

PAGES: 212

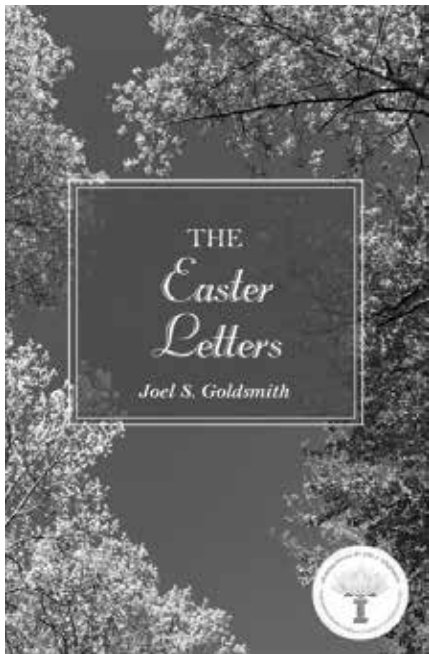

\$16.95

T*he Early Years* is a book of letters written by Joel Goldsmith, one of the twentieth century's greatest mystics, teachers, and spiritual healers. "This book," Goldsmith wrote, "reveals the foundation for the great unfoldment which later came to me in my work, and which is now unfolded in my deeper writings."

These letters were written to Goldsmith's students and patients from 1932 to 1946 while he was a Christian Science Practitioner with a worldwide healing practice.

As more and more individuals corresponded with him and shared these letters with others, they came to be known as the "Dear Friend" letters. "These Letters do not constitute an attempt to teach Christian Science;" Goldsmith says. "The reason for publishing these Letters is that this volume may serve to help students who have not yet found a foundation upon which to build the greater awareness of God. It presents the foundational stones upon which the superstructure of truth and love may be built in consciousness."

Each letter illuminates the relationship of love, truth, wisdom and candor Joel Goldsmith shared with his many "friends" while teaching essential spiritual principles and explaining how to embody these principles as their own.

The Easter Letters

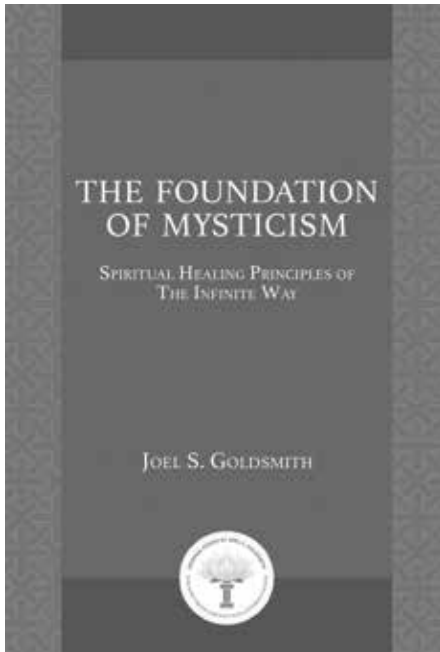

ISBN: 978-1-939542-62-5

PAGES: 204

\$16.95

As Joel Goldsmith's teaching and healing ministry took him to the far corners of the world, he sent a Monthly Letter to his students. *The Easter Letters* comprises ten of these letters, each of which beautifully commemorates the mystery and majesty of Easter. Whereas Christmas brings the promise of peace on earth to all, *within all*, Easter reveals the achievement of full Christhood by the Master and reveals the way by which we can attain immortality.

In *The Easter Letters*, Goldsmith seems to step from behind the dais and sit down with the reader who seeks this ascension above material sense. With warmth and clarity, he lays out the steps in the form of a concise outline entitled, "What the Infinite Way Reveals." With that masterful blueprint as a guide, the book brings into sharp focus the life of the Master Jesus, and provides powerful instruction and revelation about the living Easter experience that happens day by day in the life of every truth-seeker. *The Easter Letters* guides and inspires. It invites readers to consciously experience and embrace the ever-expanding life of birth, death (dying to concepts), and resurrection welling up within every living moment. It is a true celebration of Easter, and offers an inspiring set of contemplations and reflections for the Lenten season.

The Foundation of Mysticism

ISBN: 978-1-889051-22-2

PAGES: 386

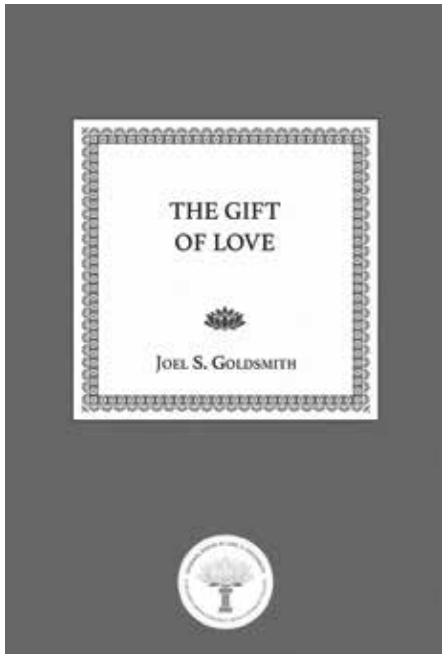

\$24.95

Joel Goldsmith's class work in Hawaii in 1959 was devoted exclusively to reintroducing the healing principles of the Infinite Way, which are essential to establishing a foundation for mystical living. *The Foundation of Mysticism* provides edited transcripts of these important tape-recorded classes, which Goldsmith later referred to as the most significant material available to fully understand the principles and the practice of The Infinite Way.

Speaking about spiritual healing, Goldsmith says, "If you have an infinite, eternal, immortal God, and in the entire kingdom of God there is no evil, then, as scripture says, 'God is too pure to behold iniquity.' Certainly God wouldn't tolerate it today and then heal you of it tomorrow. That would make of God a human being, and not even a very nice one. Oh, no! The reason healing is possible is this: God is, and God constitutes this universe, and God constitutes your being, which is perfect."

The Foundation of Mysticism is the fourth in a four-volume series of lectures that includes *Rising in Consciousness*, *Consciousness in Transition*, *Consciousness Transformed* and *The Foundation of Mysticism*. All four books present some of Joel Goldsmith's lecture series. *Rising in Consciousness* and *Consciousness in Transition* illuminate his early class work, *Consciousness Transformed* records the last years of his work, and *The Foundation of Mysticism* is devoted exclusively to reintroducing the healing principles of the Infinite Way. Together the series presents a holistic overview of a living message.

New students will find this classic book to be a valuable and complete introduction to the principles of The Infinite Way, while experienced students will benefit greatly from the fresh clarity with which Joel teaches the principles anew.

The Gift of Love

ISBN: 978-1-889051-85-7

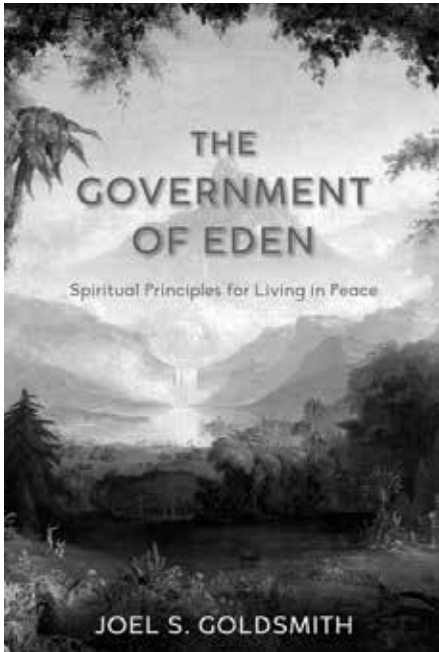

PAGES: 60

\$12.95

There are many misconceptions of what love really is, and *The Gift of Love* will do much to dispel these false concepts and reveal the true meaning of love. *The Gift of Love* includes a wedding talk given by Joel Goldsmith as well as his carefully chosen thoughts on the nature, meaning, and possibilities of love. This beautiful volume simply yet insightfully presents the power that love holds to transform us and our world. Goldsmith invites us to see love as a gift that has already been given, a gift that

becomes manifest at the very center of life. He shows us how love is the universal medium through which we can come to recognize the pure Christ in every person and every situation.

The Gift of Love gives words of inspiration to the newly married and reveals the special quality of wedded love, which can be the answer to many marital problems. But this book is really for everyone who wants to expand their understanding of love. As Goldsmith says, “Our first and foremost task is to fill our consciousness with love, forgiveness, gratitude, praise, loyalty, and devotion, not only to God, but to our neighbor as well. We must heal and cleanse ourselves until we become transparencies through which God’s love reaches the earth.”

The Government of Eden

ISBN: 978-0-87491-001-8

PAGES: 242

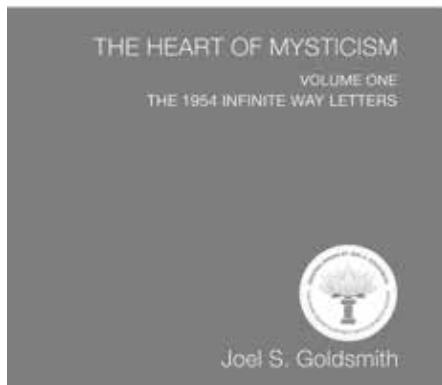

\$18.95

This extraordinary compilation of Joel Goldsmith's classwork focuses on areas of deep concern today, including government, politics, and voting.

Drawn from nearly 300 transcripts and numerous books, *The Government of Eden* offers an enlightening message of assurance, conviction, and practicality that is both timely and timeless. This volume is comprised of teachings that illuminate not only the nature of our divine consciousness, but also our all-important responsibilities

as spiritual citizens. With clarity and authority, the author details a spiritual approach to national and international affairs, governing, voting, politics, equality, tolerance, and other crucial issues that confront us regularly. Joel is not only calling us back to the peaceful garden of freedom and fulfillment within, but also guiding us to and through the gates of Eden, which have never been locked – except in belief.

We invite you to carefully examine the precious gems presented in this remarkable collection of spiritual revelations and insights. We are confident that you will find *The Government of Eden* to be an essential and living resource for spiritual development and awareness.

Vol 1–1954 Letters

ISBN: 978-1-939542-72-4

PAGES: 126

The Heart of Mysticism: Volumes I–VI *The Infinite Way Letters 1954–1959*

Each \$16.95

Beginning in 1954, Joel wrote a monthly Letter as a specific teaching tool for his students and felt this was his way of remaining in touch with those who sought his guidance in all parts of the world. He could not emphasize the importance of these Letters enough and stated in one of his final classes that:

The books of the *Infinite Way Letters 1954, '55, '56, '57, '58, '59* and then *Our Spiritual Resources* created from the *Letters* of 1960 and *The Contemplative Life* created from the *Letters* of 1961 are as important as any books we have, if not more so, because here you get in

every chapter certain principles and their application so that you can always go to those books and find a working tool.

Although all of Joel's monthly *Letters* after 1959 were eventually published as individual books with specific titles, those considered among the most valuable—the 1954 through 1959 *Letters*—were not. Acropolis Books is pleased to present a six-volume collection of these invaluable *Letters* entitled *The Heart of Mysticism*.

The Infinite Way

ISBN: 978-0-87516-309-3

PAGES: 199

\$10.95

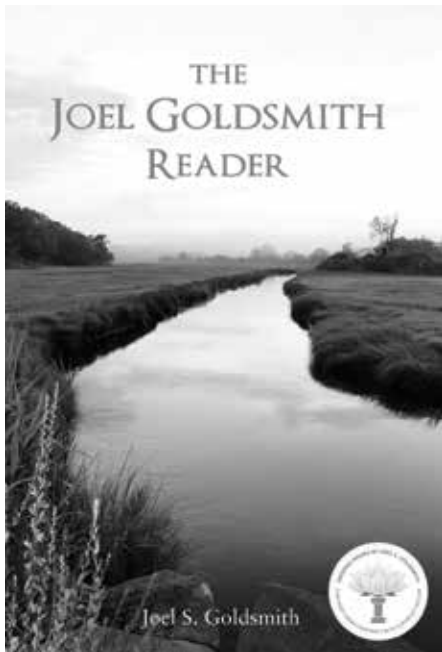

Now considered a spiritual classic, *The Infinite Way* was Joel Goldsmith's first book. After its publication, Joel said that he was no longer a man with a message, but a message with a man. Joel introduces *The Infinite Way* by saying, "In this small volume I have written the spiritual truth as I have gleaned it through over thirty years of study of the major religions and philosophies of all ages ... Be assured inner peace will come as one turns to the spiritual consciousness of life, and an outer calm will follow in one's human affairs. The outer world will conform to the inner awareness of Truth. The authority for all

of this revelation will be you, as you yourself experience this change within and without."

The Infinite Way is filled with the spiritual ideas and principles that are the foundation of The Infinite Way message. Goldsmith inspires, and possibly surprises, the reader with statements such as "Immortality is attained in proportion as personal sense is overcome ... and that can be achieved here and now;" "Spiritual illumination enables us to discern the spiritual reality where the human concept appears to be;" and "To many, the word Christ persists as a more or less mysterious term, rarely if ever experienced by them. This we must change if we are to benefit by the revelation of a divine Presence of Power within us. Jesus told his disciples that they too are the Light of the world." In this book, Goldsmith gives the reader the richness of the spiritual principles that constitute the message of The Infinite Way.

Readers will find the chapter "Soul" to be one of the most illuminating on that topic in spiritual literature, and the chapters on meditation, prayer, and supply will give the reader a fresh, new perspective on those timeless subjects. Joel himself said that the chapters "The New Horizon" and "The New Jerusalem" are two of the most important chapters in the Infinite Way writings. The section "Wisdoms of the Infinite Way" provides a collection of more than 100 short statements of spiritual wisdom that came to Joel Goldsmith in meditation. "Study the Wisdoms earnestly," says Goldsmith. "Live with them day in and day out. Meditate on them and they will open up a way before you – the way of fulfillment."

Goldsmith chose to put this quote from Lao-Tze at the beginning of the book: "There is no need to run outside for better seeing, nor to peer from a window. Rather abide at the center of your being; for the more you leave it, the less you learn." Throughout the ages, this one message has withstood the test of time and continues to ring true today – seek the answer from within, and you will find the Truth. This is the message in *The Infinite Way*, and it has helped millions look inward and find "the peace that passes understanding."

The Joel Goldsmith Reader

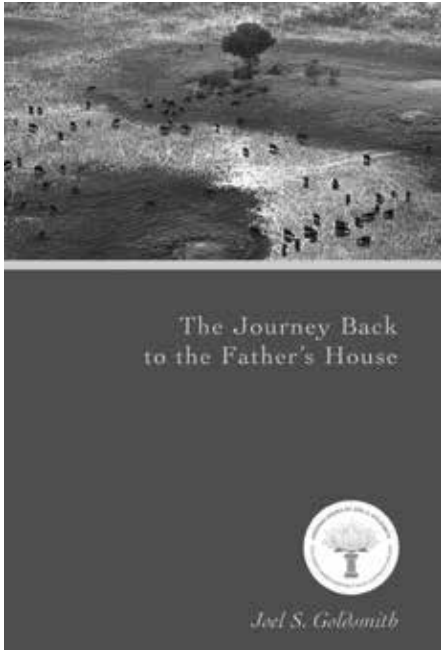

ISBN: 978-1-939542-66-3

PAGES: 414

\$24.95

Anyone who wants to explore the work of Joel Goldsmith, one of the great spiritual lights of the twentieth century, will enjoy *The Joel Goldsmith Reader*. It includes selected chapters from nine of Goldsmith's illumined books: *Realization of Oneness*; *Beyond Words and Thoughts*; *God, the Substance of All Form*; *Living Now*; *The Contemplative Life*; *Conscious Union with God*; *The Master Speaks*; *Man Was Not Born to Cry*; and *Consciousness Unfolding*. The selections cover a

wide range of topics from the nature of God and prayer, to the meaning of the Christ, to spiritual healing and spiritual practice. Readers who are new to the Infinite Way and find spiritual resonance with these selections will enjoy going on to explore the vast treasure of Goldsmith's work that is available for deeper study.

The Journey Back to the Father's House

ISBN: 978-1-889051-68-0

PAGES: 256

\$16.95

Drawing its title from the biblical story of the prodigal son, *The Journey Back to the Father's House* explains that we have wandered away from knowing our true Self and our spiritual home in the kingdom of God within. We have immersed ourselves in the deceptions and illusions of the material world, and if we want a life of true peace and harmony, we must make the return journey. This is a journey which is accomplished within ourselves as an activity of consciousness.

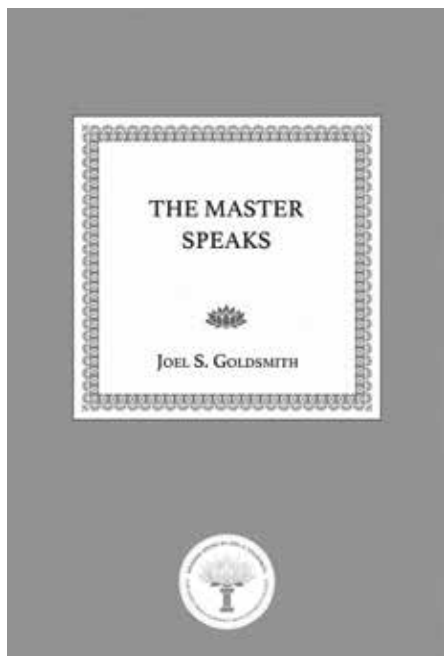

Goldsmith says, "In any moment of your life, you can begin the journey back to the Father's house. In your human sense of life, you are a prodigal son. Each day you are using up some of your life – each day some of your strength, health, or wisdom is lessening in the human picture. That is the life of the prodigal." But, he continues, "The moment that you realize, 'Man shall not live by bread alone' or by the body, but by every word that proceeds out of the mouth of God, you are not living on your strength, your supply, your body, or the number of your years. Now you are drawing forth your life and abundance from the source."

But how are we to make this return journey? Goldsmith explains that we must attain "that mind which was in Christ Jesus," or the transcendental mind that goes beyond the mere intellectual understanding of the letter of truth to the full spiritual realization. He shows the reader how to make that transition by clearing out old concepts of truth, meditating faithfully, and continuously practicing and applying spiritual principles.

But, Goldsmith counsels, the journey takes time and practice: "Every truth heard or read that makes you feel it is truth, is a seed that is being taken into your consciousness. You can no more expect it to do something for you tomorrow than if you planted an apple seed today and expected to find apples growing in your yard tomorrow." The seeds of truth must be nurtured and fed until they are in full flower.

As we live with these seeds of truth and cultivate them in a receptive attitude, Goldsmith says, we are on the path back to the Father's house and to realizing our original relationship of oneness with God. This relationship of oneness is the pearl of great price that enables us to open out a way for harmony in all aspects of life to come forth from within.

[Note: *The Journey Back to the Father's House* is the collection of the 1979 Infinite Way Letters.]

The Master Speaks

ISBN: 978-1-889051-64-2

PAGES: 248

\$16.95

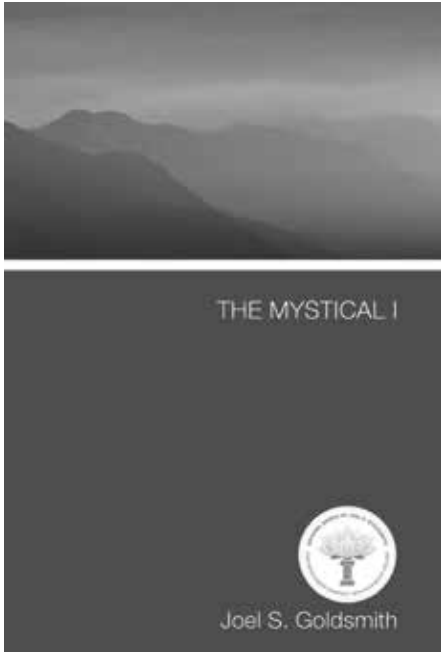

T*he Master Speaks* is a non-denominational book that will appeal to anyone interested in spiritual healing. It is based on the teachings of Jesus about the principles of spiritual living and spiritual healing, and can serve as a basic text for those interested in Christian mysticism.

Throughout the book, Goldsmith beautifully weaves together Bible references and the spiritual principles that form the Infinite Way message. He takes the reader through a detailed course of instruction around three major steps: attaining the conscious awareness of the presence of God;

learning meditation, reflection, and introspection; and learning the nature of error. He says, “Unless our thought responds instantly to the fact that God is the only life, that God is all there is to individual being; and unless in our heart and Soul we truly believe that, we cannot be spiritual healers.”

The secret to spiritual healing, Goldsmith says, is knowing the true identity of every individual, and this comes through spiritual discernment. A spiritual healer does not deal with the mortal picture and try to change it. “We go right to the center of being, and there recognize Christ, the Spirit, the presence and power of God,” he says. “As we do that, we do not heal human beings; we do not enrich them, although that is the way in which it appears to the world. What we do is to bring to light their spiritual identity—that which has always been there, but which has seemed to have disappeared.” But Goldsmith is careful to emphasize: “It is not understanding truth that heals: it is the divine state of spiritual consciousness that heals; and the one who has that state of consciousness is a practitioner.”

In *The Master Speaks*, Goldsmith also lays out the differences between traditional metaphysics and The Infinite Way message, and he gives extensive practical advice on many aspects of the healing ministry for those who find themselves led to it. He offers the idea – astonishing to some – that “Everyone on earth has, potentially, the same consciousness as Jesus Christ. The question is: are we willing to put in the hours of devotion; are we willing to make the effort required to train ourselves to be conscious of the presence of God, instead of seeking some form in which God is to appear? There is the whole secret. It is up to us! If we can rely wholly on the Principle, on Consciousness, we can attain the consciousness of the Christ.” For those who are drawn to that quest, *The Master Speaks* is a substantial first step on the journey.

The Mystical I

ISBN: 978-1-889051-76-5

PAGES: 192

\$16.95

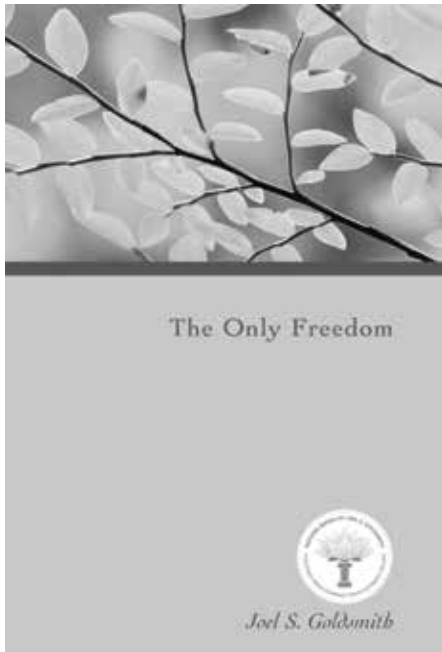

In *The Mystical I*, Joel Goldsmith reveals in contemporary language that which Jesus showed to the world _ that there is a human “I” and an “*I*” that is the Son of God. Jesus said “I can of myself do nothing,” and that is the truth about our human I. But as the “*I*” that is the Son of God, the Master announced, “*I* am the way, the truth and the life.” *The Mystical I* gives readers the fullness of this relevant and timely Christ message. Goldsmith shows us that this “Son of God I” is the I that “stands at the door

and knocks” within each and every one of us awaiting recognition and acknowledgment. For ages this profound truth has been veiled, says Goldsmith, by worshiping the one who reveals the Word of God, instead of the I abiding within each of us. As a result, we have lost touch with this true I, and that is the reason for all of our problems.

The Mystical I answers the age-old question of how to attain oneness with the I that we truly are, that which fulfills us. Goldsmith writes, “When you open the door of your consciousness and admit I, you will find the Presence _ at first slowly and gradually, because none of us could take it all in one leap _ but you will find that the Presence flows out from you in the forms necessary to your daily experience.” Goldsmith gives encouragement to the reader to be receptive and listen for the “still, small voice” of God and to cherish it secretly in consciousness until it flows freely and fully. Then, he says, you will be able to hear, “I in the midst of you am God.”

The Mystical I is a wonderful gift that will be cherished by all who want to plumb the depths of spiritual consciousness.

[Note: *The Mystical I* is the collection of the 1966 Infinite Way Letters.]

The Only Freedom

ISBN: 978-1-889051-70-3

PAGES: 228

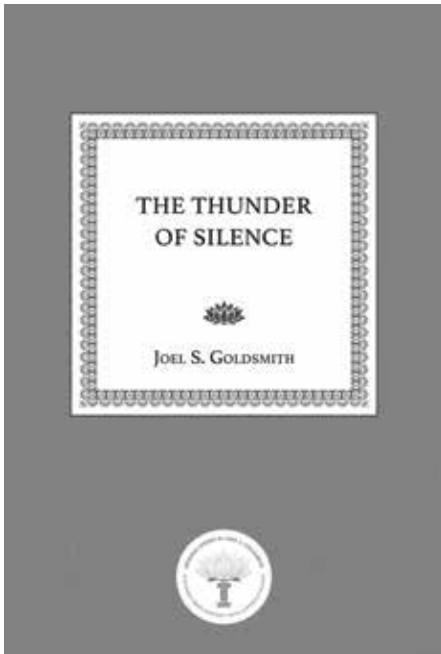

\$16.95

T*he Only Freedom* reveals the possibility of attaining a state of permanent freedom. It is not the freedom we experience when we recover from some disease, for in that state we always know or expect that some other ailment can afflict us. It is not the freedom from lack that a wonderful new job or large inheritance may bring, for these also can fail us. The freedom described in *The Only Freedom* is a freedom already within us, but which can be reached only through the discipline of knowing

the truth—the truth about God, man, and the nature of error—and standing firmly in the principles behind these truths. As Goldsmith says, “If we are not abiding in the Word and letting the Word abide in us, all the evils of this world can come near our dwelling place.”

Throughout this book Goldsmith shows us how to find “the liberty of the sons of God” within ourselves. He says that it may not be easy, but that freedom and fulfillment will be the end result: “Wherever there is a realization of God, man is given his freedom, not only spiritual freedom, but a spiritual freedom which becomes evident as physical, mental, moral and financial freedom.”

[Note: *The Only Freedom* is the collection of the 1981 Infinite Way Letters.]

The Thunder of Silence

ISBN: 978-1-939542-69-4

PAGES: 228

\$16.95

Joel Goldsmith studied the spiritual literature of the world and he writes, “Insofar as I have observed from my study of the spiritual literature of the world, the truth stated in this book has never been fully revealed before, yet it is the absolute basis for true spiritual living.” *The Thunder of Silence* is based on the principle that there is an inner Grace available to all that does not operate through or by physical might or mental powers. Most people are not aware of this Grace, but when It is consciously

realized, it will bring into expression everything that is necessary to our unfoldment. But, Goldsmith says, there is a price: this Grace operates only when we are willing to relinquish faith in anything and everything less than God – even faith in the “God” the world thinks it knows.

Speaking about *The Thunder of Silence*, Goldsmith says, “It is a radical book. It will blow sky-high concepts of God that have been built up over the centuries.” But he cautions: “Readers of this book cannot expect that the mere reading of it will enable them to live by its revealed principles. Those who feel a thrill of recognition in their first reading should make this book their constant companion day and night until their materialistic state of consciousness begins to yield.” *The Thunder of Silence* will surely be a great help to spiritual seekers who want to reach that state of consciousness in which they can truthfully say, “I live, yet not I, but Christ liveth in me.”

The World Is New

ISBN: 978-1-939542-63-2

PAGES: 256

\$16.95

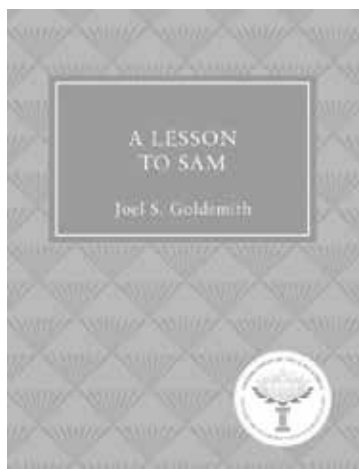

T*he World Is New* is a superb exposition of Joel Goldsmith's path to practical spirituality called The Infinite Way. The major theme of *The World Is New* is that recognizing our spiritual identity as the Christ, or God appearing as individual being, makes for newness of life. "The world is new to every soul when Christ has entered into it," says Goldsmith, quoting from the inscription in the Stanford Memorial Church that inspired the title for the book. To embody the principles set forth so clearly

in this book is to experience that newness of life that makes the whole world new and unexpectedly wondrous.

"How many times we have read in the New Testament about the Father within! How many times we have read what Paul said: 'I live; yet not I, but Christ liveth in me,'" says Goldsmith. "But how seldom have we sat down with ourselves and felt that we must get acquainted with this Father within and find out what Paul meant. Few ever really investigate and find out if what Jesus said is true."

The World Is New helps the reader with that investigation, setting forth the breadth and depth of Goldsmith's teaching with unequalled clarity, and teaching the spiritual practices that will bring the seeker to the spiritual freedom that is attained when we touch the Christ of our own being and actually feel the divine Presence within us.

"There are those who have ears but do not hear and those who have eyes but do not see," Goldsmith says. "We have eyes, certainly. But do we see an infinite supply of good? We cannot see it with our human eyes. We see it only with that inner eye, when our attention is centered on receptivity to God. In that inner vision, we can behold everything present now. It is all here. We do not need to have a single new thing added to our experience to make it complete. We have only to open our spiritual eyes to see the fullness and completeness of God's universe, which is already here and which is already now – and then the world is new."

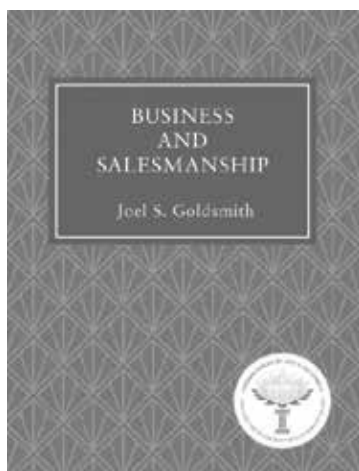

A Lesson to Sam

ASIN: 978-1-546585-65-7

PAGES: 24

\$6.00

A *Lesson to Sam* is Joel Goldsmith's heartfelt message written to his stepson who was going away to school. The author knew that the profound spiritual principles contained in the letter, principles that had been a living part of their life at home, would guide his son no matter what new experiences he was to meet. He provides a simple practice of meditation for Sam that need only be a moment or two long several times a day: "...listen way down inside of yourself; and then remember that this day which lies ahead of you is now God-governed, God protected, God-maintained, and God-sustained because you have consciously opened your consciousness to the presence and the government of God." This small booklet is not only a gift of love from a father to a son, but a practical guide for spiritual seekers of all ages.

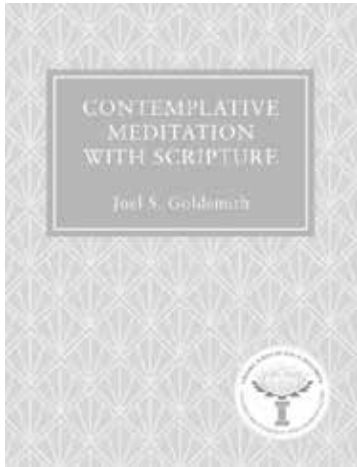

Business and Salesmanship

ASIN: 978-1-546458-87-6

PAGES: 24

\$6.00

In these two essays, the author breaks down the myths about business and salesmanship, myths that include good business seasons and bad, dependence on the economy and getting an edge on one's competition. He emphasizes that business and salesmanship are divine ideas, and limitations appear only when individuals believe that they are separate and apart from the divine source of their good. "The beginning of our understanding, or the starting point is this: there is but one Mind, and this Mind is the Mind of individual man. Therefore, the Mind of the buyer is the Mind of the seller; the Mind of the customer is the Mind of the storekeeper; the Mind of the designer, the manufacturer, the wholesaler, retailer and ultimate consumer is one and the same Mind, the only Mind individually expressed." This essay was ahead of its time when first published and is still ahead of its time. It is of particular use for anyone providing services to the public.

Contemplative Meditation with Scripture

ASIN: 978-1-546600-50-3

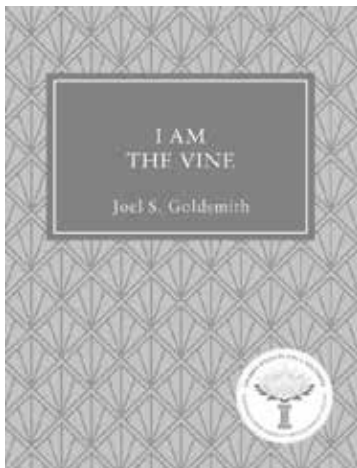

PAGES: 32

\$6.00

“**C**ontemplative meditation is the preparatory step before pure meditation without words or thoughts and its main purpose it to keep the mind stayed on God ... to acknowledge Him in all our ways ... so that in quietness and in confidence we may ‘be still and know that I am God.’”

In this invaluable message, Joel Goldsmith guides the reader through the practices of contemplative meditation. Not only does this book outline specific exercises useful for daily life, it reveals that meditation is a way of life that will bring the meditator into the ultimate experience of Oneness with his or her Source. That experience “without words or thoughts” brings peace and spiritual abundance into limitless expression.

“Your having contemplated these truths is the reason there is peace in our midst. You have brought “the peace of God which passeth all understanding.” If there is love here with us, you have brought the love that is without limit. If there is supply you have brought God’s storehouse. All that the Father has is yours, and you have brought it here.”

I Am the Vine

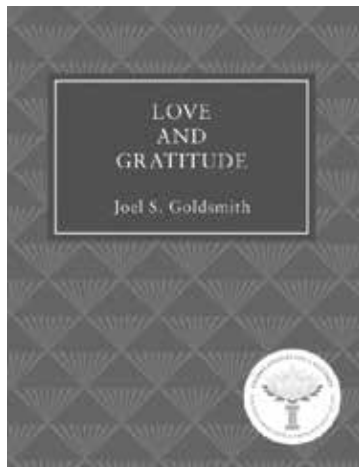

ASIN: 978-1-546600-79-4

PAGES: 44

\$6.00

In this well-loved essay, Joel Goldsmith explores secrets revealed in the 15th Chapter of John: “I am the vine, ye are the branches: He that abideth in me, and I in him, the same bringeth forth much fruit: for without me ye can do nothing.” Goldsmith illuminates the universal principle that there is just One Being expressing as the many. Most live as if they were separate from that One, and so miss the infinite bounty that

is their inheritance. The author expands on the mystical teaching in John, that no man or woman is separate and apart from the vine of their true being, the Kingdom within. He writes, “there is only one subject on which you need to be enlightened: What is the nature of God?” It is this inward realization of “I am connected to the vine” that transforms a limited outer life into one of abundance and service.

Love and Gratitude

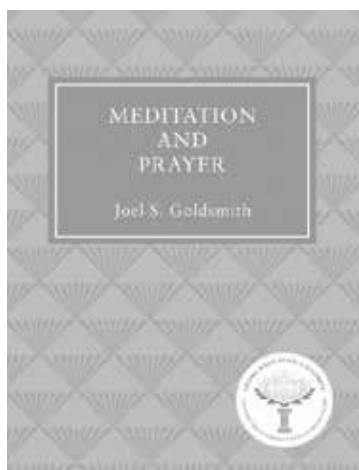

ASIN: 978-1-547226-41-2

PAGES: 72

\$6.00

L*ove and Gratitude* is a compilation of two noted essays by the author. The first essay uncovers secrets of Love and how readers may experience love flowing from and to them in all areas of their lives. Exploring the many dimensions of Love—as supply, as forgiveness, as the Source, as outward expression—the author affirms that in order to experience and express Love it is necessary to come into a new understanding of Love and its source.

The essay, “Gratitude” was a divine impartation received by the author and shared with others. Here the principles are presented with a vitality that invites in-depth study. “Gratitude has a meaning far beyond the word gratitude itself, or even any idea connected with gratitude. It goes deep into the reality of being.” Like the essay on Love, Goldsmith opens facets of gratitude which are at the heart of the deepest universal spiritual principles. “The infinity of good must unfold from within you, through you, to the world.” This is a booklet that may well be carried in purse or pocket until well worn.

Meditation and Prayer

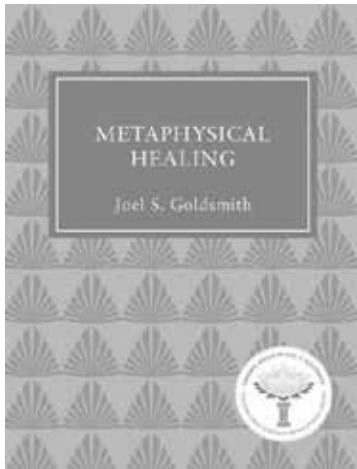

ASIN: 978-1-547226-67-2

PAGES: 36

\$6.00

Written with clarity and depth, “Meditation” addresses the questions of how to meditate and why to meditate. From first waking in the morning, carrying on through the day into evening, Joel Goldsmith teaches that it is essential that a spiritual student take time away from the daily routine to contact the Spirit within. “The grace of God which we receive in these periods of meditation or prayer becomes tangible to us in the fulfilling of our so-called human needs.”

The author writes in “Prayer,” “Communion with God is true prayer.” In prayer—not the beseeching prayer to get something from some far-off God, but true communion—the individual finds that indeed, the kingdom of God is within his or her very own being. As spiritual seekers move away from a prayer that attempts to get God to do something for them or their loved ones, they find “it is our conscious awareness of the oneness of Being—the oneness of Life, Mind, Truth, Love—that results in answered prayer.”

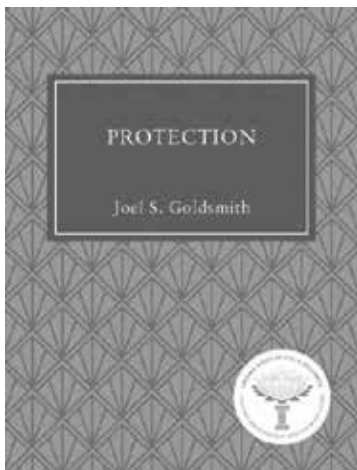

Metaphysical Healing

ASIN: 978-1-547226-93-1

PAGES: 40

\$6.00

In his many years, first as a Christian Science practitioner, and then leaving that, traveling the world expounding the message of The Infinite Way, Joel Goldsmith never wavered from the principles and the practice of spiritual healing. In this essay, he writes, “we bind ourselves by believing there is a power outside of us—power for good or for evil. All power is given to you. And this power is always good because of the infinite source from whence it flows.” He goes on to write, “Whenever you are faced with a problem, regardless of its nature, seek the solution within your own consciousness.” The author maintains that the failure to heal resides in mis-knowledge about God and about individual being. The revelations in this essay bring to light a new understanding of the individual as infinite, spiritual consciousness. With that key understanding as a foundation, Goldsmith lays out, step by step, the way of spiritual healing.

Protection

ASIN: 978-1-547227-02-0

PAGES: 48

\$6.00

Protection is one of the writings highly recommended by Joel Goldsmith. This essay originally appeared as a chapter in the book *The 1955 Letters*, but stands alone as a thorough and illuminating study of what it means to live fully in the dimension of spiritual awareness. In the material world, “protection” summons up images of defensive armor or offensive weaponry to be taken up against innumerable outside forces or situations.

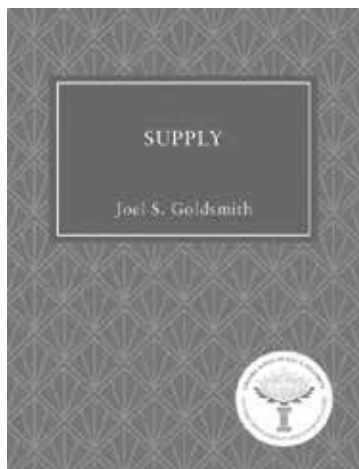

Always, the question is, how to find protection against these outside forces?

Goldsmith lays out a wholly new consideration of protection: “In The Infinite Way we have learned that God is One: therefore, God is one power, and we live in that conscious Oneness.” With that cornerstone of spiritual life, what does protection mean to the spiritual seeker? That important subject is the theme of this essay. If readers were to have this one essay alone for study, they would have the whole of The Infinite Way teaching.

Supply

ASIN: 978-1-547227-15-0

PAGES: 32

\$6.00

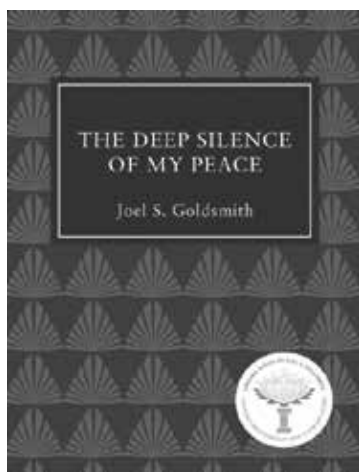

“**T**ake no thought for your life, what ye shall eat; neither for the body, what ye shall put on.” Starting, in part one with an in-depth study of Luke 12: 22-32, the Master’s quintessential teaching about supply, the author reveals that, “within you and within me there is...a law—a law of life—and our awareness of the presence of this law is our supply.” That law of Life, he teaches, is always “producing its own image and likeness in the form of those things necessary to your well-being.”

Part two presents an invaluable yet practical application of this principle of Oneness in daily life. To live humanly, he maintains, is to live in a world of concepts about supply—a world governed by chance, limitation, mental and health laws—universal beliefs which act as law upon those who are not alert and awake. “What must we do to keep ourselves free of these suggestions, so that we can live above them?” The author teaches that as concepts and beliefs about supply are eliminated, the unlimited nature of supply is revealed.

The Deep Silence of My Peace

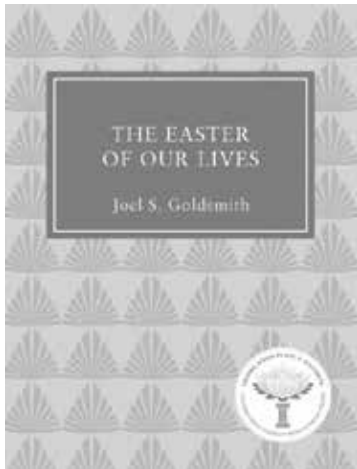

ASIN: 978-1-546600-62-6

PAGES: 32

\$6.00

This inspired message is one of the most beloved of all of Joel Goldsmith’s recorded talks. It is both a healing meditation, and a revelation of the Christ presence, the “peace, be still,” available to all seekers of divine wisdom. “From the depth of this inner silence come forth the healing waters. These waters bring everlasting life. Out of the depth of this silence comes the Spirit, which appears as our cloud by day and our pillar of fire

by night. Out of the depth of this silence come the safety and the security which always follow the peace that God gives.” Many have turned to this talk in times of sorrow or doubt and have found healing and release. “I do not ask you to believe the signs. I do not ask you to believe, even if you experience a healing; I will only ask you to believe if you feel the Touch within you, the Presence, the Light, the Life.”

The Easter of Our Lives

ASIN: 978-1-547227-27-3

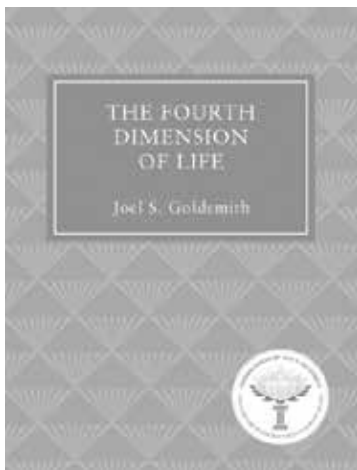

PAGES: 36

\$6.00

With vivid clarity, Joel Goldsmith takes the reader to the Garden of Gethsemane to stand by the side of the Master as he reflects, alone and deserted by his disciples. “Then, have I failed? Did I fail?” and from somewhere deep within his own being comes the answer, ‘you could not succeed and you could not fail, because this is not your work. This is My work, you are My instrument.’”

This powerful message captures the essence of what it means to realize “God, Itself, is our power; God, Itself is our presence.” The author emphasizes that the celebration of Easter is not about an event that took place two thousand years ago. Rather it is the symbolic revelation of a principle that God alone Is. This is the Easter experience that lives in us, but only if we have “eyes to see and ears to hear.”

This essay is Joel Goldsmith at his finest. Each paragraph yields a treasure of spiritual guidance and truth.

The Fourth Dimension of Life

ASIN: 978-1-547227-21-1

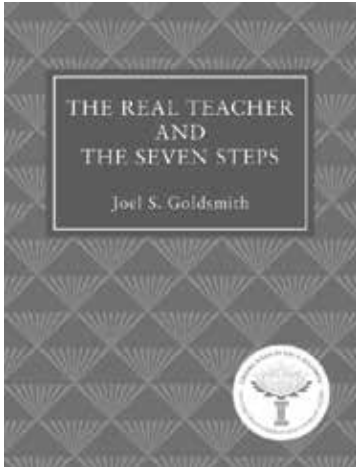

PAGES: 24

\$6.00

In this excerpt from the outstanding “Thunder of Silence” talk, which remains among the most profound of Joel Goldsmith’s teachings, he writes, “There comes a point in your experience when you are not solely you—but in which you are conscious of a Presence within.” What the author unfolds in this talk is how to attain the higher dimension and details very practical steps that living in this realm requires in day to day life. This is a

message that is as accessible to readers as it is profound. “Do you see?” the author exclaims, “There is a Spirit in you; there is a divine Spark which we call the Christ, which lifts you into the Fourth Dimension of life—into a state of Consciousness in which you do not live by personal efforts, personal will or wisdom, or even personal health—in which you find yourself empowered from within, from the Kingdom of your own being.”

This small book is a loving and compelling invitation to all to come into the fulfillment of their true being.

The Real Teacher and The Seven Steps

ASIN: 978-1-547277-01-8

PAGES: 36

\$6.00

“**T**he Real Teacher and the Seven Steps” message is in the “not to be missed” category. Compiled of two essays, the first part reveals that the real Teacher is not a person, and a real teaching does not come from the human mind. “Christ is that state of consciousness which is man’s Teacher.” Only with that realization may a seeker of truth come into a higher way of life. In the second essay, “The Seven Steps,” the author lays out, and then elucidates, seven spiritual principles. They are presented in a way that is conducive to consistent study—taking each principle one by one or as a whole. This is a volume of interest to a new student or to a long-time seeker of truth.

The Secret of the Twenty-third Psalm

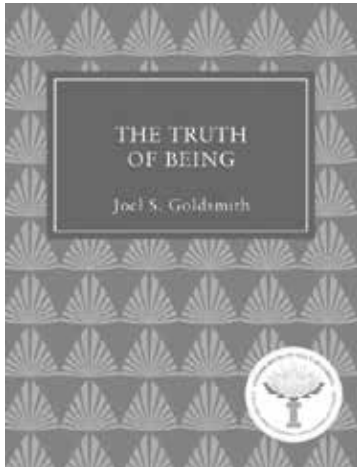

ASIN: 978-1-547227-09-9

PAGES: 56

\$6.00

In this two-part essay, the author uses two beloved Psalms to unlock the mystery and meaning of true prayer. Using the Smith translation of Psalm 19, Goldsmith points to the truth that for prayer to be effective, an individual must come into an understanding that “Prayer has nothing to do with anything we voice ... whether in the form of a petition, affirmation, denial or any other form of speech or thought. Rather, prayer is that which we become aware of in the silence ... the word of God uttering Itself within our consciousness.” From Psalm 19: “Day unto day pours forth speech.... Night unto night declares knowledge. There is no speech nor are there words ... their voice is not heard, yet their voice goes forth through all the earth and their words ... to the ends of the world.”

Part two of the essay is called, “Practical interpretation of the Twenty-third Psalm.” In this message, which came through inspiration, Goldsmith writes, “Here is a form of prayer that harmonizes most beautifully with the message of The Infinite Way and its idea of prayer.” He goes through the Psalm—“the Lord is my shepherd”—verse by verse and brings each into the light of new understanding. This volume provides much more than instruction and guidance about prayer.

The Truth of Being

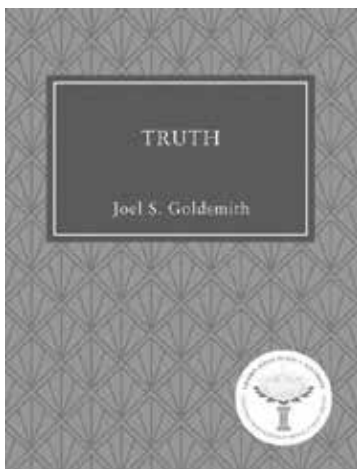

ASIN: 978-1-547277-39-1

PAGES: 68

\$6.00

This not to be missed writing is a compilation of two of Joel Goldsmith's "recommended chapters." "Love Thy Neighbor," the first essay, is a chapter from the book *Practicing the Presence*. Taking as its premise the principle that Love is the law of God, and God and all individuals are one, the author writes, "When we see God as the cause and our neighbor as that which is in and of God, then we are loving our neighbor whether that neighbor appears as a friend, relative, enemy, animal, flower, or stone."

Part two of this writing, "The Relationship of Oneness," is one of the most important chapters of all the Infinite Way writings. "Your world and mine is an out-picturing of our consciousness: When that consciousness is imbued with truth, our universe expresses harmony, orderliness, prosperity, joy, peace, power, and dominion; when there is an absence of truth in our consciousness—an acceptance of world values and world beliefs—then our world takes on the complexion of the chance, change, and luck characteristic of world belief. All conditions reflect the activity of the consciousness of the individuals concerned." In this essay, the reader has guidance about how to apply principles of the Infinite Way in specific life situations. These two chapters encapsulate the whole of the Infinite Way message as it applies to relationships and to expressing love to family, neighbors, the community, so-called enemies, and the world.

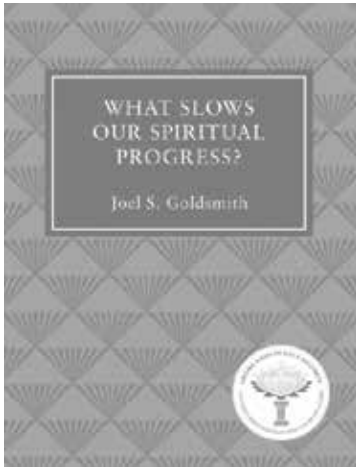

Truth

ASIN: 978-1-547277-67-4

PAGES: 40

\$6.00

Using the analogy of Moses leading the Hebrews out of captivity, the author teaches what it means to live in the world free from concepts and limitations. This is an excellent study about not only knowing the truth that God is universal Good, but about bringing that principle into realization. "There has to be some kind of a process, some kind of a realization with one, that makes it possible to make God a continuing experience."

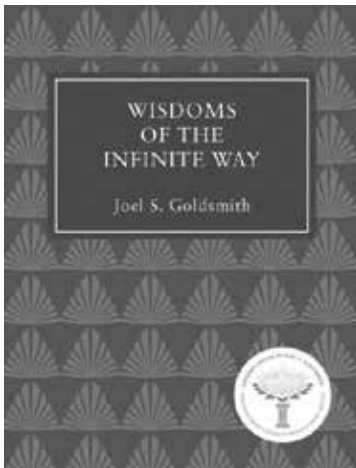

What Slows Our Spiritual Progress?

ASIN: 978-1-548000-50-9

PAGES: 48

\$6.00

This essay was originally presented as a session in the 1959 Chicago Open Class. In this talk, it is as if Joel Goldsmith had stepped down from the dais to come nearer to the room full of attendees to talk to each, personally, one on one. He says, “The main thing that disturbs me in my travels around the world meeting Infinite Way students and talking to them, is the slow progress they are making.” He continues: “Now in these years of travel, teaching, I think that I have glimpsed some of the reasons that our progress is so slow, and I would say the major reason is that we have not emptied ourselves of our former concepts of truth, and that we are trying to add to what we already know, something that is going to be the Messiah or Savior or healing principle.” This declaration by their teacher may have startled the students in attendance. However the specific instruction and guidance presented in this essay are a timeless wakeup call.

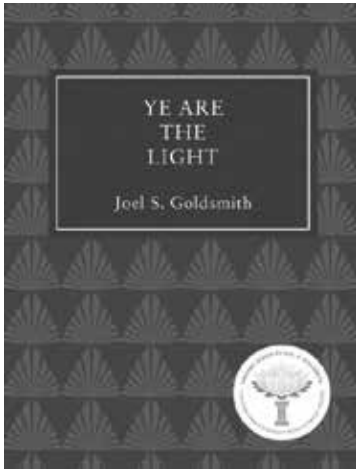

Wisdoms of the Infinite Way

ASIN: 978-1-548001-10-0

PAGES: 40

\$6.00

Over a two-year period, soon after the book *The Infinite Way* was published in 1947, Joel Goldsmith began to write down divine impartations that he received throughout the day and night. He shared these writings with one or two and then more of the growing number of students studying The Infinite Way, and they were so well received that a new section was added to the end of the book called “The Wisdoms.” The author encouraged students to take one or two of these gems into meditation and contemplation, until experienced within consciousness. These Wisdoms are deep and at times surprising. An example: “Attainment comes only as one is loosed from all concepts of Truth, and this comes only by Grace.”

Ye Are the Light

ASIN: 978-1-548001-47-6

PAGES: 36

\$6.00

This essay is not only a joyous message of love; it is a focused instruction about true being. “Jesus said, ‘Ye are the light of the world.’ Do you believe this?” The author writes, “Within you and within me, within individual consciousness is perfection—perfect health, perfect body, mind, beauty, harmony, eternal being. This spiritual self was never born and can neither age nor die. It embraces within itself every requisite

by right of this sonship as ‘joint-heir with Christ in God.’”
