## Enter the ideal accent.

Ask any homeowner who pays attention to detail. Accents are more than afterthoughts. They're essential when it comes to defining their home's personal character.

## Installs easily. Shows memorably.

SurEdge™ Trimboard's sharply defined 90-degree corners highlight the unique characteristics of a range of architectural styles. Its perfectly square edges make for a seamless, clean install. And it comes with a protective film that you can remove after installation to keep the trimboard clean. Plus, 100% cellular PVC makes SurEdge as durable as it is curb-appealing.

## What makes SurEdge such a sure thing:

- Square edge for seamless install
- True 90-degree corners
- Reversible
- Highly millable, free foam product100% cellular PVC
- Limited lifetime warranty

## SurEdge Trimboard is available in two finishes.
