### Distributor's notes

A new Rosé Petnat from Juan and Susana made from mostly Royal with 10% Bobal. The Royal grape is a pink-color on the vine and is almost extinct except for in this region. All of the grapes from these small parcels are farmed organically and taken into their garage winery for spontaneous fermentation with native yeasts in stainless steel tanks. With around 4 g/L of RS the wines are bottled under crown cap for Ancestral fermentation and aged with the fine lees for at least 3 months before being disgorged to order. No filtering, fining, or SO2 is ever added. This is the first vintage we have received of this wine and it is already a hit. Fresh, clean, and goes down all too easy. Dry, with exceptionally expressive bubbles . Very limited production.
