### Distributor's notes

100% Parellada, as a single-varietal wine, is already pretty rare to find here, and of course Albert makes it even more interesting with his carbonic maceration in 2019! He says this helps give the grapes, which are already very fine a bit more delicate complexity.

The grapes are grown organically, hand harvested and whole cluster fermented spontaneously, with 7 days maceration with the skins before pressing and aging for 8 months in stainless steel tank. Bottled unfinned, unfiltered, and with no sulfur. Tiny production of only 1,004 bottles - this one of the most rare and interesting wines he makes!
