Distributor's notes

A fun collaboration between 3 Catalan friends and well-known natural winemakers available only in Magnum. Just about equal parts of their individual grapes - Pansa Blanca (Oriol Artigas), Cariñena (Celler Frisach) & Ull de Llebre (Tuets) hand harvested, with maceration of all varieties for 7 days, spontaneous fermentation with native yeasts in stainless steel tanks. Ages for a further 10 months in stainless tank before being bottled unfined, unfiltered, with zero SO2. Annual production is 200 Mags.
