Distributor's notes

A rare 100% Pinot Noir from the south of Spain in Granada, organically farmed from a vineyard at 1,300 m altitude. Soils are predominately slate over stones, with very low water fall. Grapes are hand harvested, 50% direct pressing and 50% destemming, and all together macerated for 4-5 days in tank. Aged for 9 months in used French barrels. Bottled unfined, unfiltered, and zero SO2 in July 2019 the following year. Total production is 2,800 bottles.
