### Distributor's notes

100% Macabeu organically grown on white clay limestone slopes selected from a single vineyard - El Pauet gran (Rodonyà planted in 1956) with an age of 70-75 years in the Penedès. Grapes are harvested by hand in small boxes. Maceration with skins and partial stems for 5 days, smooth draining without pressing, spontaneous fermentation in stainless steel tank. The wine continues aging for several months after harvest with the fine lees before being bottled unfiltered, unfiltered, and with zero SO2. Production is 2,000 bottles.
