Proyecto Nakkal, An For Skin Contact White Wine (2022)

Producer	Proyecto Nakkal
Distributor	Zev Rovine Selections
Supplier/Importer	Selections de la Viña
Category	Wine - Still - White
Region	Canelones, Uruguay
Vintage	2022
Alcohol by volume	9.5%

Sizes

750 mL × 12 — SV-PN-07-22

Distributor's notes

100% Muscat Ottonel from vineyards located in "Las Violetas" (Canelones, Uruguay). They belong to a colleague with whom the friends are able to work on all year long. In the summer, they harvest manually at the optimum point of ripeness. It begins with 50% whole cluster grapes in cement tanks, fermented with native yeasts for 10 days. After fermentation they press the grapes and send the wine to an amphora, where it remains with part of its skins for another 30 days. Once the maceration is finished, the wine is racked twice in the waning quarter of the moon, and bottled - unfined, unfiltered, and with zero added SO2.
