Grape variety	Godello
Region	Galicia, Spain
Appellation	Ribeiro
Vintage	2021
Alcohol by volume	13.0%

---

### Sizes

**750 mL x 12 — SDIV-0021-21**

---

### Distributor's notes

100% Godello from a plot called "A Falcoeira" area in "O Bolo" (which is technically within Valdeorras, but a wine without DO designation). A high area on a steep hillside (600-650m elevation) with granitic sandy soils and slightly decomposed Xabre. Mixture of vines with around 30 years of age. Grapes are harvested manually in the first week of October. Fermentation in used 2500L foudre, at a very low temperature with its lees. Aged for 8 months in the same foudre. Annual production is 3,100 bottles. On the label is an illustration of the mountains depicting where the grapes from this plot are coming from on the mountain.

The extraordinary freshness and depth provided by these vines at altitude give us a different, fluid, elegant and tasty wine. Altitude means greater freshness and acidity. Fermentation and aging in barrels provides more volume, voluptuousness and complexity. Great aromatic intensity, minerality and fruitiness on a creamy background.

Vintage Report 2021: With cold winters and a cold spring, delayed fruit set and the wine cycle. Flowering in mid-June was followed by a cooler summer, with rain before the harvest and a sunny September with cold nights. A typical year from decades past. The cold nights maintained the acidity that provided freshness and balance.
