Subregion	Bío-Bío Valley
Appellation	Secano Interior Yumbel
Feature	Orange wine
Vintage	2022

Sizes

750 mL × 12 — SDLV-0123-22

Distributor's notes

One of Cacique's most popular wines - 100% Moscatel de Alejandria with about 30% botrytis, 2 months in skin contact and spontaneous yeast fermentation in concrete. Vines are dry-farmed and grown organically over volcanic soils. There is no movement on the skins or lees and the wine finishes and settles in stainless tanks for several months before bottling. Unfined, unfiltered, and zero SO2. A hazy, aromatic orange wine that everyone goes crazy about.
