Sizes

750 mL × 12 — SDIV22-0103-21

Distributor's notes

100% Airen, ungrafted old vines, grown organically and hand harvested. 100% Destemmed, 2 days of skin contact, fermentation with native yeasts, 50% pressed off skins and the rest remains in cement deposits until bottling, less than a year. Darker golden in hue, with more stone fruit/fruit peels than the Pelá Blanco, as you would expect. Delicious, with a super easy finish. Annual production is 922 bottles.
