- Optional Touchless Sensor for Faucet: Rechargeable sensor available for contact-free washing. Charges in place through micro-USB charger.
- Total Weight: Kids Unit- 114lbs; Adults Unit- 125 lbs Designed for Indoor Use Only.

How does the optional touchless facuet accessory work?

The rechargeable touchless sensor attaches to the faucet head (arrives pre-installed).

When the pump is on and the faucet is turned on, the faucet turns on and off with touchless motion.

The sensor battery life is approx. 4-6 weeks, it is recharged in place through a micro-usb charger.
