SOUTH TEXAS YOUTH SOCCER ASSOCIATION AND FEARLESS & CAPABLE ANNOUNCE PARTNERSHIP TO SUPPORT FEMALE COACHES, REFEREES AND ADMINISTRATORS

ROUND ROCK, TEXAS – South Texas Youth Soccer is thrilled to announce the newest organization partner, Fearless & Capable. The partnership between Fearless & Capable and South Texas Youth Soccer will focus on supporting female coaches, referees, and administrators across the state. With the resources and programming offered by Fearless & Capable, we aim together to provide the opportunities for meaningful mentorship from women working in soccer from across the country directly to the females working in South Texas.

Female coaches, referees and administrators will be able to join the growing Fearless & Capable membership program, and explore one-on-one mentoring sessions with a trained mentor to grow their skill sets in a holistic and supportive environment.

South Texas Youth Soccer Association's Executive Director, Jennifer Davis, stated,

"In what we saw and knew of the Fearless & Capable mentorship program, we recognized an alignment in their mission and our initiatives to attract and retain more women in the game. We believe the program will be a benefit to not only our state programming, but also to our member associations and clubs and the women working for them. We look forward to integrating the mentorship program and supporting the women working today, and tomorrow, in our game."

Fearless & Capable owner, Candice Fabry, stated,

"I have had the privilege of working with many of the South Texas Youth Soccer staff, and each of them are individuals you know are committed to the advancement of the game in every way. Our mentors and I are ready to connect with members and help to support a consistent, relatable program that aims to help retain more women in the roles of coach, referee, and administrator."
