Gateway™ Height Adjustable Table
busk + hertzog

The award winning Gateway™ Collection is expanding with the introduction of battery operated Gateway™ Height Adjustable tables. Designed to work with other Gateway™ designs, the new series can seamlessly change your working position from sitting to standing at the push of a button.

Gateway™ Height Adjustable tables can easily be adapted for open plan working environments, touchdown spaces, meeting tables and break out areas alike. Gateway™ includes multiple table options that also integrates flexible power, data and video connectivity. Table tops are available in wood veneer or laminate with optional ecooustic privacy panels. Re-chargeable Battery discreetly mounted to the underside of the table makes re-configuration simple with no cords to manage. Available on glides or low profile locking casters. Optional upholstered privacy panels allows privacy in open environment.
