Description

The combination of height-adjustable project table and independent wing elements provides a highly flexible conferencing solution.

The project table (56"L x 30"D x 26 1/2" - 44"H) provides users with the option of addressing or presenting to the meeting while seated or standing.

By rotating the individual exterior wing elements, the layout of the meeting can be completely altered to suit the intent.

The optional aluminum pencil stop adds a subtle detail along the length of the wing elements. Partial wood modesty panels are standard.

Mirror-Polished
