Vox® Double Sided Forum

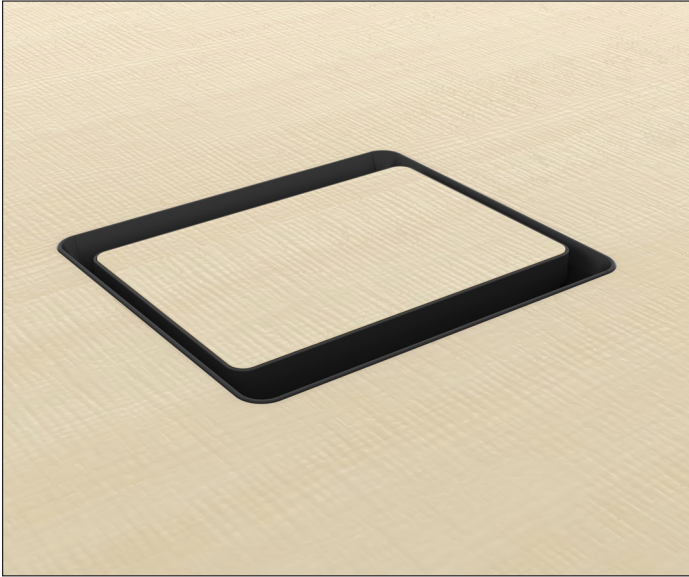

Features

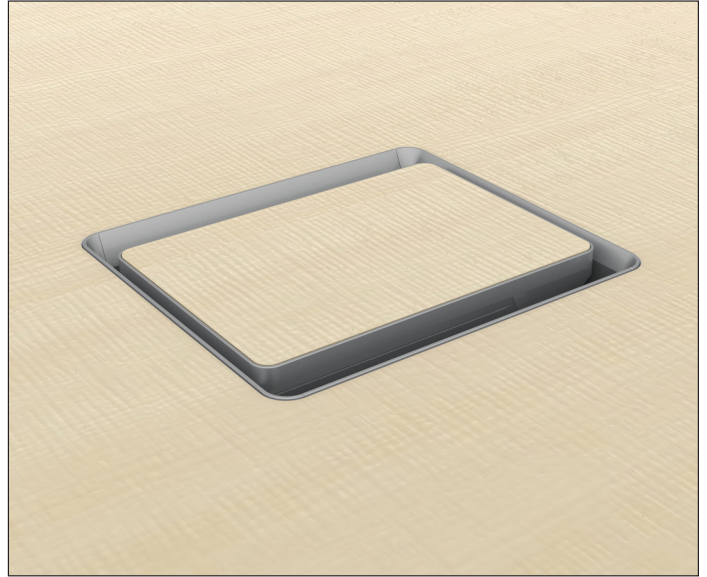

- Vox® Double Sided Forum has a multi directional hinged lid for access on either side of the table. The Double Sided Forum sits flush with the table top. The lid is in the same finish as the work surface. A thin aluminum bezel lines the cutout on the table top and lid for added durability.
- The Double Sided Forum is available as a 4 module configuration. Modules are specified as either Power/ Charging, Data/AV, Split plates, or Retractors.
- Modules can be interchanged or moved if Power or AV needs to be changed.
- Power modules contain 3 simplexes or 2 simplexes and USB-A or USB-C charging. Power units are available with a pre-wired cord, hardwired feed or a daisy chain feed.
- Data/AV plate contains 4 fittings. The individual fittings can be interchanged or the entire plate can be interchanged.

Finishes

Vox® Double Sided Forum is made out of sturdy aluminum construction with a durable powder coated finish. The body is available in black, grey or white powder coat. The lid is matched to the veneer or laminate on the table top. Custom powder coat colors are available but may affect price and lead times.
