VENEERS

All wood surfaces are protected with a durable polyurethane clear laquer which includes UV inhibitor. This finish is known for its exceptional durability, as well as abrasion, chemical, impact and scratch resistance. Standard sheen level is 45 degrees. Optional 5, 10 and 35 degree sheen levels are available on request at no additional cost.

VENEER GRAIN OPTIONS

Nienkämper products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All veneer furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut.

Self and Taper edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

P-LAM

Wood grain plastic laminate surfaces are available on table tops with Facet and Taper edges.

These tops are manufactured with a solid wood edge that is applied prior to the laminate top surface. This method conceals the thickness of the wood edge, while providing the durability required. Wood edges are selected that most closely resemble both the species and the color of the laminate chosen

Nienkämper has pre-selected a number of standard wood grain plastic laminates that represent a cross section of both color and species. Simply include the order code with the model number to make these selections. Alternatively wood grain plastic laminates selected outside of Nienkämper's standard selection can be made by specifying the manufacturer as well as the description and model number of the laminate at the time of order.

To specify the wood grain laminate required simply add the Order Code WL_ to the model number of the product.

Wood grain laminate samples are available from your local sales representative or by calling Nienkämper's customer service department at 1-800-668-9318.

P-LAM

COLOURED P-LAM

Both Taper and Facet edge profiles are available with a colored laminate top.

Laminate edging on Taper tops. Edging will match the top surface and is applied prior to the surface laminate. By applying the laminate in this way the seam is positioned horizontally, is much less conspicuous as well as more durable.

Wood edging on Facet and Taper Edge tops is applied prior to the laminate. By applying the wood edge in this way the thickness of the wood edge is concealed, while providing the durability required. Wood species and finishes for edging, can be selected from page 4.

For laminates specified outside of Nienkämper's standard selection, specify the manufacturer as well as the description and model number of the laminate selected at time of order. For Facet edge tops, the laminate must be a post forming grade.

Translucent edging on Taper edge tops is applied after the surface laminate. The translucent edge is very durable. Clear translucent edge provides a good match with most white colored laminates, while silver translucent edge provides a metallic look and contrast to colored plastic laminates.

FINGERPRINT RESISTANCE P-LAM

Fingerprint Resistance Plastic Laminate is an innovative material created for interior design applications and is suitable for both vertical and horizontal interior applications on our nienkamper furniture.

The external surface of Fingerprint Resistance Plastic Laminate involves the use of nanotechnology made possible by next generation acrylic resins.

The unique composition offers extraordinary features coupled with a unique user experience. These include an ultra matte surface (eliminating glare), an ultra sofa feel, an anti-fingerprint surface, thermal healing of micro-scratches, increased durability as well as anti-bacterial and mold-resistant properties.

Edgeband with matching color to the Fingerprint Resistance Plastic Laminate is only available on taper edge. For 1" or 1-1/4" thick top with self edge, same Fingerprint Resistance Plastic Laminate can be specified for the self edge or it can be in clear/silver translucent edge.

There is a 10% upcharge on our standard plastic laminate table pricing for Fingerprint Resistance Plastic Laminate.

VOX® FLIPTOP™ MEETING TABLES

BASE AND STORAGE INFORMATION DESIGN - MARK MÜLLER

Vox® FlipTop™ Base Design - This versatile design allows the top of the table to rotate into a vertical position for storage.

Each leg is independently locked at the top of the leg with a small catch. Moving the catch to one side locks or unlocks the base from the top. A small colored mark indicates the catch is in an unlocked position.

Low profile plastic casters are individually locked by depressing with the tip of a foot.

Hollow leg assemblies house gas cylinders that provide a neutral balance to the top. A stabilizer rail runs between the leg assemblies providing both structure and wire management.

Flush Legs - This option (pages 13-19) allows multiple tables to be joined together while maximizing knee space to the users. Seams between tables are never used as work areas.

Inset Legs - This option (pages 20-27) maximizes the number of users allowing seating at the end of tables

VOX® FLIPTOP™ MODESTY PANELS

Photography Design – Mark Müller

Vox® FlipTop tables can be specified with modesty panels. Standard options include veneer to match the top, laminate with translucent edging to match the top, or anodized-aluminum.

A unique flexible hinge joins the modesty panel to the tabletop. When the top is flipped up, the panel aligns with the top and swivels out of the way.

FORUM INFORMATION

DESIGN – MARK MÜLLER

Vox® FlipTop™ tables can be specified with optional Vox® Forums. Pre-wired “S-Series” Forums as well as “T-Series” Forums are available.

“T-Series” Forums have an added benefit of removing voice/data/power cords directly from the Forum, to be connected when required. This feature also gives the user the option of specifying longer cables when needed.

“S-Series” Forums offer a broad range of pre-wired connections in a slightly larger format than T-Series Forums.

A rail joining the two table legs acts as a stabilizer for the table and along with wire management clips provide a convenient place to store cables. For complete Vox® Forum details refer to the Vox® Conference Price List

The “T-Series” Forum is available in 2 sizes 4 1/2” long and 6” long. Power, voice, and data cables can be detached from this Forum for ease of reconfiguring multiple tables or for applying longer cords.

VOX® FLIPTOP™ CABLING

Photography Design – Mark Müller

When Vox® FlipTop tables include Vox® Forums, cables are routed along the length of the aluminum rail and held in place with plastic wire management clips provided.

This method allows cabling to be located to either side of the table, and connect to the most convenient outlet.

When tables are not in use the same cabling can be easily stowed along the rail with the wire management clips.

Once cables have been located to either leg they can be discretely routed to the floor inside a wire chase that runs up the center of the interior of each leg. A continuous flexible rubber strip holds the cables in place terminating at the base of the leg with a slot that allows the cables to exit the leg.

VOX® FLIPTOP™ CONFERENCE TABLES

Forum Information Design – Mark Müller

Vox® Infill FlipTop™ tables can be specified with Pre-wired “S-Series” Forums in a range of configurations. A rail joining the two table legs acts as a stabilizer for the table and along with wire management clips provide a convenient place to store cables. For complete Vox® Forum details refer to the Vox® Conference™ Price List.

TERMS AND CONDITIONS OF SALE

PRICES

All prices are list prices, freight included, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States.

Brokerage is paid by Nienkämper for product shipped to the United States.

Due to existing conditions in regard to cost of labor and materials, we reserve the right to change prices without notice.

TERMS

Net 30 days from date of invoice to accredited buyers. Two per cent (2%) interest charged monthly on overdue accounts. Deposit of 50% is required with order. Terms will be established upon credit evaluation. Due to delays in processing references, first orders may be treated as C.B.D. orders.

ORDER CONFIRMATION

Orders are accepted upon issuance of our order confirmation and are subject to the terms set forth therein; notwithstanding any variance from the terms of the buyer's order form.

Nienkämper is not liable for any delay or failure to deliver caused by labor or transportation difficulties, accidents, acts of God, failure of sources of supply, or other causes beyond our control, and changes will affect the delivery date.

CHANGE OF ORDERS OR CANCELLATIONS

Changes or cancellations are subject to our ability to conform. A charge will be levied against canceled or changed orders based on costs already incurred by Nienkämper. All changes must be in writing and submitted on a revised purchase order. Changes will affect the delivery date.

STORAGE

If goods cannot be accepted when ready, we may transfer them to storage (which is to be deemed as delivery for invoice purposes). The customer accepts risks and will be charged at prevailing rates.

FREIGHT

Prices include freight charges, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States. Packing and/or crating are available, if required, upcharges apply.

CLAIMS

All furniture is given to the carrier and signed for in good condition. It is the responsibility of the receiver to sign for the goods in the presence of the carrier and note the condition in which they are received. Freight claims should be filed with the carrier.

WARRANTY

There are no express or implied warranties, conditions and obligations of the manufacturer, whether statutory or otherwise that extend beyond the description on the face hereof. Our furniture is made to the highest standard and is warranted free from defects of material and workmanship for five years from the date of delivery. During the warranty period we will repair or replace such merchandise as shall prove to be defective, during normal usage in accordance with manufacturer's specifications. The manufacturer shall not be liable for defect wholly attributable to normal manufacturing process. Replacement or repair of the Product shall be the sole remedy of the Customer, and the manufacturer shall not be liable for any direct, indirect, incidental, or consequential loss or damage suffered by the Customer by reason of any defect in workmanship or manufacture of the Product or inability to use the Product. Moreover, this warranty does not cover accidental damage, abuse, alteration, ordinary wear and tear of Goods, negligence and misuse nor variations over which we have no control such as heat or humidity or damage to which the Goods are connected that is not attributable to the failure of the goods themselves. This warranty is null and void when the product is installed with hardware other than that supplied and/or when installed differently than recommended in the installation guide. Modification to the product or hardware may result in failure of the product and cause damage and/or injury.

WOOD FINISHES

Nienkämper offers a wide variety of standard light finishes on cherry, mahogany and figured anigre wood veneers, and a clear natural finish on figured anigre, figured sycamore, maple, bird's eye maple and curly maple.

Light finishes do not mask the grain and other characteristics of each wood species. It is important to understand that pieces of the same type of wood will not look identical when a light finish is used. The appearance of the finish will also depend on the natural color of the veneer. Cherry darkens over time as the wood ages. Pin knots and gum pockets are inherent traits.

Wood is a naturally variable raw material; its variances are not within the furniture manufacturer's control and are therefore not considered defects under this warranty.
