Lake Quality presented by PLM was presented in the LCIA Meeting.

Discussion by Commissioner Kevin Mauer was done during the LCIA Meeting.

John Parker presented the threat of Zebra Mussels. Currently in the river exiting Lake Fishtrap is infested. John stated that early detection was the best way to start a control program. PLM indicated that they have detection devices available and that our lake should have about 10 scattered around the lake.

Adolph reported on the status of the Secci readings. Reported that we are in the class of lakes that show no indication of improvement or decline.

Presented the results of the vote on a levy of \$14.86 per land owner in order to raise \$2000.00 for the 5 year audit. Recommendation passed 25 to 0.

Presented the results of the ballot for 2 Directors whose term had expired. JJ Parker and Tina Snell were elected .

Board was advised that we are due for a 5 year review and audit. Board will get bids for that audit and proceed with an audit of the most current year.

Adolph presented the progress on the effort to change to allow 3 non resident directors on the board due to the lack of permanent residents avail for the board. Adolph suggested we bring that up at the next annual meeting.
