

# Number Explorer Missions

Using both hands, hold up 10 fingers

Give your Grownup 2 high-fives

Spot the number 10  
when you are out

Bonus challenge: find the number 1  
ten times when you are out

## Play Together

How Many Ones? Look at the numbers at the top of each grid. Using different coloured pens or pencils, take turns with your little learner to colour each square in the column until the number of coloured squares is the same as the number at the top of the column. Challenge your little learner to count as you colour.

For your next mission, find the episode 'Just Add One'
