ABOUT

Richard Swope joined HHM in 2017. He has over 35 years of experience providing accounting, tax, and auditing services to clients in a wide range of industries. He is responsible for monitoring compliance of the firm's auditing standards, audit workpaper reviews, and audit staff training.

Richard's audit and tax clients range from construction, wholesale and retail trade, medical, 401k plans, churches, governmental, and other non-profit areas. Richard says his father instilled important traits such as commitment and attention to detail in him from an early age, and they have stuck throughout his career.

Outside of work, Richard enjoys playing golf, attending church, and spending quality time with his wife and two nieces in Memphis.
