TIPCO
TECHNOLOGIES, INC.

Customer First, Always!

Mission Statement

TIPCO will always meet then exceed our customers' expectations for the purpose of creating a new standard of excellence.

Core Values

Our goal is to listen and provide timely, effective support to end users encountering challenges in their Life Sciences or High Purity applications.

TipcoTechnologies has a 125+ year history of meeting and surpassing expectations, with premier suppliers who excel at product processing and fluid conveyance. TIPCO also strives to stay informed of new practices as we focus our commitment to each customer's success.

By making your requirements a priority, TIPCO promotes profitability using an enhanced competitive advantage.

TIPCO Technologies is the Mid Atlantic's leader in fabricating flexible solutions for the food, beverage, and mirco brewery markets. With TIPCO Technologies vast inventory of sanitary hose, fittings, and accessories you can count on the industry's most respected world class brands supported by our highly trained and responsive sales team.

Our FDA products include:

- Rubber Transfer and Process Hose- 3A Fabrication Approval & Continental Star Certified
- Fluoropolymer Lined Hose Assemblies, PTFE Site Tube assemblies
- PVC - Braided & Unbraided hose & tubing
- Industrial Hose - All types including wash down, air & material handling
- Sanitary Fittings - Tri-clamp, Bevel Seat, DIN & John Perry
- Sanitary Gauges & Pressure Transmitters
- Washdown - Hose, Nozzels, Washdown Stations & Hose Reels
- Gaskets - Sanitary, Custom Cut White Nitrile, Silicone, Viton®, Buna, EPDM, and Teflon®
- Pumps & Valves
- O-Rings - Silicone, Viton®, EPDM, Buna

TIPCO Premier Manufacturing Partners:

ContiTech is a specialist manufacturer of fluid transfer systems, flexible hoses and couplings. These items are used in hydraulics and specialist systems in the oil and gas industry. ContiTech is part of the Continental group of companies, as well as having subsidiaries of its own

Located in Janesville, Wisconsin, VNE Corp. is a leading manufacturer of stainless steel fittings, valves, and related products for sanitary applications. TIPCO offers the full line of VNE products, including stainless steel tubing + custom fabrications, with full service and local support.

Carrying a 3-year warranty on liquid filled gauges and pressure transmitters, NOSHOK Sanitary Pressure Instruments provide unsurpassed quality and reliability. Your TIPCO representative can supply pressure instruments using current 3A standards, as well as ASME BPE-2002, in a variety of configurations suited to meet your requirements.

Using only specially formulated materials certified to meet the criteria of the FDA, 3A Sanitary and USP Class VI Standards, Newman manufactures high quality sanitary gaskets, o-rings and seals. TIPCO offers tri-clamp style gaskets in a variety of sizes, as well as custom lid and door seals. Materials include EPDM, Buna-N, Silicone, Viton® and Teflon®.

With well-known brand names like Tygon®, Sani-Tech®, Acutech®, ReSeal®, Flexible Components, and BarbLock®, Saint-Gobain offers the largest selection of polymer products available in the industry from one manufacturer. From tanks and valves to hoses and tubing, TIPCO can meet your most critical fluid handling requirements.

Colder Products Company (CPC) is the worldwide leader in the design and manufacture of controlled performance connections that allow flexible hose and tubing to be easily connected and disconnected. TIPCO is an authorized stocking distributor for Colder medical devices, chemical management, bio-processing and food & beverage connections.

Rubber Fab is a leading manufacturer of sanitary gaskets, clamps, and o-rings. Hygienic seals are used in the Biotech, Pharmaceutical, Dairy, Food and Beverage industries.

Parker-PAGE International Hose is an industry leader in providing engineered fluid management and chemical transfer solutions for Pharmaceutical, Semiconductor, Food and Chemical Process Industries. As an innovator in the design and production of seamless convoluted semi-conductor and smooth bore braided hose assemblies, PARKER-PAGE offers custom manufactured hoses from PTFE and PFA.

For safety & dependability, count on TIPCO and genuine Dixon parts for a winning combination. TIPCO has Dixon clamp, weld, bevel seat, I-Line, European and other styles in a variety of sizes ranging from 1/2" to 12" as well as a complete line of BioPharm fittings from 1/2" to 6".

AdvantaPure, the high purity products division of NewAge Industries, manufactures and stocks large quantities of tubing and hose as well as single-use disposable molded assemblies for the pharmaceutical and biopharmaceutical industries. Materials include PVC, silicone, polyurethane, fluoropolymer, TPR (thermoplastic rubber), nylon, polypropylene, polyethylene and more. FDA, 3A, NSF, USP, Class VI certified.

Afex's Corroline+ hose was designed to provide customers with a universal smoothbore, kink resistant, flexible PTFE product that meets the requirements of today's chemical plant applications.
