

JOSEPHINE ALEXANDRA BRENNAN

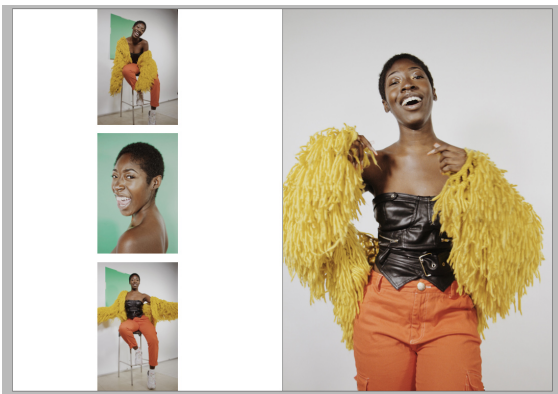

BA (H) FASHION COMMUNICATION & PROMOTION

I am a meticulous, enthusiastic graduate with a positive attitude. Drawing creative inspiration from music, fashion, art and wider cultures has given me the ability to effectively communicate ideas and solutions using an array of comms platforms. I have focused my final year project on celebrating the history and heritage of music via visual storytelling. This is something I am eager to take forward in a music or fashion-based industry in the future.
