

SARAH ELLIOTT

BA (H) GRAPHIC DESIGN

I am Sarah Elliott aka Team Yella! I enjoy working in most areas of design but particularly love branding, typography and traditional printing methods. Here are images of all five of my final year projects. I designed:- a leaflet to celebrate the song Baba Yetu by Christopher Tinn, a social media campaign to promote Fossil to 18-24 year olds, a typeface design called 'Apical' and typographical posters to celebrate biophilia, hand sanitising branding for a reusable pen called 'bubels.' and greeting cards designed for students graduating in the pandemic. To learn more about these projects please visit my website, where you'll also find some other interesting projects that I have worked on.
