

PHOEBE HOWARD

BA (H) DESIGN FOR FILM & TV

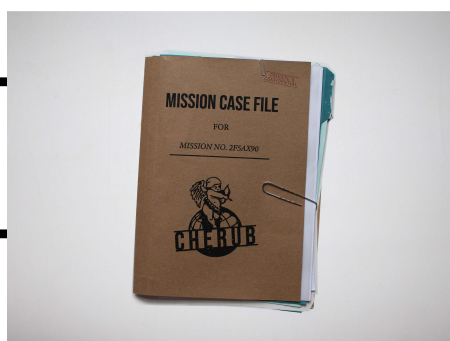

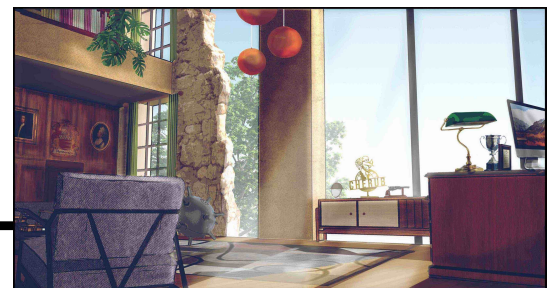

My three years at Nottingham Trent studying design for film and television have given me invaluable experience and skills for a career in the art department. I find designing for film and tv to be a truly fulfilling and exciting creative process, from the early research stages to fully realised sets. I especially love creating period accurate pieces, and designing architecture and environments for fantasy projects. Film and tv are some of the most inspiring and collaborative creative outlets, and I am looking forward to making my own contribution to the industry. My work experience:

- 23rd March 2020, Hollyoaks, Lime pictures.
- 23rd February 2020, the Rumour Mill, Bexie Bush, John Smeldley's mill.
- 4th-15th March 2019, Dracula for BBC, Hartwood Films Limited. To see more of my work, you can visit my website and Instagram page.
