## BA (H) DESIGN FOR FILM & TV

I'm a 2021 graduate of BA (Hons) Design for Film and Television at Nottingham Trent
University. Studding this course has help me to develop and refine my design skills and has helped me fully visualise design projects, while working to a brief. I've always enjoyed being practical with my designs which makes me a very hands on worker. I am always eager to lean from other people to expand my knowledge, I enjoy new challenges and finding creative solutions to overcome problems.
