

ZAYNADEEN SUMMAD

BA (H) GRAPHIC DESIGN

Hello, I am Zaynadeen.

Throughout my time at Trent, I have been able to explore a wide range of mediums from print and textiles to 3D digital design. I went from being primarily an illustrator, something that I still love to do, to the kind of designer who has their fingers in every pie. My professional work focuses on digital, and I am happy that I got to explore as well as develop my motion and 3D skills throughout this year – creating models such as 3D robot pigeons and examples of packaging. However, I also love to use craft, whether it be rug pulling or pottery, and I am looking forward to combining these very different mediums together. I'm looking forward to what the future brings whatever my next project be and hope that I am able to continue exploring and developing my skills in multiple mediums.
