

# LEIGH JUBB

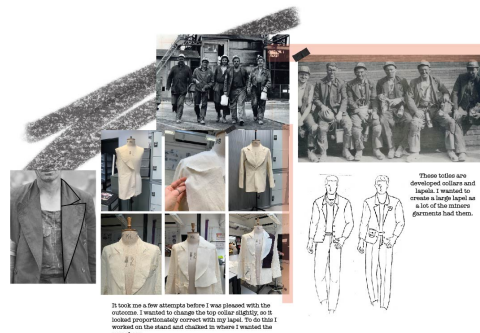

## BA (H) FASHION DESIGN

Hi, I'm Leigh and I'm a Fashion Design graduate from Nottingham Trent University. Fashion has always been an area of study that has interested me from a young age. Sewing is definitely my main interest as I've always liked to sew and construct my own clothes. From studying fashion design for many years I've taken more attention to Menswear as to me it's all about the functionality and technicality, which is something I find really interesting. In the future I would like to be a sample machinist for a High End/Luxury menswear brand as I feel I can show my skills and learn more industry standard manufacturing abilities. Recently my outfit for my final major project was showcased on London Graduate Fashion Week. It's always been a competition I have looked forward to applying for and I'm so grateful to have had this opportunity at the end of my degree.
