# FYB GRAVITY2CM

## Course Duration

½ hour

## Delivery Mode

Remote training session via Microsoft Teams

Training is delivered within your environment to contextualise the training to your setup and build version

The training session will be recorded and provided upon conclusion of training for your reference

## Pre-requisites

Content Manager Introduction and Intermediate

## Audience

Suitable for Content Manager Administrators, Content Manager Record Managers and Gravity Administrators.

This training course allows you to have up to a maximum of 10 trainees to attend.

## Overview

This training course provides attendees with an understanding of how FYB's Gravity2CM can be used to capture information from Gravity Forms into Content Manager.

Attendees will learn how to view and understand the Gravity2CM configuration settings, and capture information into Content Manager.

## Topics

This training course will cover the following:

▸ Capture the results of Gravity Forms withing Content Manager Folders

▸ Apply Actions or Workflows to the results from Gravity Forms

▸ An understanding of the settings within Gravity2CM

Please note that the provision of training materials or digital handouts are not included in the training. However, online help guides are available to reference and quotes for custom training materials can be provided upon request.
